	• Conferences/Seminars/Workshops/Lectures	85-100			
	• New Equipment Installed	101-102			

HISTORY

About Us

The Government of India collaborated with the British Government to set up an Institute of Technology in Delhi. Initially, the British Government was inclined to start in a modest way. It was therefore agreed that a College of Engineering & Technology should be established in Delhi with their assistance.

A trust named the Delhi Engineering College Trust was established with the help of the UK government and the Federation of British Industries in London. Later, H.R.H. Prince Philip, Duke of Edinburgh, during his visit to India, laid the foundation stone of the college at Hauz Khas, Delhi, on January 27, 1959.

The College of Engineering & Technology was registered as a society on 14th June 1960 under the Societies Registration Act No. XXI of 1860. The first admissions were made in 1961. The students were asked to report at the college on 16th August 1961, and the college was formally inaugurated on 17th August 1961 by Prof. Humayun Kabir, Minister of Scientific Research & Cultural Affairs. The college was affiliated with the University of Delhi.

Established as the College of Engineering and Technology in 1961, it was later declared an Institute of National Importance under the 'Institutes of Technology (Amendment) Act, 1963,' renamed as the "Indian Institute of Technology Delhi," and accorded the status of a deemed university.

Presently, Indian Institute of Technology Delhi is one of twenty-three IITs for higher education, research and development in science, engineering & technology, humanities & social sciences, Public Policy, and in management in India. The others are at Bhilai, Bhubaneswar, Bombay, Dhanbad, Dharwad, Gandhinagar, Goa, Guwahati, Hyderabad, Indore, Jammu, Jodhpur, Kanpur, Kharagpur, Madras, Mandi, Palakkad, Patna, Roorkee, Ropar, Tirupati, and Varanasi.

STATUS

Indian Institute of Technology Delhi is an autonomous statutory organisation of the Government of India, functioning within the “Institutes of Technology Act, 1961” as amended by the “Institutes of Technology (Amendment) Act, 1963”. It is accorded the status of a deemed university with powers to frame its own academic policy, to conduct its own examinations, and to award its own degrees. The Institute was declared as an “Institute of Eminence” by the Government of India in 2018

IIT Delhi is one of the twenty-three Institutes of Technology coordinated by an apex body known as IIT Council with the Minister for Education of the Government of India as its Chairperson.

CAMPUS

The Institute campus extends over an area of 320 acres. Tastefully laid out with the picturesque landscape and with numerous buildings of various types and, with clean and wide roads, the campus presents a spectacle of harmony in architecture and natural beauty. The campus area has been divided into four functional zones:

- Residential zone for students;
- Residential zone for the faculty and other supporting staff;
- Academic zone for academic buildings and workshops;
- Cultural-cum-social and recreational zone for students.

The site being longitudinal in shape, the academic and social-cum-cultural zones have been located mid-way between the two residential zones. The campus provides several essential amenities for community living like hospital, shopping center, banks, post office, community center, staff club, students’ activities center, stadium, playing fields etc.

IIT Delhi has been extending its boundaries. An extension campus has been established in Sonapat, Haryana, over 50 acres of land allocated by the Government of Haryana. In the year 2023, IIT Delhi established its international campus in Abu Dhabi, UAE. The IIT Delhi– Abu Dhabi campus is a visionary collaboration between the UAE and India. It represents the two governments’ commitment to providing a world-class learning environment for students, faculty, and researchers in the UAE and across the globe.

IIT Delhi – Abu Dhabi, UAE

IIT Delhi - Sonipat, Haryana

VISION

- To contribute to India and the World through excellence in scientific and technical education and research; to serve as a valuable resource for industry and society; and to remain a source of pride for all Indians.

MISSION

- To generate new knowledge by engaging in cutting-edge research and to promote academic growth by offering state-of-the-art undergraduate, postgraduate and doctoral programmes;
- To identify, based on an informed perception of Indian, regional and global needs, areas of specialization upon which the Institute can concentrate;
- To undertake collaborative projects which offer opportunities for long-term interaction with academia and industry;
- To develop human potential to its fullest extent so that intellectually capable and imaginatively gifted leaders can emerge in a range of professions.

VALUES

- Academic integrity and accountability.
- Respect and tolerance for the views of every individual.
- Attention to issues of national relevance as well as of global concern.
- Breadth of understanding, including knowledge of the human sciences.
- Appreciation of intellectual excellence and creativity.
- An unfettered Spirit of exploration, rationality and enterprise.

Message from the Director

Prof. Rangan Banerjee

IIT Delhi is pleased to release its Annual Report for the year 2024-2025 and I am delighted to share with you the highlights of our major activities, achievements and initiatives.

The year 2024-25 has been eventful for the Institute. As an Institution of Eminence, we continued to attract the best students from across the country. Our admissions remain highly selective and competitive with only a small fraction of applicants – less than 1% being successful.

The 55th Convocation of the Institute was held on 10th August 2024. Shri Hari S. Bhartia, Distinguished Alumnus and Co-Chairman and Founder, Jubilant Bhartia Group, was the Chief Guest. Distinguished Alumni Awards and Graduates of Last Decade (GOLD) Awards were also presented.

On September 2, 2024, His Highness Sheikh Khaled bin Mohamed bin Zayed Al Nahyan, Crown Prince of Abu Dhabi, inaugurated the Abu Dhabi campus of IIT Delhi. He also welcomed its first batch of Undergraduate students.

On January 27, 2025, IIT Delhi released a 'Research Impact Report' to mark the Institute's 67th Foundation Day, highlighting the Institute's contribution to nation building through research and innovations in the last seven years. On 18th March, the Prime Minister of New Zealand, Hon. Christopher Luxon, chaired an education-focused event at IIT Delhi.

Our campus celebrated the annual festivals Tryst, Rendezvous, Kaizen, Sportech and sports and cultural events. We continue to do well in academics and research and are now rated 26th globally in engineering and 150th overall in the QS rankings.

We have completed a comprehensive curriculum review and revamp. Our new curriculum provides flexibility, a focus on learning by doing and provides an emphasis on sustainability and artificial intelligence. We have also modified our Ph.D. curriculum to emphasize producing independent ethical researchers who can use transferable skills in professional settings.

We have started a new B.Tech. in Design, a Bachelor of Science in Chemistry, M.Tech. and MS(R) in Photonics and a Joint Master's Programme in Biological Sciences with Sorbonne University.

In our Abu Dhabi Campus, we have launched a Ph.D. programme in Energy and Sustainability and a new B.Tech. programme in Chemical Engineering.

We have had several new research initiatives – as a part of the national quantum mission, IIT Delhi was selected as the Technology Hub for Quantum Materials and Devices. We have several industry funded research centres – one interesting model is the newly launched Centre of Excellence by Hyundai on Electric Vehicles, advanced storage – this centre includes a partnership with IIT Bombay and IIT Madras.

During the year, we had several technology transfers in the area of defence– bulletproof jacket, extreme cold weather clothing, extreme heat clothing, indigenous ballistic material – this was a DRDO-IIT Delhi-industry partnership – these transfers were done in the presence of the Hon'ble Raksha Mantri Shri Rajnath Singh.

IIT Delhi and DRDO demonstrated an indigenous experimental free space quantum secure communication using quantum entanglement over a distance of more than 1 km on the IIT Delhi Campus. This paves the way for quantum secure communication.

We installed several high-end characterization and fabrication facilities on our Hauz Khas and Sonepat campuses. The new SATHI-CRF building in Sonepat provides additional research laboratories and facilities accessible to all researchers nationally. We have recently installed a research MRI facility. This provides an excellent addition to our capabilities in interdisciplinary research in healthcare.

We would like to acknowledge the support received from the Ministry of Education, sponsoring agencies, collaborating industries, institutions and alumni. We acknowledge the support received from the Chairperson and Members of the Board of Governors, and from all our colleagues, staff and students.

The Institute looks forward to working towards its vision of being the pride of all Indians and contributing to creating a Viksit, Atmanirbhar Bharat.

Jai Hind !

Director

Indian Institute of Technology Delhi

2024-2025 Key Highlights

(I) Academics

- Curriculum Revision: After more than a decade, the Undergraduate, Postgraduate and PhD curricula have been revised. The revised curriculum comes into effect in the academic year 2025-26. Revised curricula focus on flexibility, hands-on learning, and environmental & sustainability.
- Number of graduates increased by 12.68% in 2024 compared to 2023.

(II) Training & Placement

Placement 2024-25: An overview

Job Profiles	Companies Recruited	Total Job Offers*	Students Placed
534	378	1481	1359

(* Some Students got Multiple offers)

Exit Survey 2024

An exit survey commissioned by the Institute amongst the 2656 students who graduated in August 2024 showed:

1411 students received job offers, 224 self-employed, 359 opted for higher studies, 321 civil services etc. preparation, 66 chose entrepreneurship, 45 working for startups, 47 PhD students chose to wait for post-doc research opportunities/faculty positions. 5% reported they were still looking for appropriate career opportunities.

(III) Faculty & Staff

- 753 Teaching and Non-teaching Academic staff are present in the Institute. This includes 23 faculty members who joined this year.
- IIT Delhi faculty members continue to make important contributions in a variety of fields, receiving honours and recognition.

Prof. Bhim Singh, Emeritus Professor, Electrical Engineering Dept.: Awarded Rashtriya Vigyan Puraskar "Vigyan Shri Award 2024".

Prof. Nidhi Jain, Chemistry Dept., Awarded National Teachers' Award 2024.

- International Mobility Programme for Staff (IMPS) Launched with an objective to learn best practices and enhance staff skills, efficiency, effectiveness, and internationalization. First IMPS batch comprising seven IIT Delhi officials, successfully completed their study visit to the University of Exeter, UK; Sorbonne University, Paris, France; and Leibniz Universität Hannover, Germany.

(IV) Research @IITD

- Research Impact Report (2018-2024) Released to Mark IIT Delhi's 67th Foundation Day

The Research Impact Report released on January 27, 2025, talks about IIT Delhi's contribution to nation building through various research and innovations of societal relevance by its faculty and students from 2018–2024. In the last 7 years, the Institute has undertaken 5100+ sponsored research projects with cumulative funding of Rs. 2340 Cr. and about 3000 consultancy projects worth ~ Rs. 300 Cr.

- 325 Sponsored Research Projects worth Rs. 320.76 crores and 325 Consultancy Projects worth Rs. 31.33 crores were undertaken through the IRD Unit in FY 2024-25.

(V) Financial Grants

The Institute received a total grant of Rs 1046.84 Cr from the Ministry of Education, Government of India, during the Financial Year 2024-25 under the following scheme:

S. No.	Name of Scheme & Scheme Code	Assignment Received during the year 2024-25 (Amount in crores)
1	0920 - Support of IITs	941.54
2	3254- Institute of Eminence (IoE)	76.41
3	3268- PM Research Fellowship (PMRF)	22.81
4	3840- ASEAN Fellowship	0.56
5	9027- National Initiative for Design Innovation (NIDI)	0.43
Scheme for IRD		
1	3350- Unnat Bharat Abhiyan	4.85
2	0875- UGC	0.24
	Total	1046.84

(VI) Rankings

- QS World University Rankings (WUR) 2025 – Jumped to 150th position from 197th. Emerged as #1 in India.
- QS World University Subject Rankings 2025: Improved its global rank from 45th to 26th in Engineering and Technology and emerged as No.1 Indian institute.

National Institutional Ranking Framework

NIRF ranked IIT Delhi as the second-best institute in the country in the Engineering category for the sixth time in a row. IIT Delhi secured 3rd position in the Research category and 4th in Management.

(VII) IIT Delhi Abu Dhabi

On September 2, 2024, two undergraduate programs in Energy Engineering and Computer Science and Engineering were officially launched, a momentous occasion graced by HH Sheikh Khaled, the Crown Prince of Abu Dhabi. Ph.D. Program in Energy and Sustainability commenced in January 2025. All existing programs and the institution itself received accreditation from the UAE's Commission for Academic Accreditation.

(VIII) Infrastructure Expansion

- Nalanda Hostel Phase-II comprises a total of 142 residential units, including 32 one-room sets and 110 two-room sets, along with two common rooms.
- Development of state-of-the-art laboratories in 99B & 99C in Academic Complex East and Academic Complex West.

Upcoming Projects:

- Residential Complex in R.K. Puram, New Delhi

Two new hostels:

- Boys Hostel: B+G+12 storeys with an approximate covered area of 63,471 sqm, 1470 Rooms, 39.75 metre high.
- Girls Hostel: B+G+12 storeys with an approximate covered area of 27000 sqm.

(IX) Lectures & Panel Discussions

IIT Delhi launched Dr R. Chidambaram Memorial Lecture Series in loving memory of the late Dr. R. Chidambaram, renowned scientist and former Chairperson of the Board of Governors, IIT Delhi. Prof. Abhay Karandikar, Secretary, DST, delivered the inaugural lecture on National Science Day.

(X) Collaborations

IIT Delhi signed MoUs with several universities and organisations in India and abroad to promote bilateral academic cooperation, researcher and student mobility, and exchange programs.

Glimpses: RIEB, Kobe University, Japan; NYCU-JDP Program, Taiwan; Zayed University, UAE; Ecole Polytechnique, France; Seoul AI Hub, South Korea; University College London, UK; University of Melbourne, Australia; Montanuniversität Leoben (MUL), Austria; Delft University of Technology (TU Delft), Netherlands; Moscow School of Management SKOLKOVO, Russia; University of Saskatchewan, Canada; Technological Higher Education Network South Africa; Technische Hochschule Mittelhessen University of Applied Sciences, Germany; Armed Forces Services (AFMS), New Delhi; Tripartite MoU with UCL UK, AIIMS New Delhi; Ordnance Equipment Factory, Hazratpur; Tripartite MoU with Thermax, DST.

Administrative Organisation

Board of Governors and Its Committees

IIT Delhi is an autonomous organisation of the Government of India. Responsibility for the general superintendence, direction, and control of the affairs of the Institute is vested in the Board of Governors. The Board functions through its standing committees - the Finance Committee, the Buildings & Works Committee and other committees which may be constituted to consider specific issues. The composition of the Board of Governors as on March 31, 2025 is as follows:

Harish Salve

Chairperson, Board of Governors

BoG Members

Rangan Banerjee
Director

Nandini Paliwal
IAS

V.K. Tewari

Sumant Sinha

Saumya Gupta
IAS

U.P. Singh

M.R. Ravi

Arvind K. Nema

T.R. Sreekrishnan
(Spl. Invitee)

Ambuj D. Sagar
(Spl. Invitee)

Atul Vyas
(Secretary)

Administration

The Director is the principal academic and executive officer of the Institute and is responsible for the proper administration of the Institute and for the imparting of instruction and maintenance of discipline therein. He is assisted in his day to day work by Deputy Director(s), Registrar, Deans, Associate Deans, and senior faculty of the Institute. The senior members of the administration as on March 31, 2025 are as follows:

Rangan Banerjee

Director

Deputy Directors

T.R. Sreekrishnan
(Operations)

Ambuj D. Sagar
(Strategy & Planning)

Registrar

Atul Vyas

Deans

Narayanan D. Kurur
(Academics)

K.M. AchutaRao
(Faculty)

James Gomes
(International Programmes)

P.R. Panda
(Corporate Relations)

Dipti Ranjan Sahoo

(Infra-Maintenance)

Academic Units

The Various Academic units are listed below:

Departments

Centres

Schools

- Applied Mechanics
- Biochemical Engineering and Biotechnology
- Chemical Engineering
- Chemistry
- Civil Engineering
- Computer Science and Engineering
- Design
- Electrical Engineering
- Applied Research in Electronics
- Atmospheric Sciences
- Automotive Research and Tribology
- Biomedical Engineering
- National Resource Centre for Value Education in Engineering
- Amar Nath and Shashi Khosla School of Information Technology
- Bharti School of Telecommunication Technology and Management
- Energy Science and Engineering
- Humanities and Social Sciences
- Management Studies
- Materials Science and Engineering
- Mathematics
- Mechanical Engineering
- Physics
- Textile and Fibre Engineering
- Optics and Photonics
- Rural Development and Technology
- Sensors, Instrumentation and Cyber-Physical Systems Engineering
- Transportation Research and Injury Prevention
- Kusuma School of Biological Sciences
- School of Public Policy
- School of Interdisciplinary Research
- Yardi School of Artificial Intelligence

An administrative head for each entity is selected for a period of two years (extendable by one more year). The Head manages the daily functions of her/his unit, after due consultation with the Professorial Committee, Faculty Board, Research Committee etc. A Department is engaged in teaching at all levels (B.Tech., B.Des., M.Sc., Dual Degree, M.P.P., MBA, M.Des., M.A., M.S. (R), M.Tech., PG Diploma, PrePh.D.) and research activities, while a Centre/School is mainly focused on PG and Pre Ph.D. teaching, and on technology development and transfer in well defined areas with group effort.

Centres of Excellence

Centres of Excellences (CoEs): Various Centres of Excellence funded by government organisations and industries on specific research areas for demand-driven innovations and translational research have been created at the institute through IRD mechanisms.

21 CoEs were operational during the year 2024-25, which includes one new CoE, "Hyundai Centre of Excellence for Future Mobility Technology" has been initiated with funding from Hyundai.

Sr. No.	Name of CoE	Category	Sponsoring Agency	Coordinator & Department
1.	Arun Duggal Centre of Excellence for Research on Clean Air	Industry Sponsored	Mr. Arun Duggal, Alumnus, IIT Delhi	Prof. Sagnik Dey, Centre for Atmospheric Sciences (CAS)
2.	Renew Power Centre of Excellence on Energy & Environment	Industry Sponsored	Renew Power Ventures Pvt. Ltd.	Prof. Ashu Verma Department of Energy Science & Engineering (DESE)
3.	Yardi Centre of Excellence for Sustainable Infrastructure	Industry Sponsored	Yardi Software India Private Limited	Prof. B. K. Panigrahi, Centre for Automotive Research & Tribology (CART)
4.	Industry Alliance on Artificial Intelligence (IAAI) – NOKIA as Industry Partner	Industry Sponsored	NOKIA Solutions & Networks India Pvt. Ltd and Others	Prof. Niladri Chatterjee Department of Mathematics
5.	DRDO - IIT Delhi Joint Advanced Technology Centre (DIA-CoE)	Government Sponsored	Defence Research & Development Organization	Dean (R&D) Dr. M. H. Rahaman (DIA-COE-IITD)
6.	ISRO Space Technology Cell	Government Sponsored	Indian Space Research Organization (ISRO)	Prof. Vimlesh Pant, Centre for Atmospheric Sciences (CAS)
7.	Centre of Excellence on Smart Technology Enabled Manufacturing	Industry & Government Sponsored	Automation Industry Association (AIA) Dept. of Heavy Industry (Gol)	Prof. Sunil Jha Department of Mechanical Engineering
8.	Centre of Excellence in Climate Modeling	Government Sponsored	Department of Science & Technology	Prof. Saroj Kanta Mishra Centre for Atmospheric Sciences (CAS)
9.	Centre for Excellence in the areas of Bioinformatics and Computational Biology	Government Sponsored	Department of Biotechnology	Prof. Aditya Mital, Kusuma School of Biological Sciences (KSBS)
10.	Daksh Centre of Excellence for Law and Technology	Industry / NGO Sponsored	Daksh Society, India	Prof. Nomesh Bolia Dept. of Mechanical Engineering

11.	Centre of Excellence for Advance Data Management System for Highways (ADM Highways)	Industry Sponsored	Mr. Arun Duggal, Alumnus, IIT Delhi	Prof. Sagnik Dey, Centre for Atmospheric Sciences (CAS)
12.	Centre of Excellence on Biologically Inspired Robots and Drones (BIRD)	Government	Set up by IIT Delhi	Prof. Subodh Kumar Department of Computer Science & Engineering (CSE)
13.	Centre of Excellence in Cyber Systems and Information Assurance	Government	Set up by IIT Delhi	Prof. Huzur Saran Department of Computer Science & Engineering (CSE)
14.	Centre for Advanced Research and Excellence in Disability and Assistive Technology (CARE-DAT)	Government	Indian Council of Medical Research (ICMR)	Prof. Amit Mehndiratta, Centre for Biomedical Engineering (CBME)
15.	Centre for Excellence on Quantum Technology	Government	IIT Delhi	Prof. Rajendra Singh, Department of Physics
16.	SMITA Research Lab: Centre for Excellence in Smart Textiles	Government	IIT Delhi	Prof. Ashwini Agarwal, Department of Textile and Fibre Engineering
17.	Nayara Centre of Excellence on Process Safety and Risk Management	Industry	Nayara Energy Ltd.	Prof. Anil Saroha, Department of Chemical Engineering
18.	CoE in Advanced Ultra Precision Optics Manufacturing Technology	Government	Department of Science & Technology	Prof. Gufran Sayeed Khan, Centre for Sensors, Instrumentation and Cyber-physical System Engineering (SeNSE)
19.	CoE on Generative AI	Industry	WIPRO Ltd.	Prof. Mausam, Yardi School of Artificial Intelligence (ScAI)
20.	Center of Excellence (CoE) on Applied AI For Sustainable Systems	Industry	R Systems International Ltd.	HoD - Amar Nath and Shashi Khosla School of Information Technology
21.	Hyundai Centre of Excellence for Future Mobility Technology	Industry	Hyundai Motor Company	Prof. B.K. Panigrahi Department of Electrical Engineering

IIT Delhi - Abu Dhabi

IIT Delhi - Abu Dhabi stands as a testament to the deepening educational partnership between India and the UAE, rapidly transitioning from concept to a vibrant academic campus. This ambitious international venture was part of the Agreement signed by the leadership of the two countries on February 18, 2022 and further solidified by a Memorandum of Understanding (MoU) on July 15, 2023, is unfolding a new chapter in the internationalization of India's education. IIT Delhi - Abu Dhabi is set to become a pivotal hub for leveraging knowledge for mutual prosperity and global good.

The journey of IIT Delhi - Abu Dhabi has been characterized by rapid development and meticulous planning. Following the MoU signing, an intensive construction phase took place from September to December 2023, quickly transforming blueprints into state-of-the-art facilities. Concurrently, extensive background work involved drafting and aligning collaboration documents, establishing IIT Delhi's dedicated administrative structure for the new campus, and meticulously planning the curriculum. Crucially, the operationalization of the campus received very active support from the Abu Dhabi Government, ensuring necessary approvals, legal incorporation, and accreditation.

The campus officially opened its doors for academic programs in early 2024. The first day of classes for the Master of Technology (M.Tech.) program commenced on January 29, 2024. A significant moment arrived on February 14, 2024, when the Hon'ble Prime Minister met with the first batch of M.Tech. students. By September 2, 2024, the campus celebrated its inauguration and the official launch of its undergraduate programs, when the Crown Prince of Abu Dhabi, H.H. Sheikh Khaled visited the campus and interacted with the first batch of students.

IIT Delhi - Abu Dhabi has rolled out a diverse portfolio of programs, designed to meet the evolving demands of the global technological landscape:

- The M.Tech. in Energy Transition and Sustainability was the inaugural program, launched in January 2024. This multidisciplinary program focuses on transforming energy systems, encompassing technological, economic, financial, and regulatory dimensions, with a curriculum designed for leadership in the rapidly evolving energy sector.
- Two Bachelor of Technology (B.Tech.) programs, Energy Engineering and Computer Science and Engineering, commenced in September 2024. These four-year programs aim to equip students with the skills and knowledge to excel as future leaders in their chosen fields.

- The institution also launched its Ph.D. Program in January 2025, with an initial focus on Energy and Sustainability. This program targets advanced research and innovation in crucial areas, with subsequent expansion into Health and AI.

All the above programs, including the institution (IITD-AD) has been accorded accreditation in the UAE by the Commission for Academic Accreditation (CAA), Ministry of Higher Education and Scientific Research (MOHESR), UAE.

- **A B.Tech. program in Chemical Engineering is planned to start from August 2025**

Admission to IIT Delhi - Abu Dhabi's undergraduate programs is facilitated through two primary modes: JEE (Advanced) and the Combined Admission Entrance Test (CAET). The CAET is specifically designed for UAE Nationals, International Candidates, and Indian Expatriates, while Indian Nationals can apply via JEE (Advanced) 2025 through the JoSAA Portal. Two-thirds of the total UG seats are allocated through CAET 2025, fostering diversity across the student body.

The student community is rapidly expanding. As of April 2025, the campus had a current strength of 53 undergraduate students across its two B.Tech. programs, including 13 UAE nationals and 1 German student. For M.Tech., there were 17 students, with 11 from UAE, all of them were sponsored by ADNOC. The newly launched Ph.D. program in January 2025 had 7 students, including 2 international. The total current student strength stands at 94, which includes some selected Ph.D. students from the Delhi campus by August 2025, the total student population is expected to reach approximately 200, with an anticipated around 130-140 undergraduate students, around 40 master's students, and around 25 Ph.D. students.

Beyond academics, IIT Delhi - Abu Dhabi emphasizes a holistic student experience. The campus strives to cultivate a lively and welcoming community where students can thrive and grow. It offers exceptional opportunities beyond the classroom walls, including various student activities like sports and cultural events, fostering a sense of belonging and

community. Student clubs and activities are being initiated.

IIT Delhi and IIT Delhi – Abu Dhabi has signed some strategic MoUs with top universities in Abu Dhabi – namely, Khalifa University, Mohamed bin Zayed University of Artificial Intelligence (MBZUAI), Sorbonne University Abu Dhabi (SUAD), and Zayed University (ZU). Joint research programs have already started with Khalifa University and MBZUAI, as well as lecture series and other collaborative activities. Activities are also starting with SUAD and ZU.

Looking to the 2025-2026 academic year and beyond, IIT Delhi - Abu Dhabi has ambitious targets, including:

- Further expansion of academic programs.
- Developing robust student activities.
- Scaling logistics for expansion, including dormitory capacity, offices, and laboratories.
- Strengthening internship, training, and placement opportunities.
- Building R&D infrastructure and initiating new projects – including in Energy and Sustainability, Computing, Materials, Healthcare, etc.
- Expanding collaborations with local and global universities.
- Developing executive training programs and establishing itself as a hub for entrepreneurship.
- Faculty recruitment for the Abu Dhabi campus is underway.
- Crucially, the planning for the permanent campus is also underway.

IIT Delhi - Sonipat Campus

The IIT Delhi Sonipat Campus represents a critical component of the Institute's multi-campus expansion strategy. Situated on 50 acres within the Rajiv Gandhi Education City (RGEN) in Sonipat, Haryana, the campus is envisioned as a hub for advanced research, innovation, and industry collaboration.

The Central Research Facility (CRF) & Sophisticated Analytical and Technical Help Institute (SATHI) facilities at Sonipat campus currently constitutes the largest unit on campus. These facilities together have 35 sophisticated instruments valued approximately at INR 155 Cr. Users from across the country utilize CRF & SATHI facilities, which are operated by 22 highly skilled scientific and technical manpower. During the last year, 4015 users have utilized the CRF & SATHI instrumentation facilities in the Sonipat campus, which has generated INR 88 Lakhs in revenue.

The campus also hosts the Atmospheric Observatory, operated by the Centre for Atmospheric Sciences in collaboration with IMD, NASA, ISRO, and the University of Helsinki. As the first and only comprehensive "supersite" in North India, the observatory measures weather, climate, and air pollution at a single location, enabling researchers to model and understand complex Earth systems. Both the CRF and the observatory conduct regular training workshops with international partners to build the next generation of scientists skilled in observational and experimental techniques. Additionally, the campus convention centre serves as a venue for conferences and symposia organized by IIT Delhi and other regional academic institutions.

New Central Research Facility (CRF) building at IIT Delhi Sonipat

Beyond research, the campus has emerged as a center for technological innovation. The IIT Technopark building hosts two flagship initiatives. The first is the I-Hub Foundation for Cobotics (IHFC), which unites academia, industry, and government to develop technologies that enhance human–robot collaboration. The second is the Atal Incubation Centre (AIC), part of the Atal Innovation Mission, which supports entrepreneurs in building scalable and sustainable ventures.

This year, the campus achieved a major milestone with the completion of a new 9,500 sqm building that will host cutting-edge experimental facilities. Eight new laboratories for the Centre for Optics and Photonics and five laboratories for CRF instruments have already been established and more are planned for the coming year. Facilities such as reading rooms, computer labs, and recreation areas are being developed to meet the needs of the growing campus community.

At present, campus buildings occupy approximately 10 acres. Plans are underway to develop the remaining 40 acres into a fully integrated academic and research campus, complete with laboratories, workshops, and student housing designed around a coherent thematic focus. Through these ongoing efforts, the IIT Delhi Sonipat Campus is poised to evolve into a leading national hub for technology research and innovation in the coming years.

Academic Profile

The Institute offers undergraduate and postgraduate programmes in a number of areas leading to the degrees of B.Tech., B.Des., Joint PG Diploma, M.Sc., M.Tech., M.S.(R), M.Des., MBA, M.P.P., and Ph.D. in Science, Engineering & Technology, Humanities & Social Sciences, Management, and Public Policy. The Institute also offers PG Diploma (PG DIIT) in Naval Construction for the Naval Officers. The primary objective of these teaching programmes is to offer instruction at a level comparable to the very best anywhere in the world. This is achieved through an undergraduate curriculum, which places a strong emphasis on the understanding of fundamental principles as well as specialised knowledge at the postgraduate level, distinguished by its interdisciplinary approach and emphasis on research.

Evaluation

The academic year consists of two semesters and a summer term. The education system is organised around a credit system, which ensures continuous evaluation of students' performance. It provides flexibility to choose courses of interest and to progress at an optimum pace suited to a student's ability or convenience. Each course is assigned a certain number of credits depending upon the class contact hours. A minimum number of credits and CGPA are to be completed satisfactorily to qualify for the award of a degree. The medium of instruction is English.

Pedagogy

Teaching at the Institute incorporates a cohesive, contextual, and nurturing environment for learning. The emphasis is on self motivated learning by using information, experience, and practice. The teaching methodology aims at using the inputs from core functional areas to interdisciplinary issues and problem solving. Students undertake classroom and workshop assignments, conduct field observations, make presentations, and participate in group discussions and seminars and are encouraged to develop industry linkages, where applicable.

Curriculum Development

The Senate of the Institute is constantly engaged in reviewing and approving new courses to improve the curriculum at the undergraduate and postgraduate levels. Under a new Academic Welfare Scheme introduced by the Institute for weak students, a special student advisor is identified in each department for students who need special help, at the beginning of each semester. Extra classes are conducted for such students and the student advisor closely monitors the attendance and performance of these students.

All academic affairs of the Institute are managed by Board of Educational and Research Planning (BERP), Board of Academic Programmes (BAP), and the Senate.

Board of Educational and Research Planning (BERP)

Board of Educational & Research Planning (BERP) is one of the Boards appointed by the Senate to carry out duties and responsibilities such as formulation of educational policy at the Institute level, academic planning with regard to new activities and review of existing Academic Units, general policy for the allocation of intra-IIT budget, and faculty development and specialised training. The composition of the BERP as on March 31, 2025 is as follows:

Members of BERP		
Rangan Banerjee <i>Director (Chairperson)</i>	James Gomes <i>Dean (International Programmes)</i>	Vivek V. Buwa <i>Dean (Planning)</i>
T.R. Sreekrishnan <i>Dy. Director (Operations)</i>	Nilanjan Senroy <i>Dean (Alumni Affairs)</i>	P.V. Rao , <i>Nominee of Senate</i>
Ambuj Sagar <i>Dy. Director (Strategy & Planning)</i>	P.R. Panda <i>Dean (Corporate Relations)</i>	B.P. Patel , <i>Nominee of Senate</i>
Narayanan Kurur <i>Dean (Academics)</i>	B.K. Panigrahi <i>Dean (Student Affairs)</i>	Seema Sharma , <i>Nominee of Senate</i>
Krishna M. Achutarao <i>Dean (Faculty)</i>	Angelie Multani <i>Dean (Diversity and Inclusion)</i>	Arun Kumar , <i>Nominee of Senate</i>
Naresh Bhatnagar <i>Dean (R&D)</i>	Dipti Ranjan Sahoo <i>Dean (Infrastructure)</i>	Suma Athreya , <i>Nominee of Senate</i>
		Alan V. Sinate <i>Secretary</i>

Board of Academic Programmes (BAP)

The Board of Academic Programmes is tasked with the duty to formulate Institute-level academic policies and to co-ordinate as well as to review curricular activity including scholarships; courses; new programmes; time tabling; evaluation of academic performance of students; academic awards; practical training; PG admissions; and research activities of students. The composition of the BAP as on March 31, 2025 is as follows:

Members of BAP				
Narayanan D. Kurur Chairperson	Sivananthan Sampath	Amit Mehndiratta	Ramesh Narayanan	Santanu Manna
	Ritumoni Sarma	Samaresh Das	M.R. Ravi	Gursevak Singh
	Abhijeet Raj	Pooja Ghosh	G.V. Prakash	Seven Student Representatives
	Rajesh Khanna	S.K. Mishra	R. Ayothiraman	
	Amitabha Bagchi	Satish K. Dubey	Dhanya C.T.	
	Rohan Paul	Gaurav Munjal	S. Chatterjee	
	K.N Jha	S. R. Sarangi	Subodh V. Sharma	Tushita Pandey
	B. Manna	Sangeeta Kohli	Divesh Bhatia	Utkal Roy
	Abhijit R. Abhyankar	Rahul Goel	Subhra Datta	Akshay Satish Joshi
	Shubhendu Bhasin	Kedar Khare	Special Invitees	Abhilash Dasari
Anurag Goyal	Pramod Khadilkar	Tapan K Chaudhuri		Sangram Keshari
D. Ravi Kumar	Ashu Verma	Gourab Ghatak	Ankesh Jain	Sumit Kumar Singh
Sunil Kumar	Nitya Nand Gosvami	Srikanta B. Jagannath	Satish K. Dubey	Aditya Arya
Santanu Ghosh	B.K. Satapathy	Abhijit Majumdar	Sandeep Kumar	Alan V. Sinate <i>Secretary</i>
Archana Samanta	Bibhuti Bhusan Sahu	Surajit Chakravarty	Huzur Saran	
Bhanu Nandan	Sandeep Sukumaran	Atul Narang	Shubhendu Bhasin	
			Amartya Sengupta	

The Senate

The Senate, with the Director as its Chairperson, reviews and approves new courses, programmes, and all academic policies in the Institute. The composition of the senate is given in Appendix I.

The Institute offered following programmes in 2024 - 25

Undergraduate Programmes

Bachelor of Design (B.Des.)

Duration : 4 Years

- Design

Bachelor of Technology (B.Tech.)

Duration : 4 Years

- | | | |
|---|--|--|
| <ul style="list-style-type: none">• Engineering and Computational Mechanics• Biochemical Engineering & Biotechnology• Chemical Engineering• Computer Science & Engineering• Civil Engineering | <ul style="list-style-type: none">• Electrical Engineering• Electrical Engineering (Power and Automation)• Energy Engineering• Materials Engineering• Mathematics & Computing• Mechanical Engineering | <ul style="list-style-type: none">• Production and Industrial Engineering• Engineering Physics• Textile Technology |
|---|--|--|

Dual Degree Programme (B.Tech. and M.Tech.)

Duration : 5 Years

- | | | |
|---|---|--|
| <ul style="list-style-type: none">• B.Tech. and M.Tech. in Chemical Engineering | <ul style="list-style-type: none">• B.Tech. and M.Tech. in Computer Science & Engineering | <ul style="list-style-type: none">• B.Tech. and M.Tech. in Mathematics & Computing |
|---|---|--|

Postgraduate Studies & Research (Masters Programmes)

M.A./M.Sc./M.P.P. 2 Years	M.Tech. 2 Years*	M.S. (Research) 2 Years*	M.Des. 2 Years
M.Sc. - Chemistry - Cognitive Science - Economics - Mathematics - Physics - Biological Sciences M.A. - Culture, Society, Thought M.P.P. - Public Policy	- Engineering Analysis & Design - Biomolecular and Bioprocessing Engineering - Biomedical Engineering - Chemical Engineering - Molecular Engg.: Chemical Synthesis & Analysis - Construction Technology & Management - Geotechnical & Geoenvironmental Engineering - Structural Engineering - Water Resources Engineering - Construction Engineering & Management - Rock Engineering of Underground Structures - Environmental Engineering & Management - Transportation Engineering - Computer Science & Engineering - Control and Automation - Communications Engineering - Power Electronics, Electrical Machines & Drives - Computer Technology - Integrated Electronics & Circuits - Power Systems - Thermal Engineering - Production Engineering - Industrial Engineering - Mechanical Design - Materials Engineering - Polymer Science & Technology - Energy & Environment Technology & Management - Renewable Energy Technologies & Management - Telecommunication Technology & Management - VLSI Design Tools & Technology - Radio Frequency Design & Technology - Solid State Materials - Applied Optics - Atmospheric Oceanic Science Technology - Electric Mobility - Machine Intelligence and Data Science - Cyber Security - Fibre Science & Technology - Textile Engineering - Textile Chemical Processing - Energy Studies - Opto-electronics & Optical Communication - Instrument Technology - Robotics	- Applied Mechanics - Automotive Research & Tribology - Biochemical Engineering & Biotechnology - Chemical Engineering - Computer Science & Engineering - Electrical Engineering - Civil Engineering - Mechanical Engineering - Telecommunication Technology & Management - Biological Sciences - Information Technology - Materials Science & Engineering - Sensors, Instrumentation and Cyber-Physical Systems Engineering - VLSI Design Tools & Technology - Machine Intelligence and Data Science - Energy Science and Engineering - Transportation Safety and Injury Prevention - Atmospheric and Oceanic Sciences	Industrial Design

* The duration of part-time programme is 3 years.

M.B.A. 2 Years (Full Time)	M.B.A. 3 Years (Part Time)	PG D.I.I.T. 1½ Years	Joint PG Diploma# 1 Year
- MBA - Telecommunication Systems Management	Executive MBA	Naval Construction	Visionary Leadership in Manufacturing

#Jointly with NITIE Mumbai.

Ph.D. Programmes

The Institute offers research opportunities for doctoral research in all its Departments/Centres/Schools. Creative and productive enquiry is the basic concept underlying the research work. In order to overcome any deficiency in the breadth of fundamental training or proper foundation for advanced work, special preliminary or pre-doctoral courses are suggested by each department/centre/school. The award of Ph.D. is in recognition of high achievements, independent research and application of scientific knowledge to the solution of technical and scientific problems. The Institute lays special emphasis on India-centric research activities.

Departments/Centres/Schools	
Applied Mechanics	Applied Research in Electronics
Biochemical Engineering and Biotechnology	Atmospheric Sciences
Chemical Engineering	Automotive Research and Tribology
Chemistry	Biomedical Engineering
Civil Engineering	Optics and Photonics Centre
Computer Science and Engineering	Rural Development and Technology
Design	National Resource Centre for Value Education in Engineering
Energy Science and Engineering	Sensor, Instrumentation and Cyber-Physical System Engineering
Electrical Engineering	Transportation Research and Injury Prevention Centre
Humanities and Social Sciences	Amar Nath and Shashi Khosla School of Information Tech.
Management Studies	Bharti School of Telecommunication Technology and Management
Materials Science and Engineering	Kusuma School of Biological Sciences
Mathematics	School of Interdisciplinary Research
Mechanical Engineering	School of Public Policy
Physics	Yardi School of Artificial Intelligence
Textile and Fibre Engineering	

Joint Doctorate Programmes

The Institute also offers two Joint Ph.D. Programmes in collaboration with University of Queensland, Australia and National Yang Ming Chiao Tung University, Taiwan each.

Academic Highlights

Curriculum Review

After more than a decade, the Undergraduate, Postgraduate and Ph.D. curriculum were revised. This comes into effect in this academic year, i.e., 2025-26. The main themes of the revised curricula are flexibility, hands-on learning, and, in keeping with the needs of the modern world, an emphasis on environment and sustainability, and emerging trends in technology (such as artificial intelligence and machine learning).

The revised undergraduate curriculum is outcomes-based and flexible, with choices in general engineering, basic sciences, and humanities courses. Opportunities exist for pursuing a minor degree or specialization in many areas. An honours programme was introduced as an add-on to the B. Tech. degree. Additionally, an undergraduate student can petition for an M. Tech. degree in any available M. Tech. programme - this would enable them to graduate with both bachelor's and master's degrees in five years. The Institute continues to allow a change of program, based on their merit, at the end of the first year.

The new M.Tech./MS(R) curriculum also has a rationalized, outcomes-based programme structure, with an emphasis on industry connect and project-based learning. Two mandatory components – one cornerstone project emphasizing problem-solving through teamwork and a summer internship emphasizing external-connect - will make our students industry ready. Flexibility to undertake the master's thesis in an industry is also facilitated in various programmes.

The Institute has also formalized the PhD curriculum, which emphasizes producing independent researchers with ethical utilization of transferable skills in a professional setting. The curriculum also facilitates external/industry connect and the development of collaborative skills to advance domain knowledge.

Rankings

IIT Delhi is ranked 4th overall, 2nd in Engineering category, 4th in Management and 3rd in Research in the National Institutional Rankings Framework (NIRF) for 2024. Under QS World University Rankings for 2025, IIT Delhi got 150th in the world (1st in India among IITs and 1st among all also). IIT Delhi is among the top 30 institutions in the world in the broader subject area of Engineering and Technology with a rank of 26, according to the QS World University Rankings by Subject 2025.

The Institute is also ranked among the top 100 world institutions in twelve specific subject areas. In the following 12 specific subjects under the broader subject area of Engineering and Technology, Natural Sciences, and Social Sciences & Management, IIT Delhi has been featured among the top 100 institutions in the world: Computer Science & Information Systems (64), Data Science and AI (51-100), Chemical (93), Civil Engineering (51-100), Electrical Engineering (47), Mechanical (61), Mineral & Mining Engineering (51-100), Environmental Sciences (94), Materials Science (98), Mathematics (95), Business & Management Studies (92), and Statistics & Operational research (51-100).

In the Natural Sciences category, the Institute has ranked 146th, and in the Social Sciences and Management category, it has secured 75th rank.

New programs started at UG & PG level

Several programs have been started or approved for next year at the postgraduate (PG) level in Academic Year 2024-25. These include:

- For IIT Delhi - Abu Dhabi campus (B.Tech. in Computer Science & Engineering and B.Tech. in Energy Engineering) and PhD program in the area of Energy and Sustainability (started in January 2025) and Bachelor of Technology (B. Tech.) in Chemical Engineering (to be started in 2025-26).
- PG Diploma in Electric Vehicles (Online)
- Bachelor in Science (B.S.) in Chemistry (Proposal approved, to be started in 2025-26)
- B.Tech. in Design (To be started in 2025-26).
- B. Tech. in Chemical Engineering (Proposal approved)
- M.Tech. (Fibre Engineering and Textile Chemical Processing) by merging of two M.Tech. programmes, namely M.Tech. (Fibre Science and Technology) & M.Tech. (Textile Chemical Processing) (Proposal approved).
- M.Tech and MS(R) in Photonics (Proposal approved).

Student Profile and Achievements

ADMISSIONS

Academic programmes at IIT Delhi cover a wide range of science and engineering, humanities and social sciences, management, and policy disciplines. During the year 2024-25, 1226 UG students joined the Institute including 252 female students. The enrolment of postgraduate students during the year 2024-25 was 1484, which includes 360 female students. 671 research scholars were admitted during the period including 249 female students.

Admissions in the Last Three Years (2022-2025)

Programmes	2022-23	2023-24	2024-25
UG: B.Tech., Integrated M.Tech. & Dual Degree Programmes, and B.Des.	1226	1231	1226
Ph.D.	667	686	671
M.B.A. (Full-time/Part-time)	147	230	216
M.S. (Research)	92	95	112
PG D.I.I.T. (Naval Construction)	13	35	25
Joint PG Diploma	26	31	25
M.Des.	24	31	22
M.P.P.	23	25	24
M.Tech.	861	783	789*
M.Sc.	250	268	271
Total	3329	3415	3381

**Including 17 Students of M.TECH (HVA)*

Admission Procedure

Undergraduate: Admission to all Undergraduate Programmes is made through the Joint Entrance Examination (JEE) Advanced. All the candidates must simultaneously fulfil each and every one of the following five criteria to appear in JEE (Advanced):

- **Performance in JEE (Mains):** Candidates should be among the top 2,50,000* successful candidates (including all categories) in B.E./B.Tech. Paper of JEE (Mains).
- **Age Limit:** Candidates should not be older than 25 years. Five years relaxation is given to SC, ST and PwD candidates.
- **Number of Attempts:** A candidate can attempt JEE (Advanced) maximum of two times in two consecutive years.
- **Appearance in Class XII (or equivalent) Examination:** A candidate should have appeared for the Class XII (or equivalent) examination for the first time in either current or previous year with Physics, Chemistry and Mathematics as compulsory subjects.
- **Earlier Admission at IITs:** A candidate should NOT have been admitted in an IIT irrespective of whether or not he/ she continued in the programme OR accepted an IIT seat by reporting at a reporting centre in the past. Candidates whose admission at IITs was cancelled after joining any IIT are also NOT eligible to appear in JEE (Advanced).

Candidates who have been admitted to a preparatory course in any of the IITs for the first time in last year can appear in JEE (Advanced).

The candidates who paid seat acceptance fee in previous but (i) did not report at any reporting centre OR, (ii) withdrew before the last round of seat allotment, OR, (iii) had their seat cancelled (for whatever reason) before the last round of seat allotment for IITs, during the joint seat allocation in previous year, are eligible to appear in JEE (Advanced).

Postgraduate: The admission to full-time M.Tech. programmes is made on the basis of performance in the Graduate Aptitude Test in Engineering (GATE) — an All India entrance test, and/or interview at the Institute. A limited number of students are also admitted on part-time basis from amongst working professionals along with the regular full-time students, subject to their satisfying certain academic and experience requirements.

Admission to the 2-year M.Des. Programme in Industrial Design is made on the basis of Common Entrance Examination for Design (CEED).

Admission Procedure and Relaxations

Admission to the MBA Programme is made on the basis of Common Admission Test (CAT).

Applications for the M.SC. Programme must pass the Joint Admission Test (JAM). The Institute Offers M.SC. in 6 Streams with Gate being used for admission to M.SC. in Cognitive Science and an Institute – level test for M.SC. in Economics.

All applications are processed by the concerned Department/Centre/School and short-listed applicants are called for a written test and/or interview. The date for test/interview is communicated by the Department/Centre/School Programme. Selected candidates are given offer letters by the Departments/Centres/Schools after approval of the selection by the Dean, Academics. They are required to pay the first installment of fees by a given date, failing which their admission offer stands automatically cancelled. Seats so released are then offered to wait listed candidates.

Relaxations

The Institute is sensitive to the needs of the students belonging to the SC/ST/OBC/EWS communities and to those who are having disabilities (PwD). Special care and attention are paid to them. The following relaxations, in broad, are given to such candidates:

- For SC, ST and PwD candidates, relaxation of 5% marks or 0.5 CGPA (on ten-point scale) in the qualifying degree is provided for admission purpose.
- Five years relaxation in age is given to SC/ST/PwD candidates for admission to UG programmes.
- All SC, ST, PwD students get 100% tuition fee exemption.
- Hostel seat rent exemption for SC and ST students whose parental income is less than 8.0 Lakhs has been approved during the year.

Reservation of Seats: At IIT Delhi, the percentage of seats reserved for SC/ST/OBC/PwD/EWS candidates is as follows:

SC	ST	OBC	PwD	EWS
15	7.5	27	5	10

Courses and Admissions

Following Tables (I, II, III) give the details regarding the admissions in the given period in different courses offered at IIT Delhi. Table IV and V show the total number of students enrolled in different Departments, Centres, and Schools. Category-wise distribution of students in different programmes is given in Table VI.

Table I : Admissions through JEE / UCEED during 2024-2025 to the various disciplines

Discipline	Sanctioned Strength	Actual Admissions (including supernumerary)
B.Tech. in Engineering and Computational Mechanics (AM1)	40	41*
B.Tech. in Biochemical Engineering and Biotechnology (BB1)	72	70 [#]
B.Tech. in Chemical Engineering (CH1)	75	75
B.Tech. in Civil Engineering (CE1)	110	110
B.Tech. in Computer Science & Engineering (CS1)	99	101*
B.Tech. in Electrical Engineering (EE1)	120	119 [#]
B. Tech. in Electrical Engineering (Power and Automation) (EE3)	65	63 [#]
B.Tech. in Materials Science & Engineering (MS1)	40	38 [#]

SCHOLARSHIPS, ASSISTANTSHIPS, AND AWARDS

The Institute believes in the maxim that no deserving student, however weak in financial backing, should be denied the opportunity of education at IIT Delhi. To encourage and to provide financial incentives to meritorious students and assistance to the needy students of the Institute, individuals, trusts, and organisations have been instituting scholarships, awards, etc. at the Institute.

Assistantship/Fellowships: The IRD provides support in the form of Gap Period Assistantship for both M.Tech./M.S.(R) and Ph.D. students who are drawing their fellowship/ assistantship from the projects. These assistantships are provided to the students once the projects get over and there is no other support available. M.Tech./M.S.(R) students are supported for a maximum gap period of six months. Ph.D. students are supported for a maximum gap period of one year. Four (04) students were supported in the Financial Year 2024-25 under this scheme.

IRD Early-Doc Fellowships: PhD Students, soon offer their defense, are provided a three - month - long – IRD Early- Doc Fellowship to Facilitate their Contribution to research during the FY 2024 – 25. 147 Students have been supported.

DAAD Scholarship: The 23rd batch of 07 M.Tech. students have been sent to Germany under the DAAD Scholarship Scheme to do part of their thesis research under the Indo-German collaboration programme during the period.

Donor Awards: In addition to scholarships and assistantships, the Institute also offers donor awards to the deserving candidates. During the period, 84 donor awards were distributed among 111 students.

Scholarships and Financial Assistance to SC/ST

Students are given scholarships and Financial assistance as detailed below:

- All SC/ST students are exempted from payment of tuition fees.
- Free messing (basic menu) and a pocket allowance of Rs. 250/- is provided in lieu of the merit-cum-means scholarship for the students having annual family income upto Rs. 4.5 lacs. However, they are required to pay the hostel seat rent as applicable from time to time.

- SC/ST students who fail in the examination for the first time continue to receive the free mess, subject to a maximum limit of five years.
- SC/ST students are loaned books from the book bank without payment of any loan fee. The books are, however, required to be returned at the end of each semester.

A list of data showing the scholarships and assistantships offered to UG and PG students during the session 2024- 2025 are given below in the tables.

Table I : Number of Cash Prizes Merit-cum-Means Scholarships/Freeships offered to B.Tech./Dual Degree Students during the Session 2024-2025

Class	Cash Prizes (SCH1028)	No. of Scholarships Awarded (SCH1035/SCH1059)	Free Mess Services (SCH1036)	Freeships for General/ OBC/EWS (SCH01305)	PG (SCH1057/ SCH1058)	UG TA (SCH1060)	Sponsored Awards/ Fellowships/ Scholarships
Year I	93	211	61	-	-	-	90
Year II	62	134	56	-	-	-	120

Total	287	650	238	0	0	64	357

Table II : Assistantships to Dual Degree and Advanced Standing Students during the Session 2024-2025

Course	No. of Assistantships Renewed (SCH1057/SCH1058)	No. of Assistantships Awarded (SCH1057/SCH1058)
Biochemical Engineering & Biotechnology (BB5)	-	-
Computer Science & Engineering (CS5)	-	22
Chemical Engineering (CH7)	14	11
Mathematics and Computing (MT6)	-	13
Advanced Standing	04	04
Total	18	50

Full time students pursuing M.Tech./M.Des./ M.S.(R) are eligible for Institute assistantship at the time of admission. However, for continuation of the assistantship they have to maintain a minimum SGPA (semester grade point average) at the end of every semester. The table below shows the assistantship awarded to 2024 entry students and renewed to the existing students. A total of 879 new students were awarded assistantship in 2024-25.

Table III : Assistantships Offered to the Students of M.Tech./M.Des./M.S.(R) Programmes during the Session 2023-2024.

Programme	No. of Assistantships Awarded (First year) 2024	No. of Assistantships Renewed (Old)

ACADEMIC PERFORMANCE

IIT Delhi follows the credit system of performance evaluation, with proportional weighting of courses based on their importance. The total marks (usually out of 100) form the basis of grades, with a grade value (out of 10) assigned to a range of marks. Sometimes, grading is done considering the overall performance of the whole class.

2656 candidates awarded of various degrees and diplomas of the Institute at the 55th Annual Convocation held on 10th August 2024. Details of the same are given below:

MEDALISTS

President's Gold Medal

Manas Choudhary
B.Tech. in Engineering Physics

Director's Gold Medal

Divyansh Agarwal
B.Tech. in Electrical Engineering

Dr. Shankar Dayal Sharma (Former President of India) Gold Medal

Anjali Kumari
M.Tech. in Instrument
Technology

Perfect Ten Gold Medalists

Subhajit Bag
M.Tech. in Polymer
Science and Tech.

Sidharth Bhasin
M.S.(R) in Biological Sciences

Indrajit Banerjee
M.S.(R) in Computer
Science and Engg.

Thakur Ronith Singh
M.Tech. in Thermal
Engineering

Bejeet Manna
M.Tech. in Polymer
Science and Tech.

Silver Medalists

Mudit Chopra
B.Tech. in Engg and
Computational
Mechanics

Rishita Agarwal
B.Tech. in Materials
Engineering

Riya Sharma
B.Tech. in Textile
Technology

Akshay Reddy Vellapalem
B.Tech. in Mathematics &
Computing

Apoorva Narula
B.Tech. in Prodn. and
Industrial Engg. (Adv. Std.)

Prerit Goel
B.Tech. in Prodn. and
Industrial Engg

Rahul Kumar Kanoongo
B.Tech. in Mechanical
Engineering

Pushp Srivastava
B.Tech. in Electrical Engg.
(Power and Automation)

Sankalp Swarup
B.Tech. in Electrical
Engineering

Vaibhav Mishra
B.Tech. in Computer
Science and Engg.

Vishnu Bhagawat
B.Tech. in Chemical
Engineering

Vishrut Singh
B.Tech. in Civil
Engineering

Adhiraj Goel
B.Tech. in
Biochemical Engg.
and Biotech.

Aranya Sen
B.Tech. and M.Tech.
in Mathematics &
Computing

Aman Verma
B.Tech. and M.Tech. in
Computer Science and
Engineering

Shriya Sharma
B.Tech. and M.Tech. in
Chemical Engg.

For each semester, the students are graded on a scale of 0 to 10 based on their performance, by taking a weighted average of the grade points from all the courses, with their respective credit points. Each semester evaluation is done independently and then the weighted average over all semesters is used to calculate the cumulative grade point average (CGPA). The following table gives the Discipline-wise break-up of CGPA for the two Academic Semesters:

Table I: Discipline-wise break-up of CGPA for the two Academic Semesters (Undergraduate Courses)
[Academic Session 2023-2024 (2020 Entry Students)]

Discipline	10.00-9.00	8.99-8.00	7.99-7.00	6.99-6.00	5.99-5.00	4.99-4.00	3.99-3.00	2.99-2.00	Less than 2.00	Total

TOTAL		1458	1073

* The remaining students either left the Institute or failed to meet the minimum C.G.P.A. requirements to continue in the next semester.

National Academic Depository (NAD)

The National Academic Depository (NAD) is a secure digital platform initiated by the Government of India to issue, store, access, and verify academic awards such as degrees, diplomas, certificates, and mark sheets in a paperless and authentic format. It is available 24x7 and is jointly managed by two digital repositories: CDSL Ventures Ltd. (CVL) and NSDL Database Management Ltd. (NDML).

NAD enables educational institutions to upload academic awards directly, ensuring their authenticity, safety, and quick access for students, employers, and verifying bodies.

Key Features

- Lodging, maintenance, access, and verification of academic data in digital format.
- Authentic, tamper-proof digital certificates issued by institutions.
- Integration with Aadhaar for identity validation.
- Secure, confidential, and efficient handling of data.
- Acts as a database for analytics and academic regulation.

Use of NAD at IIT Delhi

IIT Delhi, being an institute of national importance, is an active participant in NAD. It uploads degree certificates, transcripts, and academic awards onto NAD's digital platform, enabling students to:

- Access their documents digitally,
- Share them securely for jobs, higher education, or visa processes,
- Avoid paperwork and delays in verification.

This adoption ensures that IIT Delhi's academic records are maintained with integrity, offering convenience and reliability to students and employers alike.

Progress Report of IIT Delhi as on March 2025

- Total Degree uploaded: **12069**
- ABC Accounts Created: **5118**
- Unique APAAR IDs seeded with Credits: **2625**

STUDENT RECOGNITIONS

Design

- Ria Thaplial, '**Runners Up**', Circular Bio-Economy Innovation Challenge 2024 BAIF Development Research Foundation Pune, 2024. Guide: Prof. Jay Dhariwal

Physics

- Deepanshu Aggarwal, '**Editors Suggestions**', American Physical Society (Physical Review B), 2024. Guide: Prof. Rohit Narula and Sankalpa Ghosh.
- Akanksha Angural, '**Future Research Talent (FRT) Award**', Australian National University (ANU), Canberra, Australia, 2023. Guide: Prof. Joyee Ghosh
- Preeti Sharma, '**Best Thesis Award**', International Conference in Advances in Optics and Optical Instrumentation, OPTOIN24, CSIO Chandigarh, 2024. Guide: Prof. Bhaskar Kanseri
- Deepanshu Aggarwal, '**Graduate Student Travel Award (US\$800)**', DCMP, American Physical Society, 2024. Guide: Prof. Rohit Narula and Prof. Sankalpa Ghosh
- Om Prakash, '**Best Oral Presentation Award**', International conference IBMEC-2024, 2024. Guide: Prof. Santanu Ghosh
- Nimisha Arora, '**Distinction in Doctoral Research Award**', IIT Delhi. Guide: Prof. Pintu Das
- Sandeep, '**Best Poster Award**', International Conference in Magnetism and Magnetic Materials, IISc Bangalore. Guide: Prof. Pintu Das
- Smriti, '**International Travel Support (ITS)**', Anusandhan National Research Foundation 2025. Guide: Prof. Kaushik Sen
- Tejaswini Thallapalli, '**Best Poster Award**', XXVI DAE-BRNS High Energy Physics Symposium, 2024. Guide: Prof. Abhishek Iyer

Chemical Engineering

- Pragya Prakash, '**Best Research Poster**', Process Development and Manufacturing Biologics 2025 sponsored by Merck, 2025. Guide: Prof. Anurag Singh Rathore.
- Subhankar Metya, '**Travel Award**', Biologics 2025 sponsored by Aragen Life Sciences, 2025. Guide: Prof. Anurag Singh Rathore
- Anandi Chowdhury, '**Travel Award**', Biologics 2025 sponsored by Aragen Life Sciences, 2025. Guide: Prof. Anurag Singh Rathore
- Anandi Chowdhury, '**Venture Studio Cohort 3.0 Selection: 50 people from IITs**', Endowment Fund IIT Delhi, 2025. Guide: Prof. Anurag Singh Rathore
- Nitika, '**Travel Award**', DBT, 2025. Guide: Prof. Anurag Singh Rathore
- Neha Dixit, '**Travel Award**', Biologics 2025 sponsored by Kashiv Biosciences, 2025. Guide: Prof. Anurag Singh Rathore
- Deepika Sarin, '**Electrophoresis- Best Student Paper Award**', AES Electrophoresis Society, 2024. Guide: Prof. Anurag Singh Rathore
- Neha Gunawat, '**BOSS Award**', "Best hardcore experimental/ design projects in the area of their specialization"; (Jointly) Cash Rs. 25,000 + Citation, IIT Delhi, 2024. Guide: Prof. Anil Verma
- Neha Gunawat, '**Best M.Tech. Thesis**', IICHe-NRC, Cash Rs. 50,000 + Citation, IICHe-NRC, 2025. Guide: Prof. Anil Verma
- Himanshu Yadav, '**Ambuja Award**', M.Tech. thesis by IICHe; Cash Rs. 10,000 + Citation, IICHe-NRC, Dec 2024. Guide: Prof. Anil Verma
- Abhas Anand, '**Best Paper Award**', All India PMRF Conference, PMRF Conf/IIT Hyderabad, 2025. Guide: Prof. Suddhasatwa Basu

- Gurpreet Kaur, '**Best Poster Presentation Prize**', ACS, Symposium on Advanced Materials for Sustainable Energy Applications, Jan 2025. Guide: Prof. Suddhasatwa Basu
- Priyanka gupta, '**Intl Travel Award**', CSIR, ECS Prime 2024, 2025. Guide: Prof. Suddhasatwa Basu
- Rupali Gautam, '**NGIC Award**', HPCL Green R&D, 2025. Guide: Prof. Sreedevi Upadhyayula
- Debarun Banerjee, '**Best Poster Award**', Annual INAE Conf., INAE/IIT Delhi, 2024. Guide: Prof. Sreedevi Upadhyayula
- Debarun Banerjee, '**Best Paper Award**', ChemCon International Conference, NIT Jalandhar, 2024. Guide: Prof. Sreedevi Upadhyayula
- Subrajyoti Ghosh, '**Best Poster Award**', Annual INAE Conf., INAE/IIT Delhi, 2024. Guide: Prof Suddhasatwa Basu

Mechanical Engineering

- Ananya Singh, '**Travel Award**', LSO Conference, 2025. Guide: Prof. Amber Srivastava and Prof. Prashant Palkar
- Namrata Sinha, '**Travel Award**', LSO Conference, 2025. Guide: Prof. Amber Srivastava and Prof. Prashant Palkar
- Nitesh Choubey, '**Travel Award**', LSO Conference, 2025. Guide: Prof. Prashant Palkar
- Subhrajit Chand, '**Best Paper Award**', International Conference on Next Generation Technologies: Design and Manufacturing (ICNGT), IIT Madras, Chennai, 2024. Guide: Prof. D. Ravi Kumar
- Ayushi Mishra, '**Best Paper Award**', 9th International Conference on Combustion Science and Processes, Imperial College London, 2024. Guide: Prof. Mayank Kumar and Prof. Krishnakant Agrawal
- Debabrat Biswal, '**Best Paper Award**', 9th International Conference on Environmental Pollution, Treatment and Protection (ICEPTP 2024), Imperial College London, 2024. Guide: Prof. Bahni Ray and Prof. Debabrata Dasgupta
- Bikash Pattanayak, '**Best Paper Award**', ICRAFMN2024 - 2nd International Conference on Recent Advances in Fluid Mechanics and Nanoelectronics, 2024. Guide: Prof. Bahni Ray and Prof. Debabrata Dasgupta

Optics and Photonics Centre

- Soorej T., '**Student Travel Grant**', CLEO Pacific Rim conference, 2024
- Shruti Jain, '**Student Travel Grant**', OPTICA, IIT Kharagpur, 2024

Textile and Fibre Engineering

- Jyotirmot Das, '**First Prize in Poster presentation**', 62nd Joint Technological Conference (JTC) held at NITRA Ghaziabad, Northern India Textile Research Association, Ghaziabad, 2024. Guide: Prof. Abhijit Majumdar and Prof. B. S. Butola
- Jyotirmot Das, '**Best Poster Award**', Indian National Academy of Engineering (INAE) Annual convention held at IIT Delhi, Indian National Academy of Engineering, 2024. Guide: Prof. Abhijit Majumdar and Prof. B. S. Butola
- Satya Karmakar, '**NISTI-IIT Delhi Conference on Sustainability in Textiles & Clothing**', North-India Chapter of Textile Institute, Manchester, 2024. Guide: Prof. Abhijit Majumdar and Prof. B. S. Butola
- Tarun Pratap Singh (SiRE), '**Best Poster Award**', IUMRS-ICA 2024, Guide: Sumit Sinha Ray

Materials Science and Engineering

- Subhajit Bag, '**Perfect Ten Gold Medal**', IIT Delhi, 2024. Guide: Prof. Leena nebhan
- Kushal Samanta, '**SERB Overseas Visiting Doctoral Fellowship Program**', Purdue University, SERB- Purdue University, USA. Guide: Prof. Dibyajyoti Ghosh

- Babra Abbas, '**Best Post Award**' Open House 2024. Guide: Prof. Jayant Jain
- Malar Vadani, '**Best Oral Presentation**', NMD-ATM held in Bangalore, 2024. Guide: Prof. Ayan Bhowmik
- Shailendra Kumar, '**Young Researcher Award EMRS**', Warsaw, Poland, 2024. Guide: Prof. Ankur Goswami
- Tarun Pratap Singh, '**Best Poster Award**', 2024. Guide: Prof. Ankur Goswami
- Babra Abbas, '**Oral Award**', international conference on Tribo-corrosion. Guide: Prof. Jayant Jain
- Shailendra Kumar, '**Presented a Poster**', Eco-Friendly High-Performance Flexible Hybrid Triboelectric Nanogenerator Using Barium Strontium Titanate and Multiwall Carbon Nanotube Composites, 2025. Guide: Prof. Ankur Goswami
- Ujjwal Chitnis, '**Raman Charpak Fellowship**', XLIM Research Institute, Limoges, France. Guide: Prof. Ankur Goswami
- Anchal Gupta, '**Best Poster Award**', APA-EPNOE-GFL International Conference on Polymers for Advanced Technology in Jaipur, India, Guide: Prof. J. Jacob
- Satyendra Rajput, '**Carl Storm International Diversity Fellowship Award**'. Guide: Prof. D. Nayar
- Shivnandi, '**Best Poster Award**', DAE-BRNS Symposium on current Trends in Theoretical Chemistry. Guide: Prof. D. Nayar
- Sibasankar Panigrahy, '**Contribution Talk**', Expanding the Impact of Molecular Simulations by Integrating Machine Learning with Statistical Mechanics held at Sorrento Italy. Guide: Prof. D. Nayar
- Bushra, '**Second Place in the Metallography Contest 2024**', Study-Meta group (Metallurgical Engineering) for his image titled Atomic Harmony: The Incoherent Dance of Phases in a High-Entropy Alloy. Guide: Prof. Suresh Neelakantan
- Subhashree Subhasmita Pradhan, '**Best Poster**', 5th International Conference on Advance Polymer Science and Engineering Organized at Athens, Greece. Guide: Prof. Sampa Saha
- Nitin Srivastava, '**ANRF International Award 2024**', Guide: Prof. Sangeeta Santra
- Pratip Sankar Banerjee, '**Best Poster Award**', POLYSOLVAT 15, International Symposium, held at IACS, Kolkata, 2024. Guide: Prof. S. S. Banerjee

Biochemical Engineering and Biotechnology

- Shivani Khatri, '**Distinction in Doctoral Research**', IIT DELHI, 2024. Guide: Prof. Shilpi Sharma

CAREER SERVICES

Career Services' activities are guided by an Institute Level Committee consisting of Faculty members and students. The student committees, i.e. Central Committee at the Institute level as well as Nucleus Committees at departmental level, actively participate in the Training & Placement activities.

Office of Career Services (OCS), IIT Delhi interacts with various industrial, management and research organisations in the country with the dual aim of ensuring that the students are given adequate technical exposure/ industrial training (BTech, Dual and Integrated programmes, M.Des, MPP, MSc (Basic Sciences, Economics & Cognitive Science)). OCS also facilitates all students (BTech, Dual and Integrated programmes, MTech, MS(R), M.Des, MPP, MSc and PhD programmes) to get employment in organisations whose functional requirements of high calibre engineers, scientists and managers are best met by graduate and post-graduate students of the Institute.

This year, the hiring processes were conducted in a hybrid mode. OCS facilitated these seamlessly and was acknowledged by stakeholders for organising the processes harmoniously.

As in previous years, web-based placement services were provided using the internal OCS server this year as well. The students got all information on their desktop PCs / laptops / mobiles, they applied on-line and could see the progress of their application including the final results. The companies too were issued username and password for accessing and short-listing CVs and uploading their presentations and files. The analysis of the past training and placement activities was presented to the students to help them decide their future course of action. Constant liaison with industries was maintained throughout the year to ensure adequate placement and internship opportunities for student across sectors.

OCS also organised the engagement program, "Pravritti". The theme for this year was "Opening Career Skylines". This innovative initiative was geared to helping students connect with and understand the culture of the company. It attempted to not only allow students to comprehend and compare different recruiters across sectors but also help them understand and build their own capabilities via competitions and workshops.

Training / Internship

A personal dialogue with top executives of a large number of industries resulted in better understanding of their functional requirements and training activities. This effort also helped the OCS in the effective planning of summer practical training for 2nd, 3rd and 4th year B.Tech./Dual degree/Integrated M.Tech. students as well as for pre-final year students of M.Des., M.Sc. (Mathematics), M.Sc. (Physics), M.Sc. (Chemistry), M.Sc. (Economics), M.Sc. (Cognitive Science), and Masters in Public Policy besides obtaining a good number of stipends and other facilities such as transport, accommodation, etc. DMS arranged internships for their students at the departmental level.

Training rules as per the curriculum guidelines were implemented for the UG students (B.Tech and Dual degree). Detailed instructions to students were also issued prior to the commencement of the training programme. It was also clarified to students that DPE norms would apply for availing NGU credits for internships. A total of 821 students were placed while 902 internship offers were received. A gist of data regarding the summer practical training seats obtained through OCS is given in Tables-I to II.

Table I: B.Tech. / Dual Degree / B.Des. 2nd , 3rd, and 4th Year Students Summer Training - 2025

B.Tech/Dual Degree	Seats-availed
2nd Year Students	19
3rd Year Students	544*
4th Year Students	90**

* Including 3 Students of B.Des Programme.

** Including 2 backloggers

Table II: PG Students Summer Training - 2025

Discipline	Seats-availed
Master of Design	4
Master of Science	3
Master of Public Policy	17
Master of Business Administration	144

Placement

Email letters of invitation for Campus Placement Processes were sent to a large number of public and private sector organisations especially to those which visited the Institute for campus interviews during the last three years. A large number of them registered electronically with their job profiles on the OCS portal. These were made available to the students through their logins on the OCS portal. This vigorous drive resulted in job requisitions obtained from industries from 622 Companies with 378 companies hiring on 534 job profiles. 1359 students were placed while a total of 1481 job offers were received (240 Pre-Placement Offers were received by students and 86 students got multiple jobs) by the institute including DMS and OCS placements. The sector-wise distribution of Student Placements is given in Table III.

Table III : Sector-wise distribution of student placements

Sector	Students Placed
Analytics	90
Consulting	151
Core	472
Finance	79
Information Technology	246
Management	165
Others	156
Total	1359

Table IV: Discipline-wise break-up of On-Campus Placement Position of B. Tech./Dual and 5-year integrated M. Tech. Students during 2024-25

Discipline	Number of students who availed OCS Services	Number of Students Placed	Number of students with more than one job*
(A) B. Tech			
B.Tech in Biochemical Engineering & Biotechnology	57	37	2
B.Tech in Chemical Engineering	60	50	3
B.Tech in Civil Engineering	84	55	2
B.Tech in Computer Science & Engineering	115	105	14
B.Tech in Engineering and Computational Mechanics	38	24	4
B.Tech in Electrical Engineering	124	113	11
B.Tech in Electrical Engineering (Power and Automation)	57	50	5
B.Tech in Energy Engineering	33	29	2
B.Tech in Mathematics & Computing	92	84	6
B.Tech in Materials Engineering	35	22	1

Table IV Continued...

B.Tech in Mechanical Engineering	73	57	2
B.Tech in Engineering Physics	64	45	2
B.Tech in Production & Industrial Engineering	75	53	1
B.Tech in Textile Engineering	83	57	4
(B) Dual / 5-Year Integrated M. Tech Programmes			
B.Tech and M.Tech in Biochemical Engg & Biotechnology	1	0	0
B.Tech in Civil Engineering and M.Tech. in Environmental Engineering & Management	1	0	0
B.Tech in Civil Engineering and M.Tech in Structural Engineering	1	0	0
B.Tech and M.Tech in Chemical Engineering	46	33	2
B.Tech and M.Tech in Computer Science & Engineering	42	36	8
B.Tech in Electrical Engineering and M.Tech in Communication Engineering	1	1	0
B.Tech and M.Tech in Mathematics & Computing	33	26	3
Total	1115	877	72

Table V: On-Campus placement Position of M.Tech. Students during 2024-25

Discipline	Number of students who availed OCS Services	Number of Students Placed	Number of students with more than one job*
M.Tech in Applied Optics	6	2	0
M.Tech in Atmospheric-Oceanic Science and Technology	7	2	0
M.Tech in Biomedical Engineering	6	1	0
M.Tech. in Biomolecular and Bioprocess Engineering	11	5	0
M.Tech in Chemical Engineering	11	6	0
M.Tech in Communications Engineering	11	4	0
M.Tech in Computer Science & Engineering	18	15	0
M.Tech in Computer Technology	20	17	1
M.Tech in Construction Engineering & Management	10	10	0
M.Tech in Control & Automation	6	3	0
M.Tech in Cyber Security	6	6	1
M.Tech in Electric Mobility	8	6	0
M.Tech in Energy & Environment Technologies and Management	20	15	0
M.Tech in Engineering Analysis & Design	18	14	2

Table V Continued...

M.Tech in Environmental Engineering & Management	6	1	0
M.Tech in Fibre Science & Technology	10	3	0
M.Tech in Geotechnical and Geoenvironmental Engineering	4	1	0
M.Tech in Industrial Engineering	10	7	1
M.Tech in Instrument Technology	7	4	0
M.Tech in Integrated Electronics & Circuits	10	8	1
M.Tech. in Machine Intelligence and Data Science (MINDS)	15	10	0
M.Tech in Materials Engineering	3	0	0
M.Tech in Mechanical Design	8	5	0
M.Tech in Molecular Engineering: Chemical Synthesis & Analysis	11	3	0
M.Tech in Optoelectronics & Optical Communication	16	9	0
M.Tech in Polymer Science and Technology	15	6	0
M.Tech in Power Electronics, Electrical Machines & Drives	5	2	0
M.Tech in Power Systems	1	1	0
M.Tech in Production Engineering	15	9	0
M.Tech in Radio Frequency Design & Technology	15	10	0
M.Tech in Robotics	8	2	1
M.Tech in Solid State Materials	5	4	0
M.Tech in Structural Engineering	3	1	1
M.Tech in Telecommunication Technology & Management	1	1	0
M.Tech in Textile Chemical Processing	7	5	0
M.Tech in Textile Engineering	9	4	0
M.Tech in Thermal Engineering	8	3	0
M.Tech in Transportation Engineering	1	0	0
M.Tech in VLSI Design Tools & Technology	2	2	1
M.Tech in Water Resources Engineering	9	3	0
Total	362	210	9

*This is because more than one company declared the results on the same day.

In addition, 9 M.Des., 57 M.Sc, 25 M.S(R.), 3 M.P.P, 36 Ph.D. and 142 M.B.A. students were also placed through our campus activities.

Total number of Students Placed	B.Tech.	Dual	M.Tech.	M.Des.	M.Sc.	M.S(R.)	Ph.D.	M.B.A.	M.P.P.
1359	781	96	210	9	57	25	36	142	3

Note: Those unplaced may have opted for options like higher studies/ research, Civil Services, working on their own startup ideas or got jobs through their own contacts/ efforts through off-campus mode.

Data on students finally joining the jobs opted on campus not available with OCS.

Faculty Profile and Achievements

The quality of an academic institution primarily depends on its faculty. IIT Delhi faculty is one of the finest in the country and is recognized internationally for their quality of research, teaching and curriculum development. They also contribute greatly for the development of the nation by being associated with a large number of decision-making bodies, providing crucial guidance and advice on policy matters and technical issues. Many of the faculty members serve on the editorial Boards of reputed journals, peer-review papers for publications, serve on committees for recruitment of professionals, and are on the boards of many institutions and organisations. 23 new faculty members have joined the Institute this year, which has enhanced our competence in several emerging areas, while bringing new energy into our academic endeavours. Recruitment of bright faculty members is one of the most important missions, since therein lies the future of the Institute. The Board of Governors (BoG) has played a very positive and constructive role in approving policies, that empower the faculty to deliver their best in both teaching and research. The Institute is continuously trying to reach out to the potential faculty members through a variety of means, including round-the-year search and recruitment and online submission and processing of applications.

Academic Staff in Position (Teaching and Non-teaching)

Department of Applied Mechanics	
Professor and Head	
Santosh Kapuria, Ph.D.	
Professors	
Ajeet Kumar, Ph.D. Amitabh Bhattacharya, Ph.D. Anupam Dewan, Ph.D. Badri Prasad Patel, Ph.D. Maloy Kumar Singha, Ph.D. Puneet Mahajan, Ph.D. S. Pradyumna, Ph.D. S.V. Veeravalli, Ph.D. Sanjeev Sanghi, Ph.D. Sawan Suman Sinha, Ph.D. Sitikantha Roy, Ph.D.	
Associate Professors	
Arghya Samanta, Ph.D. Gaurav Singh, Ph.D. Murali Raman Cholemari, Ph.D. Sushma Santapuri, Ph.D. Vamsi Krishna Chalamalla, Ph.D. Vikrant Tiwari, Ph.D.	
Assistant Professors	
Arjun Sharma, Ph.D. Arpit Kumar Agrawal, Ph.D. Md Rushdie Ibne Islam, Ph.D. Narsing Kumar Jha, Ph.D. Nikhil Walani, Ph.D. Prapanch Nair, Ph.D. Prateek Gupta, Ph.D. Rajdip Nayek, Ph.D. Ritabrata Thakur, Ph.D. Ritwik Bandyopadhyay, Ph.D. Sabyasachi Chatterjee, Ph.D. Souvik Chakraborty, Ph.D. Srihari Sankarasarma Vemuri, Ph.D.	
Department of Biochemical Engineering & Biotechnology	
Professor and Head	
Ritu Kulshreshtha, Ph.D.	
Professors	
Atul Narang, Ph.D. D.Sundar, Ph.D. Krishna Jyoti Mukherjee, Ph.D. Prashant Mishra, Ph.D. Preeti Srivastava, Ph.D. Ravi Krishnan Elangovan, Ph.D. Shaikh Ziauddin Ahammad, Ph.D. Shilpi Sharma, Ph.D.	

Sunil Nath, Ph.D. T.R.Sreekrishnan, Ph.D.	
Associate Professor	
Ashish Misra, Ph.D.	
Assistant Professors	
Amit Das, Ph.D. Anjan Roy, Ph.D. Ishaan Gupta, Ph.D. Jatin Panwar, Ph.D. Kumari Priti Sinha, Ph.D. Lucinda Elizabeth Doyle, Ph.D.	
Department of Chemical Engineering	
Professor and Head	
Anurag Singh Rathore, Ph.D.	
Professors	
Anil Kumar Saroha, Ph.D. Anil Verma, Ph.D. Anupam Shukla, Ph.D. Ashok Niwriti Bhaskarwar, Ph.D. Divesh Bhatia, Ph.D. Gaurav Goel, Ph.D. Jayati Sarkar, Ph.D. Kamal Kishore Pant, Ph.D. Manojkumar C. Ramteke, Ph.D. Mohammad Ali Haider, Ph.D. Paresh Pravinchandra Chokshi, Ph.D. Rajesh Khanna, Ph.D. Shantanu Roy, Ph.D. Sreedevi Upadhyayula, Ph.D. Suddhasatwa Basu, Ph.D. Sudip Kumar Pattanayek, Ph.D. Vivek Vitthal Buwa, Ph.D.	
Associate Professors	
Abhijeet Raj, Ph.D. Hariprasad Kodamana, Ph.D. Vikram Singh, Ph.D.	
Assistant Professors	
Mohan Kumar Singh Verma, Ph.D. Akshi Singla, Ph.D. Manjesh Kumar, Ph.D. Rousan Debbarma, Ph.D. Sankalp Nambiar, Ph.D. Somnath Ghosh, Ph.D. Vikrant, Ph.D.	
Department of Chemistry	
Professor and Head	
S. Nagendran, Ph.D.	

Professors	
Anil Jacob Elias, Ph.D. Ashok Kumar Ganguli, Ph.D. Hemant Kumar Kashyap, Ph.D. Jai Deo Singh, Ph.D. N.G.Ramesh, Ph.D. Nalin Pant, Ph.D. Narayanan D.Kurur, Ph.D. Nidhi Jain, Ph.D. Pramit Kumar Chowdhury, Ph.D. Pravin Popinand Ingole, Ph.D. Ravi P. Singh, Ph.D. Sameer Sapra, Ph.D. Shashank Deep, Ph.D. Siddharth Pandey, Ph.D. Sunil Kumar Khare, Ph.D. V.Haridas, Ph.D.	
Associate Professors	
Biswarup Chakraborty, Ph.D. Chinmoy Kumar Hazra, Ph.D. Gholap Shivajirao Lahu, Ph.D. Janakiram Vaitla, Ph.D. Kuntal Manna, Ph.D. Muntha Ramu Yadav, Ph.D. Ritu Gupta, Ph.D. Sayantan Paria, Ph.D. Soumik Siddhanta, Ph.D. Subrata Kundu, Ph.D. Sudipta Raha Roy, Ph.D. Tanmay Dutta, Ph.D.	
Assistant Professors	
Biju Basumatary, Ph.D. Priyanka Verma, Ph.D. Sajesh. P. Thomas, Ph.D. Sandeep Kumar Gupta, Ph.D. Tarak Karmakar, Ph.D.	
Emeritus Professor	
Ravi Shankar, Ph.D.	
Department of Civil Engineering	
Professor and Head

Niladri Chatterjee, Ph.D.
Ritumoni Sarma, Ph.D.
S.Chandra Sekhara Rao, Ph.D.
S.Dharmaraja, Ph.D.
Sivananthan Sampath, Ph.D.

Associate Professors

Amit Priyadarshi, Ph.D.
Anima Nagar, Ph.D.
Aparajita Dasgupta, Ph.D.
Biplab Basak, Ph.D.
Debdip Ganguly, Ph.D.
Kamana Porwal, Ph.D.
Minati De, Ph.D.
N.Shravan Kumar, Ph.D.
Punit Sharma, Ph.D.
Surjeet Kour, Ph.D.
Vikas Vikram Singh, Ph.D.
Viswanathan Puthan Veedu, Ph.D.

Assistant Professors

Ananta Kumar Majee, Ph.D.
Ashutosh Rai, Ph.D.
Biplab Paul, Ph.D.
Biswajyoti Saha, Ph.D.
Dalu Jacob, Ph.D.
Ekata Saha, Ph.D.
Neeraj Joshi, Ph.D.
Pinakinath Saha, Ph.D.
Rahul Singh, Ph.D.
Shiv Prakash Patel, Ph.D.
V.V.K. Srinivas Kumar, Ph.D.
Vivek Mukundan, Ph.D.

Department of Mechanical Engineering

Professor and Head

P.M.V. Subbarao, Ph.D.

Professors

Amit Gupta, Ph.D.
Anjan Ray, Ph.D.
Anoop Chawla, Ph.D.
Ashish Kamalakar Darpe, Ph.D.
B. Premachandran, Ph.D.

Digavalli Ravi Kumar, Ph.D.
Harish Hirani, Ph.D.
Jayanta Kumar Dutt, Ph.D.
M.R. Ravi, Ph.D.
Naresh Bhatnagar, Ph.D.
Naresh Varma Datla, Ph.D.
Nomesh Bhojkumar Bolia, Ph.D.
P.Venkateswara Rao, Ph.D.
Prabal Talukdar, Ph.D.
Pulak Mohan Pandey, Ph.D.
R.K.Pandey, Ph.D.
Sangeeta Kohli, Ph.D.
Sanjeev Govindrao Deshmukh, Ph.D.
Satinder Paul Singh, Ph.D.
Sivanandam Aravindan, Ph.D.
Subir Kumar Saha, Ph.D.
Subodh Vasant Modak, Ph.D.
Sudarsan Ghosh, Ph.D.
Sudipto Mukherjee, Ph.D.
Sujeet Kumar Sinha, Ph.D.
Sunil Jha, Ph.D.

Associate Professors

Arpan Gupta, Ph.D.
Bahni Ray, Ph.D.
Debabrata Dasgupta, Ph.D.
Devendra Kumar Dubey, Ph.D.
Jitendra Prasad Khatait, Ph.D.
Mayank Kumar, Ph.D.
Subhra Datta, Ph.D.
Supreet Singh Bahga, Ph.D.
Varun Ramamohan, Ph.D.

Assistant Professors

Krishna Kant Agrawal, Ph.D.
Abhishek Das, Ph.D.
Amber Srivastava, Ph.D.
Anurag Goyal, Ph.D.
Kaushik Mukherjee, Ph.D.
Kusum Meena, Ph.D.
Minakshi Kumari, Ph.D.
Pavan Prakash Duvvuri, Ph.D.
Prashant Palkar, Ph.D.
Pratik Das, Ph.D.
Prithviraj Mukhopadhyay, Ph.D.
Rajan Prasad, Ph.D.
Rama Krishna K, Ph.D.
Sagar Sarkar, Ph.D.
Shaurya Shriyam, Ph.D.

Department of Physics

Professor and Head

Sujeet Chaudhary, Ph.D.

Professors

Aloka Sinha, Ph.D.
Amita Das, Ph.D.
Amruta Mishra, Ph.D.
Dalip Singh Mehta, Ph.D.
Gaddam Vijaya Prakash, Ph.D.

Hitendra Kumar Malik, Ph.D.
Jitendra Pratap Singh, Ph.D.
Marshal, Ph.D.
Pankaj Srivastava, Ph.D.
Pranaba Kishor Muduli, Ph.D.
R.K. Varshney, Ph.D.
Rajendra Singh Dhaka, Ph.D.
Rajendra Singh, Ph.D.
Sankalpa Ghosh, Ph.D.
Santanu Ghosh, Ph.D.
Varsha Banerjee, Ph.D.

Associate Professors

Bhaskar Kanseri, Ph.D.
Brajesh Kumar Mani, Ph.D.
Folke Tobias Florus Toll, Ph.D.
Joyee Ghosh, Ph.D.
Pintu Das, Ph.D.
Rahul Suresh Marathe, Ph.D.
Saswata Bhattacharya, Ph.D.
Sujin B.Babu, Ph.D.
Sunil Kumar, Ph.D.

Assistant Professors

Abhishek Muralidhar Iyer, Ph.D.
Aditya Narain Agnihotri, Ph.D.
Amartya Sengupta, Ph.D.
Bodhaditya Santra, Ph.D.
Deepak Kumar, Ph.D.
Evan Matthew Aguirre, Ph.D.
Hemanta Kumar Kundu, Ph.D.
Kaushik Sen, Ph.D.
Kaustuv Manna, Ph.D.
Manisha Thakurathi, Ph.D.
Pradipta Ghosh, Ph.D.
Rohit Narula, Ph.D.
Sarthak Parikh, Ph.D.
Sujit Manna, Ph.D.
Suprit Singh, Ph.D.
Tarun Sharma, Ph.D.
Vikrant Saxena, Ph.D.

Emeritus Professor

Neeraj Khare, Ph.D.

Department of Textile & Fibre Engineering

Professor and Head

R. Alagirusamy, Ph.D.

Professors

Abhijit Majumdar, Ph.D.
Amit Rawal, Ph.D.
Aparba Das, Ph.D.
Ashwini K. Agrawal, Ph.D.
Bhanu Nandan, Ph.D.
Bhupendra Singh Butola, Ph.D.
Deepti Gupta, Ph.D.
Dipayan Das, Ph.D.
Mangala Joshi, Ph.D.

R.S. Rengasamy, Ph.D. Rajiv K. Srivastava, Ph.D. Samrat Mukhopadhyay, Ph.D. Sourabh Ghosh, Ph.D.
Associate Professors
Bipin Kumar, Ph.D. Javed Nabibaksha Sheikh, Ph.D. Md. S. Wazed Ali, Ph.D. Sohel Rana, Ph.D. Vijaykumar Narayandas Baheti, Ph.D.
Assistant Professors
Archana Samanta, Ph.D. Harun Venktesan, Ph.D. Sumit Sinha Ray, Ph.D.
Emeritus Professors
Manjeet Jassal, Ph.D. Rabisankar Chattopadhyay, Ph.D.
Centre for Applied Research in Electronics
Professor and Head
Samaresh Das, Ph.D.
Professors
Ananjan Basu, Ph.D. Arun Kumar, Ph.D. Monika Aggarwal, Ph.D.
Associate Professors
Ankur Gupta, Ph.D. Mahesh P. Abegaonkar, Ph.D. Prabhu Babu, Ph.D. Pushpapraj Singh, Ph.D.
Assistant Professors
Aakash Arora, Ph.D. Kirill Klionovski, Ph.D. Kirti Dhawaj, Ph.D. Rahul Mishra, Ph.D. Neel Kanth Kundu, Ph.D. Vigyanshu Mishra, Ph.D. Vikrant Kaim, Ph.D.
Adjunct Professor of Practice
Gaurav Sharma, M.Tech
Centre for Atmospheric Science
Professor and Head
Somnath Baidya Roy, Ph.D.
Professors
Dilip Ganguly, Ph.D. Krishna Mirle Achutarao, Ph.D. Sagnik Dey, Ph.D. Saroj Kanta Mishra, Ph.D. Vimlesh Pant, Ph.D.
Associate Professors
Ravi Kumar Kunchala, Ph.D. Sandeep Sukumaran, Ph.D.

Assistant Professors
Sajeev Philip, Ph.D. Samiran Mandal, Ph.D. Sarvesh Kumar Dubey, Ph.D. Saurabh Rathore, Ph.D. Shahzad Gani, Ph.D. Yama Dixit, Ph.D.
Emeritus Professor
Ambarukhana Devendra Rao, Ph.D.
Visiting Professor
Vikram Madhuvadan Mehta, Ph.D.
Centre for Automotive Research & Tribology
Professor and Head
Deepak Kumar, Ph.D.
Professor
Santanu Kumar Mishra, Ph.D.
Associate Professor
Shahab Fatima, Ph.D.
Assistant Professors
Husain Kanchwala, Ph.D. Krishna R. Ramachandran Potti, Ph.D. Mandeep Singh Rana, Ph.D. Saptarshi Basak, Ph.D. Saurabh Saxena, Ph.D.
Centre for Biomedical Engineering
Professor and Head
Neetu Singh, Ph.D.
Professors
Anup Singh, Ph.D. Sandeep Kumar Jha, Ph.D.
Associate Professors
Amit Mehndiratta, Ph.D. Arnab Chanda, Ph.D. Deepak Joshi, Ph.D. Dinesh Kalyanasundaram, Ph.D. Jayanta Bhattacharyya, Ph.D.
Assistant Professors
Aarat Pratyaksh Kalra, Ph.D. Biswarup Mukherjee, Ph.D. Naveen Kumar Singh, Ph.D. Pradipta Mukherjee, Ph.D. Priya Vashisth, Ph.D. Sachin Kumar B, Ph.D. Sarvesh Kumar Srivastava, Ph.D.
Emeritus Professor
Harpal Singh, Ph.D.
Visiting Professor
Kishore Kumar Deepak, Ph.D.
Computer Services Centre
Senior System Manager & Head
Pardeep Kumar Gupta, M.Tech.

Senior System Managers (SG)
Ajay Guleria, Ph.D. Gopal Krishan, B.Tech. K. Narayanan, M.Sc. Pravanjan Kumar Baboo, Ph.D.
System Managers
Gaurav Munjal, B.E. M. Mallikharjuna Rao, Ph.D. Manish Agarwal, Ph.D. Pragya Jain, Ph.D. Raj Kumar Chauhan, M.C.A. Rajesh Bhatt, Ph.D.
System Architects
Amrish Kumar Sharma, B.Tech. Ashish Kumar Singh, M.Tech. Jaya, M.Tech. Sambhav Jain, B.E. Sudeep Narayan Banerjee, M.Tech.
Educational Technology Services Centre
Professor and Head
Smruti Ranjan Sarangi, Ph.D.
Optics and Photonics Centre
Professor and Head
P. Senthilkumaran, Ph.D.
Professors
Joby Joseph, Ph.D. Kedar Bhalchandra Khare, Ph.D. Ritwick Das, Ph.D. Saurabh Mani Tripathi, Ph.D.
Assistant Professors
Awanish Pandey, Ph.D. Deepak Jain, Ph.D. Dheeraj Pratap, Ph.D. Gayathri Bharathan, Ph.D. Parvendra Kumar, Ph.D.
Emeritus Professor
Anurag Sharma, Ph.D.
Centre for Rural Development & Technology
Professor and Head
Vivek Kumar, Ph.D.
Professors
Anushree Malik, Ph.D. Jatindra Kumar Sahu, Ph.D. Priyanka Kaushal, Ph.D. Vijayaraghavan M. Chariar, Ph.D. Virendra Kumar Vijay, Ph.D.
Associate Professors
Hariprasad P., Ph.D. Kavya Dashora, Ph.D.
Assistant Professors
Ajay Saini, Ph.D. Pooja Ghosh, Ph.D.

Center for Sensors, Instrumentation & Cyber-Physical System Engineering	
	Professor and Head
Gufran Sayeed Khan, Ph.D.	
	Professor
Ravibabu Mulaveesala, Ph.D.	
	Associate Professors
Jolly Xavier P., Ph.D.	
Satish Kumar Dubey, Ph.D.	
	Assistant Professors
Jasleen Lugani, Ph.D.	
Manish Kumar, Ph.D.	
Shahid Malik, Ph.D.	
	Professor of Practice
Hari Babu Srivastava, Ph.D.	
National Resources Centre for Value Education in Engineering	
	Professor and Coordinator
Kanika T. Bhal, Ph.D.	
Bharti School of Telecommunication Technology and Management	
	Professor and Head
Huzur Saran, Ph.D.	
	Professor of Practice
Debashis Mitra, Ph.D.	
Krishna Kumar Sirohi, Ph.D.	
Amar Nath & Shashi Khosla School of Information Technology	
	Professor and Head
Srikanta Bedathur Jagannath, Ph.D.	
	Visiting Professor
Ashok Kumar Bhateja, Ph.D.	
Yardi School of Artificial Intelligence	
	Professor and Head
Parag Singla, Ph.D.

	Assistant Librarian
Manu T. R., M.Lib.	
Mohit Garg, M.Lib.	

NEW APPOINTMENTS

23 new faculty members have joined the Institute during the period from April 1, 2024 to March 31, 2025. These new additions to the faculty have enhanced the competence in several emerging areas, while bringing new energy into academic endeavours.

Department of Applied Mechanics

Arpit Kumar Agrawal, Assistant Professor

Department Biochemical Engineering & Biotechnology

Jatin Panwar, Assistant Professor

Department of Chemical

Akshi Singla, Assistant Professor

Department of Civil Engineering

Rohith A. N., Assistant Professor

Allan L. Marbaniang, Assistant Professor

Gaurav Talukdar, Assistant Professor

Department of Electrical Engineering

Amartansh Dubey, Assistant Professor

Krishan Kant, Assistant Professor

Department of Energy Science and Engineering

Sujeet Yadav, Assistant Professor

Arihant Bhandari, Assistant Professor

Department of Humanities & Social Sciences

Sunny Kumar, Assistant Professor

Department of Materials Science & Engineering

Abhishek Sarkar, Assistant Professor

Department of Mathematics

Dalu Jacob, Assistant Professor

Rahul Singh, Assistant Professor

Pinakinath Saha, Assistant Professor

Biplab Paul, Assistant Professor

Department of Physics

Hemanta Kumar Kundu, Assistant Professor

Evan Matthew Aguirre, Assistant Professor

Centre for Applied Research in Electronics

Kirill Klionovski, Assistant Professor

Vikrant Kaim, Assistant Professor

Centre for Automotive Research and Tribology

Mandeep Singh Rana, Assistant Professor

Yardi School of Artificial Intelligence

Raunak Pushpak, Assistant Professor

Arambam James Singh, Assistant Professor

FACULTY AWARDS AND RECOGNITIONS

IIT Delhi distinguished faculty colleagues continue to make a difference to the world of Science, Engineering, Humanities, Public Policy, and Management, and continue to earn recognition and awards, which bring glory to the Institute. Their achievements are regularly recognized by national and international bodies. Details of faculty awards and recognitions for the last year are given below:

List of award winners and fellows of academies from April, 2024 to March, 2025.

Prof. Ashu Verma

Department of Energy Science and Engineering, has received the Power Fellowship from SERB, Department of Science and Technology.

Prof. Rajendra Singh

Department of Physics, has been elected as APAM (Asia Pacific Academy of Materials) Academician.

Prof. Neetu Singh and Prof. Bahni Ray

Centre for Biomedical Engineering and Department of Mechanical Engineering have been selected as INSA Young Associates 2024.

Prof. Anil Kumar Saroha

Department of Chemical Engineering, has been selected as Fellow of the Royal Society of Chemistry.

Prof. Vasant Matsagar

Department of Civil Engineering has received ACCE(I) Nagadi Award 2024.

Prof. Ashwini Vaidya

Department of Humanities and Social Sciences has received Google Research Scholar Award 2024.

Prof. Bhim Singh

Emeritus Professor, Department of Electrical Engineering has been awarded Rashtriya Vigyan Puraskar: Vigyan Shri Award 2024.

Prof. Nidhi Jain

Department of Chemistry has been awarded National Teacher Award 2024.

Indian National Academy of Engineering (INAE) Fellows are :

Prof. Dipti Ranjan Sahoo

Dept. of Civil Engineering

Prof. Mausam

Dept. of Computer Science and Engineering

Prof. Janardhanan Sivaramakrishnan

Dept. of Electrical Engineering

National Academy of Sciences, India (NASI) Fellows are:-

Prof. Mani Mehra

Dept. of Mathematics

Prof. Vijaya Prakash Gaddam

Dept. of Physics

Prof. Tapan Kumar Gandhi

Dept. of Electrical Engineering

Prof. Vasant Annasaheb Matsagar

Dept. of Civil Engineering

Prof. Shilpi Sharma

Dept. of Biochemical Engineering and Biotechnology

Prof. Divya Nayar

Department of Material Science and Engineering, has been selected as an Associate of Indian Academy of Sciences, Bangalore.

Prof. Sagnik Dey

Centre for Atmospheric Sciences has been selected for Devendra Lal Memorial Award by American Geophysical Union in 2024.

Prof. Manabendra Saharia

Department of Civil Engineering, has been awarded the National Geospatial Emerging Faculty Fellow Award 2024 by FOSSEE (IIT Bombay).

Dr. Nabi Hasan

Librarian, Central Library has been awarded the SLA Asia Librarian Excellence Award 2024.

Prof. Kavya Dashora

Centre for Rural Development and Technology has been awarded IAAM Young Scientist Award.

The Stanford/Elsevier list of top 2% Scientist Rankings across the globe published in August 2024 contains 112 researchers from IIT Delhi.

[\("August 2024 data-update for "Updated science-wide author databases of standardized citation indicators"\)](#)

Prof. Konijeti Sreenadh

Dept. of Mathematics has been elected as INSA Fellow.

Prof. Naresh Bhatnagar

Department of Mechanical Engineering, IIT Delhi has received the Distinguished Alumni Award 2024 for his Excellence in Academic/ Research/ Innovation/ Invention by NIT Trichy.

Prof. N. M. Anoop Krishnan

Department of Civil Engineering has been selected for the Sir Alastair Pilkington Award, 2024 by the Society of Glass Technology, UK.

Prof. Manabendra Saharia

Department of Civil Engineering has been conferred the 'Indian National Geospatial Award 2024' by the Indian Society of Remote Sensing.

Prof. Gunturi Venkata Ramana

Department of Civil Engineering has been awarded the prestigious 'IGS Delhi Chapter Lifetime Achievement Award' by the Indian Geotechnical Society (IGS) Delhi Chapter.

Prof. Chinmoy Kumar Hazra

Department of Chemistry has been honored with the Chirantan Rasayan Sanstha® (CRS) Bronze Medal.

Prof. Deepak Jain

Centre for Optics and Photonics has received accolades from the defense minister for developing bend compensated optical fibers for high power lasers.

Prof. A.K Keshari

Department of Civil Engineering has received the Jury Water Award from India Water Foundation on 6th December 2024 during Water Transversality Global Awards and Conclave 2024.

Prof. Ashok K Ganguli

Department of Chemistry has been awarded Indian Chemical Society Lifetime Achievement Award 2024.

Prof. Souvik Chakraborty

Department of Applied Mechanics has received Fulbright-Nehru Academic and Professional Excellence Fellowship.

Prof. Nitya Nand Gosvami

Department of Material Science & Engineering, has received Fulbright-Nehru Academic and Professional Excellence Fellowship.

Prof. Dhanya C.T.

Department of Civil Engineering, has received the prestigious "Disaster Risk Reduction (DRR) Award" of Disaster Management Initiatives and Convergence Society (DMICS) – World Congress on Disaster Management (WCDM) in the category of Disaster Preparedness.

Prof. Amita Das

Department of Physics, has been selected as the Secretary of the IUPAP (International Union of Pure and Applied Physics) C 16: Plasma Physics commission for three year period (2025-2027).

Prof. Kehar Singh

Optics and Photonics Centre has been conferred the E.N Leith medal by the Optical Society of America (OPTICA).

Prof. Hariprasad Kodamana

Department of Chemical Engineering has been selected as a 2025-26 Cornell University AI4S Visiting Professor.

Prof. Gaddam Vijaya Prakash

Department of Physics- Basic Research Award (Prof. K.L. Chopra Faculty Research Award)

Prof. Dipti Ranjan Sahoo

Department of Civil Engineering- Applied Research Award (Prof. P.C.P. Bhatt Faculty Research Award)

Jointly awarded Early Career Award (Mrs. Veena Arora Faculty Research Award):

Prof. Arnab Banerjee

Department of Civil Engineering

Prof. Souvik Chakraborty

Department of Applied Mechanics

Prof. Dibyajyoti Ghosh

Department of Material Science and Engineering

Prof. Bhim Singh: Vigyan Shri Award 2024.

Performance of Academic Units

Publication

During the period under report, international bibliographic databases have indexed 3098 research articles published by faculty members and researchers of the institute in international journals, including 4159 articles indexed in Scopus, an international indexing service in Science & Technology and Social Sciences. The faculty members have also presented a similar number of papers in national and international conferences. Besides, they have also published many books and conducted several continuing education programmes. The Institute supported the participation of faculty members in international and national conferences this year. Many more participated with financial support from sponsored projects and other funding agencies.

IIT Delhi is proud to recognize the world-class publications produced by its faculty members. This year, the faculty members published multiple books, edited volumes, book chapters, journal articles and conference proceedings. Details of publications published during the period are given below:

Book Authored / Co-Authored

Author	Title	Publisher	ISBN	Year
Prof. Ajoy Ghatak	Albert Einstein: The Story of a Genius	Viva Books	9789386243973	2024
Prof. Subodh V. Modak	Analytical and Experimental Modal Analysis	CRC Press	9781138318151	2024
Prof. Shiban K. Koul	Antenna Systems for Modern Wireless Devices	Springer	978-981-97-3369-9	2024
Prof. Priyanka Kaushal	Biomass Gasification, Pyrolysis, and Torrefaction: Practical Design, Theory, and Climate Change Mitigation	Elsevier	9780443137846	2024
Prof. Sawan S. Sinha	Fundamentals of Fluid Mechanics	ANE Books	9788119662760	2024
Prof. Deepti Gupta & Prof. Abhijit Majumdar	Functional Textiles and Clothing 2023	Notion press	978-981-99-9983-5	2024
Prof. Bhagu Ram Chahar	Hydrology of Groundwater	Pearson	9789357059695	2024
Prof. Dharmaraja Selvamuthu and Prof. Dipayan Das	Introduction to Probability, Statistical Methods, Design of Experiments and Statistical Quality Control	Springer	9789819993628	2024
Prof. P. C. Dumir, Prof. B. P. Patel & Prof. Sanjeev Sanghi	Mechanics of Solids: Volume I	Springer	9789819998289	2024

Prof. Pradeep R. Bijwe	Happiness First: Healthy Way to Academic Success	Notion press	9798893639520	2024
Prof. Dharmaraja Selvamuthu	Reliability Assessment of Tethered High-Altitude Unmanned Telecommunication Platforms: K-Out-of-N Reliability Models and Applications	Springer	9789819993628	2024
Prof. Rajendra Singh	The Physics of Semiconductor Devices	Springer	978-981-97-1571-8	2024
Prof. Sujeet Kumar Sinha & Prof. Deepak Kumar	Tribology for Energy, Environment and Society	Springer	978-981-99-9264-5	2024

Edited/Written Volumes

Author	Title	Publisher	ISBN	Year
Karabchevsky A.; Choudhary A.	ON-CHIP PHOTONICS: Principles, Technology and Applications	Elsevier	978-032391765-0; 978-032397203-1	2024

CONFERENCES/SEMINARS/WORKSHOPS/LECTURES

A Department wise list of Conferences, Seminars, Workshops, and Lectures organised by the Academic units of the Institute during the period is given below:

Conferences

Design

- *'Futuring Design Education 2024'*, organised by Prof. Aneesha Sharma IIT Delhi, from 10 to 11 February 2024. Sponsored by Experience Lab IIT Delhi, TimesPro.
- *'Sustainability in Design Education: SiDE Symposium'*, organised by Prof. Saurabh Tewari and Dr. Sam Franklin IIT Delhi, from 22 to 23 January 2025. sponsored by MFIRP of IITDelhi and TU Delft.
- *'What Was Sustainability? The Past, Present, and Future of Sustainability in Design and its Education'*, organised by Dr. Sam Franklin and Prof. Saurabh Tewari, TU Delft, from 26 to 27 March 2025. sponsored by TU Delft and IIT Delhi.

Mechanical Engineering

- *'Bio-Tribology & Related Medical Devices'*, organised by Prof. Sujeet K Sinha, IIT Delhi, from 03 to 04 June 2024, sponsored by Anton Paar, India and TTRF, Japan.

Optics and Photonics

- *'International Day of Light'*, organised by HOD, on 16 May 2024.
- *'Photonics Middle East International Conference - Exhibition'*, organised by Prof. Joby Joseph, Mohammed Bin Rashid University, Healthcare City, Dubai, UAE, on 31 January 2024.

Textile and Fibre Engineering

- *'Functional Textiles and Clothing'*, organised by Prof. Deepti Gupta and Prof. Abhijit Majumdar, IIT Delhi, from 31 January to 02 February 2025, sponsored by Ministry of Textiles, Govt. of India.

Materials Science and Engineering

- *'AI/ML & Multiscale Modeling for Materials Discovery Symposium'*, organised by Prof. S. V. Karra and Prof. N. S. Harsha Gunda, IIT Delhi, from 26 to 27 April 2025, sponsored by TCS Research, Tata Steel and DRDO.

Biochemical Engineering and Biotechnology

- *'National Technology Day Celebration'*, organised by Prof. Ritu Kulshreshtha, IIT Delhi along with Indraprastha Vigyan Bharti, Research and Innovation Park, IIT Delhi, on 13 May 2025.

Energy Science and Engineering

- *'10th edition of Plasma Science Society of India-Plasma Scholar's Colloquium 2024 (PSSI-PSC2024)'*, organised by Prof. Ramesh Narayanan and Prof. Satyananda Kar, IIT Delhi, from 04 to 05 July 2024.
- *'International Symposium on Knowledge Exchange in Renewable Energy Technologies'*, organised by Department of Energy Science and Engineering, IIT Delhi, under the UK-India Education and Research Initiative (UKIERI) funded by the Scheme for Promotion of Academic and Research Collaboration (SPARC), IRD Conference Room, IIT Delhi, on 16 August 2024.

Physics

- *'Perspectives on Beam-Driven Plasma Based Acceleration'*, speaker: Prof. Chandrashekhhar Joshi, Dept. of Electrical Engineering, UCLA, organised by Prof. Amita Das and Prof. Vikrant Saxena, IIT Delhi, on 05 December 2024.
- *'Introduction to the fellowship programs and opportunities of the Alexander von Humboldt Foundation'*, GERMANY, organised by prof. Joyee Ghosh, Seminar Hall, IIT Delhi, on 19 March 2025.
- *'Light-Matter Interaction, Quantum Photonics & Quantum Information'*, organised by Prof. Joyee Ghosh, LH-212, IIT Delhi, on 25 February 2023.
- *'Generalised Global symmetries and phases of Quantum Matter'*, speaker: Dr. Apoorv Tiwari (Niels Bohr Institute, Copenhagen), organised by Prof. Sankalpa Ghosh and Prof. Abhishek Ayer, on 23 July 2024.
- *'Polarisation and superconductivity in van der Waals bilayers (with and without Moiré)'*, speaker: Dr. Gaurav Chaudhary (University of Cambridge), organised by prof. Sankalpa Ghosh and prof. Abhishek Ayer, on 04 April 2024.

Mechanical Engineering

- *'Accessible and Inexpensive Molecular Testing via Microfluidics, Systems Engineering, and Toy-Inspired Physics'*, organised by Department, on 14 May 2025.
- *'Trajectory Planning and Task Allocation for Autonomous Ground and Aerial Vehicles'*, organised by Department, on 15 April 2025.
- *'Telerobotic Ultrasound'*, organised by Department, on 2 April 2025.
- *'Artificial Intelligence for Fluid Simulations: some exciting new avenues'*, organised by Department, on 27 March 2025.
- *'Novel Battery Thermal Runaway Prognostics Methodology for Electric and Hybrid Aircraft'*, organised by Department, on 18 December 2024.
- *'An overview of Recent Efforts in Developing Optimized Biaxial Cruciform Specimens of Mild Steels, SS 316L, and Aluminium Alloys'*, organised by Department, on 11 December 2024.
- *'Dynamic stall onset and its prediction'*, organised by Department, on 25 October 2024.
- *'Resonance of subhemispherical water balloons: Shape analysis and frequency prediction'*, organised by Department, on 27 September 2024.
- *'Mechanics and Design of Next-Generation Protective Overlayers for Extreme Environments'*, organised by Department, on 07 August 2024.

- *'Microfluidics design towards brain-on-a-chip models'*, organised by Department, on 25 July 2024.
- *'Engineering the Future: Wearable Robots for Hands and Upper Body'*, organised by Department, on 04 July 2024.
- *'Fast Simulation Techniques for Sub-Continuum Transport'*, organised by Department, on 01 July 2024.
- *'Intelligent Control for Smart and Sustainable Mobility'*, organised by Department, on 13 February 2025.
- *'Scheduling Models and Heuristics in the Airline Industry'*, organised by Department, on 06 March 2025.
- *'Unmanned Aerial Vehicle (UAV) Search and Routing Planning Area'*, organised by Department, on 10 March 2025.
- *'AI Solution for fraud, waste and Abuse Detection in Asian Health Insurance Landscape'*, organised by Department, on 27 March 2025.
- *'Routing in the Real- world'*, organised by Department, on 21 April 2025.

■ Optics and Photonics

- *'Academic Research on Global Challenges'*, organised by Prof. Ritwick Das, Seminar Hall, IIT Delhi, on 18 November 2024.
- *'Introduction to Biophotonics'*, organised by Prof. Dheeraj Pratap, Dept. of Physics, Seminar room MS-420, IIT Delhi, on 09 October 2024.
- *'Photonics Frequency Combs'*, organised by Prof. Ritwick Das, OPC Committee Room, IIT Delhi, on 20 February 2024.

■ Biochemical Engineering and Biotechnology

- *'Decoding Alzheimer's through a cross-regional and cell-intrinsic genomic lens'*, speaker: Dr. Sanga Mitra, organised by Prof. Ishaan Gupta, on 6 May 2025.
- *'Advances in de novo enzyme engineering methods and their impact in sparking and supporting innovation in Industry and Academia'*, speaker: Dr. Poonam Srivastava, organised by Prof. Ishaan Gupta, on 27 February 2025.
- *'Microbial resource management: an approach to develop microbial-based solutions for a better world'*, speaker: Prof. Kankana Kundu, organised by Prof. Ishaan Gupta, on 04 March 2025.
- *'Making Cellular therapy accessible in India'*, speaker: Dr. Vijay Patil, organised by Prof. Ishaan Gupta, on 03 January 2025.
- *'A biochemical engineer's journey from the 1st batch of DBEB to today: Developing vaccines, cell therapies and biologics'*, speaker: Dr. Gargi Maheshwari, organised by Department, on 08 November 2025.

- ***'Harnessing social interactions in the plant microbiome'***, speaker: Dr. Tanvi Taparia, organised by Prof. Ishaan Gupta, on 05 November 2025.
- ***'Enhancing plant health with microbes: Uncovering beneficial secondary metabolites through AI, automation, and biosensors'***, speaker: Prof. Lars Jelsbak, organised by Prof. Ishaan Gupta, on 23 October 2024.
- ***'Stress Warriors: How Archaea Combat Stress with Heat Shock Proteins and Toxin-Antitoxin Systems'***, speaker: Dr. Abhrajyoti Ghosh, organised by Prof. Shilpi Sharma, on 03 October 2024.
- ***'Strategic Success: Navigating Personal Branding Networking, and LinkedIn for Career Growth and Entrepreneurship'***, speaker: Dr. Jagadeesh Gandla, organised by DBEB OCS Team, on 11 September 2024.
- ***'From Linear Motifs to AlphaFold – the impact of AI in Illuminating mechanistic of Protein-Protein interactions (PPIs)'***, speaker: Dr. Manjeet Kumar, organised by Prof. Ishaan Gupta, on 11 September 2024.
- ***'Epigenetic inhibitors induced ERV derived neoantigens - A new class of cancer immunotherapy targets'***, speaker: Dr. Ashish Goyal, organised by Prof. Ishaan Gupta, on 23 January 2024.
- ***'Optimization of electroporation methods and recombinant malonate pathway in *Methylovibrio alcaliphilum*'***, speaker: Dr. Shubhashih Goswami, organised by Prof. Ishaan Gupta, on 13 January 2024.

Chemistry

- ***'Steering Molecular Diffusion in Nanoporous Materials for Chemical Separation and Catalysis'***, speaker: Prof. Ritesh Halder, Tata Institute of Fundamental Research (TIFR), Hyderabad, organised by Department, IIT Delhi, on 26 July 2024.
- ***'A frustrated lewis pair solution to a frustrating problem: Mono-Selective Functionalisation of C-F bonds in Polyfluoroalkanes'***, speaker: Prof. Rowan D. Young, School of Chemistry and molecular biosciences, University of Queensland, organised by Department, IIT Delhi, on 19 July 2024.
- ***'Crafting small molecule based engineered channels for selective and regulated ion transport and targeted diseases'***, speaker: Prof. Pinaki Talukdar, IISER Pune, organised by Department, IIT Delhi, on 16 July 2024.
- ***'Computational modelling of transport of charge carriers and phonons in a few semiconductors'***, speaker: Prof. Swapan K. Pati, School of advanced materials, Jawaharlal Nehru Centre for Advanced Scientific Research, Bangalore, organised by Department, IIT Delhi, on 14 August 2024.
- ***'When Known Therapeutic Agents Meet a Renewed Prospect: Discovery of Phase I Clinical Candidate for Parkinson Treatment'***, speaker: Prof. Diwan S Rawat, University of Delhi, organised by Department, IIT Delhi, on 23 September 2024.
- ***'Spectro-Electrochemistry: New Tool for Diverse Applications'***, speaker: Dr. David Ibanez's, Metrohm Dropsens S.L., Spain, organised by Department, IIT Delhi, on 17 September 2024.
- ***'Synthesis and Biological Evaluation of Novel Beta Lactams as Anticancer Agents'***, speaker: Prof. Bimal Krishna Banik, Prince Mohammad Bin Fahd University, Kingdom of Saudi Arabia, organised by Department, IIT Delhi, on 02 September 2024.

- ***'Efforts in drug discovery through natural products and silicon incorporation approach'***, speaker: Dr. D. Srinivasa Reddy, CSIR-Indian Institute of chemical Technology, hydraba, organised by Department, IIT Delhi, on 27 September 2024.
- ***'Electrochemical dimerisation of 3- substituted -2- oxindoles : Many routes, one destination'***, speaker: Prof. Amit Paul, IISER Bhopal, organised by Department, IIT Delhi, on 17 October 2024.
- ***'Development of Heterobifunctional molecules (PROTACS) as anticancer Agents'***, speaker: Prof. Amarnath Natarajan, University of Nebraska, organised by Department, IIT Delhi, on 15 October 2024.
- ***'Recent Advances in main group chemistry: A new horizon for drug discovery and Catalysis'***, speaker: Dr. Neha Patel ,Friedrich-Alexander University Erlangen- Nürnberg, organised by Department, IIT Delhi, on 17 October 2024.
- ***'Transition metal complexes and inorganic materials: Photoinduced energy/electron transfer governing catalysis and antimicrobial therapy'***, speaker: Friedrich-Alexander University Erlangen- Nürnberg, IISER Kolkata, West Bengal, organised by Department, IIT Delhi, on 06 November 2024.
- ***'Diamne and Diamond'***, speaker: Prof. Rodney s. Rouff, Institute of Basic Science (IBS), Ulsan, Republic of Korea, organised by Department, IIT Delhi, on 13 November 2024.
- ***'Growing Crystalline Materials: Transition Zone Theory Reveals Mecahanistic insight that removes the 'Magic' from crystal growth'***, speaker: Prof. James D. Martin, North Carolina State University, organised by Department, IIT Delhi, on 18 November 2024.
- ***'Olfaction: Structure and function studies of a Pheromone-Binding Protein'***, speaker: Prof. Smita Mohanty, Oklahoma State University, Stillwater, OK, USA, organised by Department, IIT Delhi, on 04 December 2024.
- ***'Electrocatalysis for a CO₂ neutral World: From Nature-Inspired Catalysts to industrially functional electrodes'***, speaker: Prof. Justus Masa, Max Planck Institute for chemical energy conversion, Mulheim an der Ruhr, Germany, organised by Department, IIT Delhi, on 03 December 2024.
- ***'New strategies for the synthesis of unusual peptides and alkaloids'***, speaker: Prof. Steven L. Castle, Brigham Young University, Provo, Utah, USA, organised by Department, IIT Delhi, on 06 December 2024.
- ***'Realisation, Quantification, and Mitigation of Hydrogen Evolution for Aqueous Zinc Metal Batteries'***, speaker: Prof. Kingshuk Roy, Research Institute for Sustainable Energy (RISE), TCG CREST, Kolkata, organised by Department, IIT Delhi, on 30 December 2024.
- ***'Sulfinimines in the total synthesis of alkaloid natural products: Towards the synthesis of Strychnine and Nakadomarin A'***, speaker: Prof. K.R. Prasad, IISc Bangalore, organised by Department, IIT Delhi, on 26 December 2024.
- ***'Development of Cross-Coupling Dehydrogenative Coupling Reactions'***, speaker: Prof. Fredric W. Patureau, RWTH Aachen University, organised by Department, IIT Delhi, on 03 January 2025.
- ***'New Developments in microwave Techniques to characterise optpelectronic properties in metal halide perovskites'***, speaker: Prof. Tom J Savenije, Delft University of Technology, The Netherlands, organised by Department, IIT Delhi, 30 January 2025.

- ***'Halide Perovskite Tales: From Dimensional Tricks to Nanoplatelet Flicks'***, speaker: Prof. Sayan Bhattacharya, IISER Kolkata, organised by Department, IIT Delhi, 30 January 2025.
- ***'Femtosecond Laser Spectroscopy for spatially and temporally Controlled Chemistry'***, speaker: Prof. Debarata Goswami, IIT Kanpur, organised by Department, IIT Delhi, on 13 January 2025.
- ***'Ligands for * Lewis Acids (* = Transition Metals)'***, speaker: Prof. Jonathan L. Kuo, Prof. Jonathan L. Kuo, organised by Department, IIT Delhi on 08 January 2025.
- ***'Linking functionality to atoms: A roadmap for energy materials'***, speaker: Dr. Soham Mukherjee, University of Bari Aldo Moro, Italy, organised by Department, IIT Delhi, on 05 February 2025.
- ***'Direct arylation and cross dehydrogenative couplings of (hetero)arenes: sustainable routes to organic materials for solar cells'***, speaker: Prof. Gianluca Maria Farinola, University of Bari Aldo Moro , Italy, organised by Department, IIT Delhi, 04 February 2025.
- ***'Cryogenic Spectroscopy of Transient Molecules and clusters : Implication in Astrochemistry and Atmospheric Science'***, speaker: Dr. Arghya Chakraborty, Ruhr University, Bochum, Germany, organised by Department, IIT Delhi, 28 February 2025.
- ***'Taking a small molecule from discovery clinic'***, organised by Department, IIT Delhi on 13 February 2025.
- ***'Ge(0) compound with ambiphilic reactivity'***, speaker: Prof. Nikinov Georgii Igorevich, Brock University, St. Catharines, Ontario, Canada, organised by Department, IIT Delhi, on 11 February 2025.
- ***'Ylides and cationic helicenes versatile platforms for reactivity and property engineering'***, speaker: Prof. Jerome Lacour, University of Geneva, Switzerland, organised by Department, IIT Delhi, on 28 February 2025.
- ***'Efficient first principles exploration on the physical and chemical space of peptides and saccharides enabled by neural network potentials'***, speaker: Dr. Jer-Lai Kuo, Institute of Atomic and Molecular Science, Academia Sinica, Taiwan, organised by Department, IIT Delhi, on 17 February 2025.
- ***'Weak Chelation Assisted C-H functionalisation using Cobalt Catalyst: A sustainable Approach'***, speaker: Prof. Ponneri C Ravikumar , IISER Tirupati, organised by Department, IIT Delhi, on 25 February 2025.
- ***'Photocatalysis as a green tool for the development of sustainable chemistry'***, speaker: Prof. Shoubik Das, University of Bayreuth, Germany, organised by Department, IIT Delhi, on 07 March 2025.
- ***'Regulating Chemoselectivity through Electro- and Photocatalysis'***, speaker: Prof. Suman De Sarkar, IISER Kolkata, organised by Department, IIT Delhi, on 24 March 2025.
- ***'Applications of Polysilsesquioxane Films as Heat Insulating Materials and Anti- Fogging Materials'***, speaker: Prof. Joji Ohshita, Graduate School of Advanced Science and Engineering, Hiroshima University, organised by Department, IIT Delhi, 07 March 2025.

- **'N- Confused porphyrinoids: Directional evolution from prophyrin isomer to functional NIR dyes'**, speaker: Hiroyuki Furuta, Kyushu University, Japan, organised by Department, IIT Delhi, on 13 Mar 2025.
- **'Greener Phosphorus chemistry: Redox -Neutral Pathway to Bulk Chemical Synthesis'**, speaker: Prof. Jan. J. Weigand, Technische Universitat Dresden, Germany, organised by Department, IIT Delhi, on 19 March 2025.
- **'Half-Sandwich Organo Rare-Earth Catalysis: New opportunities in Regio-, diastereo-, and enantioselective synthetic transformations'**, speaker: Dr. Aniket Mishra, RIKEN Centre for sustainable resource science, Riken, Japan, organised by Department, IIT Delhi, on 19 March 2025.
- **'Long- Lived Transient, Viswamayene, Nitrene-Carbene Conversion; Fullarazirman'**, speaker: Dr. S. V. Eswaran, St. Stephen's College, Delhi, India, organised by Department, IIT Delhi, on 11 March 2025.
- **'Mechanistic Insights for small molecule activation reactions utilising bio-inspired model complexes and Mo-N₂ase'**, speaker: Dr. Atanu Rana, MPI Mulheim, Germany, organised by Department, IIT Delhi, on 16 April 2025.
- **'Reactions of Al-kynes for the synthesis of heterocycles'**, speaker: Prof. Santosh J. Gharpure, IIT Bombay, organised by Department, IIT Delhi, on 22 April 2025.
- **'Practices in Chemical Industry'**, speaker: Dr. Gaurav Bhalla, Kemveda Services, Houston, Texas, organised by Department, IIT Delhi, 02 May 2025.
- **'Can water microdroplets make soil? A path to sustainable nanotechnology'**, speaker: Prof. Thalappil Pradeep, IIT Madras, organised by Department, IIT Delhi, on 05 May 2025.
- **'Silylene Metal Complexes : From Bonding to application'**, speaker: Prof. Shabana Khan, IISER Pune, organised by Department, IIT Delhi, on 13 May 2025.
- **'Levi-Blow Effect and separation Science'**, speaker: Prof. Subramanian Yashonath, IISc Bengaluru, organised by Department, IIT Delhi, on 13 May 2025.

Energy Science and Engineering

- **'Energy Modeling and Field Measurement Survey for Energy-Efficient HVAC Systems Featuring'**, speaker: Prof. Fu-Jen Wang from the National Chin-Yi University of Technology Taiwan, organised by Energy Society of DESE, LH318, IIT Delhi, on 24 July 2024.
- **'Technology Colloquium-The Clean Energy Transition: Challenges and Opportunities'**, jointly organised by IIT Delhi and Hitachi Energy, Seminar Hall, IIT Delhi, on 31 July 2024.
- **'Applied Physics and Engineering (Optics, Plasma Physics and Solar Energy)'**, organised by prof. M.S. Sodha, LH318, IIT Delhi, on 07 February 2025.

■ Yardi School of Artificial Intelligence

- **'Modeling Nonstrategic Human Play in Games'**, speaker: Kevin Leyton-Brown, University of British Columbia, organised by Department, Bharti 501, on 05 April 2024.
- **'Panel Discussion Navigating an AI-Powered Future'**, speaker: Mr. Rajiv Khemani, organised by Prof. Aditya Grover, Prof. Chetan Arora, Prof. Parag Singla, Prof. Sumeet Agarwal, Seminar Hall, on 13 August 2024.
- **'Can We Make Machine Learning Safe for Safety-Critical Systems'?**, speaker: Prof. Thomas G. Dietterich, Seminar Hall, on 17 February 2025.

Workshops

■ Design

- **'Researching while Resilience Thinking'**, speaker: Dr. Emilio Jose Garcia, University of Auckland, organised by Prof. Saurabh Tewari, IIT Delhi, on 29 November 2024.
- **'The use of sustainability and resilience in Design'**, speaker: Dr. Emilio Jose Garcia, University of Auckland, organised by Prof. Saurabh Tewari, IIT Delhi on 05 December 2024.

■ Physics

- **'Twistronics and Moiré patterns in van der Waals heterostructures'**, organised by prof. Sankalpa Ghosh, prof. Rohit Narula and prof. Rahul Marathe, and Efrat Shimshoni (Bar Ilan University, Isra), IIT Delhi, on 03 March 2025, sponsored by SPARC (MHRD).
- **'Indo-French biltaeral workshop on room temperature skyrmions and their potential applications'**, organised by Prof. Pintu Das and Dr. Vincent Cros, Laboratoire Albert Fert, Palaiseau, France, IIT Delhi, on 27 March 2024, sponsored by Indo French Centre for Advance Scientific Research (CEFIPRA).
- **'The future of fundamental composite dynamics: Colliders, Cosmology and Tools'**, speaker: Dr. Giacomo Cacciapaglia, Dr. Thomas Flacke, organised by Prof. Abhishek Iyer and Prof. Werner Porod, MITP Mainz, Germany, from 04 to 15 March 2024, sponsored by MITP.

■ Chemical Engineering

- **'Advanced Programme in Electric Vehicle (EV) Technology'**, organised by prof. Anil Verma and prof. Anupam Shukla, from February to July 2025.
- **'Advanced Programme in Electric Vehicle (EV) Technology'**, organised by prof. Anil Verma and prof. Anupam Shukla, from July to December 2024.
- **'Battery & Battery Management System (B2MS)'**, organised by prof. Anil Verma and prof. Anupam Shukla, from 23 to 25 October 2024.
- **'Foundations of Process Safety Course'**, organised by prof. Anil K. Saroha, from 03 to 06 December 2024.

Mechanical Engineering

- ***'On-site training program on Rotor Dynamics'***, organised by CEP IIT Delhi, BEL Bangalore, from 06 to 09 January 2025, sponsored by BEL Bangalore.
- ***'Machining of Advanced Materials'***, organised by Department, IIT Delhi, on 09 May 2025, sponsored by SSR, ANRF (Govt. of India).

Materials Science and Engineering

- ***'IIT Delhi's INitiative to InTENSify Industry Research & Technology Collaborations (INTENT)'***, organised by Prof. Ayan Bhowmik, IIT Delhi, on 01 March 2025.

Biochemical Engineering and Biotechnology

- ***'The Job-Ready Initiative in Campus: DBEB Industry Bridging workshop'***, organised by Prof. Ishaan Gupta, DBEB, from 18 to 20 October 2024.
- ***'International workshop on Microbiomes for climate resilient agriculture'***, organised by Prof. Shilpi Sharma, IIT Delhi, on 04 October 2024.
- ***'Indo-French workshop on Strengthening Indo-French research collaboration in the field of sustainable food systems: Taking the Waste to Wealth approach forward'***, organised by Prof. Shilpi Sharma, IIT Delhi, on 17 January 2025.
- ***'UQ- IITD Online Symposium on Biomedical & Biotechnology Agenda'***, organised by Prof. Ritu Kulshreshtha, IIT Delhi, 07 April 2025.

Civil Engineering

- ***'Energy Recovery from Municipal Solid Waste using Bio-methanation process'***, organised by Prof. Sovik Das, and Prof. A. K. Nema, IIT Delhi, on 23 September 2024, Sponsored by CPHEEO project.
- ***'Vibroacoustic Characterization and Mitigation using Metamaterials'***, organised by Prof. Arnab Banerjee, from 23 to 25 September 2024, Sponsored by Indo-German Science and Technology Cell.
- ***'Metamaterials: Fundamentals and Applications'***, organised by Prof. Arnab Banerjee and Prof. Bappaditya Manna, from 24 to 26 March 2024, Sponsored by SPARC.
- ***'Offshore energy harvesting control and devices'***, organised by Prof. Arnab Banerjee, on 10 January 2025, Sponsored by SPARC.

Energy Science and Engineering

- **'Hybrid mode on Industrial Plasma Processes and Diagnostics 2024 (IPPD 2024)'**, organised by Prof. Bibhuti Bhusan Sahu, LH318, IIT Delhi, from 09 to 10 May 2024.
- **'NAV-URJA NIRMAN: Executive Series'**, IOCL Employees, organised by Prof. Subhendu Dutta and Prof. Avanish Tripathi, Senate Room, IIT Delhi, from 03 to 05 October 2024. sponsored by Indian Oil Corporation Ltd. for training their senior grade employees.
- **'Material Characterization and Performance analysis for Electrolyzer and Fuel Cell for Green Hydrogen'**, Jointly organised by Central Research Facility (CRF) and DESE, IIT Delhi, from 11 to 12 February 2025. sponsored by Funded by International Sustainable Energy Foundation (ISEF).
- **'Introduction to HPC and Molecular Dynamics Simulation on Multiphase Fluid for Energy Systems'**, jointly organised by HPC (CSC) and DESE, IIT Delhi, on 17 February 2025. sponsored by International Sustainable Energy Foundation (ISEF).
- **'Advancing Sustainable Building Practices: A Comprehensive Investigation into Estimation Techniques for Thermal Load of Buildings'**, organised under the aegis of The Scheme for Promotion of Academic and Research Collaboration (SPARC), IIT Delhi, on 27 Marh 2025. sponsored by the Ministry of Education, Gol and UK-India Education and Research Initiative (UKIERI) through IIT Delhi and Cardiff University, UK.

Amar Nath and Shashi Khosla School of Information Technology

- **'CoRE Stack Research to Impact Collaborative Co-located with the ACM COMPASS 2024'**, organised by Prof. Aaditeshwar Seth, IIIT Delhi, from 08 to 11 July 2024, sponsored by School of IT.
- **'CoRE Stack: Workshop – Landscape Solvability'**, organised by Prof. Aaditeshwar Seth, SIT Building, from 05 to 07 November 2024, sponsored by SIT project.
- **'Assistive Technology Devices for Persons with Visual Impairment'**, organised by Prof. P. V. M. Rao and Dr. Piyush Chanana, NCHAT Lab R&I Park, from 19 to 20 December 2024, sponsored by SIT project.

School of Interdisciplinary Research

- **'SIRe Symposium-2025'**, organised by Prof. Ramesh Narayanan, Prof. Krishnakant Agrawal, and Prof. B. Premachandran, speaker: Prof. Arun Kumar Sarma, Director General, Northeast Centre for Technology Application and Reach (NECTAR), New Delhi, on 16 April 2025, Sponsored by School of Interdisciplinary Research.

■ Yardi School of Artificial Intelligence

- *'Leadership Conclave on Data Science, Automation, and Smart manufacturing for CEOs and Industry leaders'*, organised by Prof. Sandeep Kumar, Prof. Manabendra Saharia and Prof. Sunil Jha (Joint faculties of ScAI), on 16 April 2024, sponsored by YPO Blue Ocean.
- *'Generative AI Workshop for CRIS Engineers'*, organised by Prof. Sandeep Kumar, Prof. Manabendra Saharia, and Prof. Tanmoy Chakarborty (Joint faculties of ScAI), from 5 to 13 April 2024.
- *'Learning on Graphs works'*, organised by Prof. Sayan Ranu, Prof. Srikantha Bedathur (Joint faculties of ScAI), LHC121, on 26 November 2024, jointly organized by Mastercard AI Garage and Yardi School of AI, IIT Delhi.

Lectures

■ Design

- *'Unravelling Sustainability and Resilience in the Built Environment'*, speaker: Dr. Emilio Jose Garcia, University of Auckland, organised by Prof. Saurabh Tewari IIT Delhi, on 29 November 2024.
- *'How do animals get their stripes?'*, speaker: Dr. Ankur Gupta, University of Colorado Boulder, organised by Prof. P.V.M. Rao, IIT Delhi, on 14 November 2024.
- *'Art Installations: Design, Materials & Prototyping'*, speaker: Mr. Hrishikesh, organised by Prof. P.V.M. Rao, IIT Delhi, on 06 September 2024.
- *'How technology and design can address unmet needs of our country?'*, speaker: Prof. Anil Gupta, organised by Prof. P.V.M. Rao, IIT Delhi, on 30 July 2024.
- *'Building Inclusive Society Through Technology, Design and Innovation'*, speaker: Sayomdeb Mukherjee, Presidential Awardee, organised by Prof. P.V.M. Rao, IIT Delhi, on 24 January 2025.

■ Chemical Engineering

- *'Distillation Columns - an Industry Perspective'*, speaker: Dr. S. Mukherjee, organised by Prof. Anil Verma, IIT Delhi, on 05 March 2025.

■ Textile and Fibre Engineering

- *'Popularization of Science and Research: Advancing Sustainable Textiles in Europe'*, speaker: Prof. Ivana Salopek, University of Zagreb, Croatia, organised by Prof. Abhijit Majumdar, IIT Delhi, on 25 February 2025.
- *'3D weaving technology'*, speaker: Prof. Jost Göttert, Hochschule Niederrhein University of Applied Sciences, Germany, organised by Prof. Abhijit Majumdar, IIT Delhi, on 19 February 2025.

Optics and Photonics

- ***'Terahertz Plasmonics'***, speaker: Shashank Pandey, Intel Corporation, Hillsboro, USA, on 28 February 2024.
- ***'Attosecond X-ray sources driven by novel infrared lasers'***, speaker: Prof. Zenghu Chang, Prof. Zenghu Chang, Univ. of Ottawa, Canada, on 20 March 2024.
- ***'Hybrid Quantum Platforms for Quantum Technological Application'***, speaker: Dr. Sarath Raman Nair, Macquarie University, Australia, on 10 April 2024.
- ***'Real-time intensity and spectral measurements of mode-locked fiber lasers - two simple techniques'***, speaker: Prof. Srikanth Sugavanam, IIT Mandi, on 15 May 2024.
- ***'From devices to systems in integrated photonics: Enabling chip-scale spectroscopy to high-bandwidth interconnect solutions'***, speakers: Dr. Arkadev Roy, Dr. Arkadev Roy, University of California, Berkeley, on 24 April 2024.
- ***'All-dielectric metasurfaces for hemispherical field-of-view imaging and dynamic hologram projection'***, speaker: Dr. Deepak K. Sharma, Institute of Materials Research and Engineering, A*STAR (Agency for Science, Technology and Research), Singapore, on 01 May 2024.
- ***'X-ray Dark Field Imaging'***, speaker: Dr. Yash Sharma, Mode: offline (Room No. 3A-16, 3rd Floor, 3rd Block, OPC) and Online, on 8 May 2024.
- ***'Exploring Datacom Advancements with Optical Frequency Combs'***, speaker: Dr. Arijit Misra, Cisco Systems, on 17 May 2024.
- ***'Optical technologies for computation and communication'***, speaker: Dr. Rajiv Boddada, Nokia Bell Labs, on 06 June 2024.
- ***'Electronic-photonic mm-wave system-on-chips and passive devices in silicon CMOS photonics'***, speaker: Dr. Manuj Singh, Boston University, on 21 August 2024.
- ***'Complex Frequency Excitations in Classical and Quantum Photonics'***, speaker: Dr. Aleksandr Krasnok, Florida International University, USA, on 01 October 2024.
- ***'Single-Cavity Dual-Comb Lasers: Revolutionizing Spectroscopy and Ultrafast Measurements'***, speaker: Ursula Keller, ETH Zurich, Department of Information Technology and Electrical Engineering, Zürich, Switzerland, on 11 November 2024.

Materials Science and Engineering

- ***'Crystallography Online by the Bilbao Crystallographic Server'***, speaker: Prof. M.I Aroyo, organised by Prof. Naga Sri Harsha Gunda, IIT Delhi, on 22 April 2024.
- ***'Steering Molecular Diffusion in Nanoporous Materials for Chemical Separation and Catalysis'***, speaker: Prof. Ritesh Halder, organised by Prof. Naga Sri Harsha Gunda, IIT Delhi, 26th July 2024.

- ***'Advancements in High-Temperature Materials: Influence of Local Chemical and Structural Heterogeneities on Mechanical'***, speakers: Dr. Ing. Steffen Neumeier and Dr. Jakob Bandorf, organised by Prof. Naga Sri Harsha Gunda, IIT Delhi, on 26 July 2024.
- ***'The Ecological Debt'***, speaker: Sanjay Gupta, organised by Prof. Naga Sri Harsha Gunda, IIT Delhi, on 28 August 2024.
- ***'Controlling molecular systems with polaritonic Metasurfaces'***, speaker: Dr. Kishan S. Menghrajani, organised by Prof. Naga Sri Harsha Gunda, IIT Delhi, on 30 August 2024.
- ***'Lightweight, high strength, and corrosion resistant metallic materials for sustainable future'***, speaker: Prof. Rajeev Gupta, organised by Prof. Naga Sri Harsha Gunda, IIT Delhi, on 18 September 2024.
- ***'Integrating the Hydrogen Value Chain towards the Net Zero'***, speaker: Dr. Harishchandra Singh, organised by Prof. Naga Sri Harsha Gunda, IIT Delhi, on 21 October 2024.
- ***'Computational Tools for the Ab initio design of Multicomponent Alloys'***, speaker: Prof. Anirudh Natarajan, organised by Prof. Naga Sri Harsha Gunda, IIT Delhi, on 10 January 2025.
- ***'From Space to Earth: Advancing Soft Matter Research for Extraterrestrial Exploration and Industrial Innovation'***, speaker: Dr. Suman Sinha Ray, organised by Prof. Naga Sri Harsha Gunda, IIT Delhi, on 16 January 2025.
- ***'Functional Materials for Energy-efficient Computing'***, speaker: Dr. Sajid Husain, organised by Prof. Naga Sri Harsha Gunda, IIT Delhi, on 24 January 2025.
- ***'Materials Space-Tectonics: A New Paradigm for Designing Next-Generation Nanoporous Materials for Energy and Biomedical Applications'***, speaker: Prof. Shahriar Hossain, organised by Prof. Naga Sri Harsha Gunda, DMSE, IIT Delhi, on 30 January 2025.
- ***'Metal halide perovskites for PV applications'***, speaker: Prof. Tom J. Savenije, organised by Prof. Naga Sri Harsha Gunda, IIT Delhi, on 31 January 2025.
- ***'The Role of pH and Salt in Modulating Biomolecular Behaviour'***, speaker: Dr. Varun Mandalaparth, organised by Prof. Naga Sri Harsha Gunda, IIT Delhi, on 17 February 2025.
- ***'Atom to Device: Developing Atomistic Thermal Model of Microelectronic Devices using Physics-Aware AI'***, speaker: Dr. Sanghamitra Neogi, organised by Prof. Naga Sri Harsha Gunda, IIT Delhi, on 17 February 2025.
- ***'Nanostructural design of ultrastrong austenitic steels by severe plastic deformation'***, organised by Prof. Naga Sri Harsha Gunda, IIT Delhi, on 21 February 2025.
- ***'Nanoscale device modeling: From atom to circuits'***, speaker: Prof. Bhaskaran Muralidharan, organised by Prof. Naga Sri Harsha Gunda, IIT Delhi, on 24 February 2025.

■ Biochemical Engineering and Biotechnology

- *'Exploring Academic Careers in Biotechnology'*, speaker: Prof. Jatin Panwar, organised by Prof. Ishaan Gupta, on 30 August 2024.
- *'Exploring Industry Careers in Biotechnology'*, speaker: Dr. Vihang Ghalsasi, CSO, IUVA Labs, organised by Prof. Ishaan Gupta, on 05 August 2024.
- *'Development of Genetically Engineered Vaccine against Anthrax'*, speaker: Prof. Rakesh Bhatnagar, National Science Chair, School of Biotechnology, Jawaharlal Nehru University, New Delhi, organised by Prof. Ritu Kulshreshtha, on 30 September 2024.

■ Civil Engineering

- *'Heatwaves over India and its teleconnections under +1.5°C and +2.0°C warmer worlds'*, speaker: Dr. Arulalan T., Scientist C, India Meteorological Department (IMD), organised by Dr. Rohith A. N., on 11 April 2025.

■ Energy Science and Engineering

- *'Photovoltaic Technology, Manufacturing, commissioning, and its Role for Self-sustainable Development in Indian Perspective'*, speaker: Dr. Prabir Kanti Basu, Senior Vice-President Reliance New Energy Solar and Mr. Gautam Samanta, Head PV Technology, Juniper Green Energy, organised by DESE, Committee Room IIT Delhi, on 12 April 2024.
- *'Overview of Smart Energy Systems Research at Teesside University'*, speaker: Prof. Micheal Short, Centre for Sustainable Engineering, School of Computing, Engineering & Digital Technologies, Teesside University, Energy Society, organised by DESE, Committee Room, IIT Delhi, on 17 October 2024.
- *'Roadmap for Green Hydrogen in Energy Transition'*, speaker: Prof. Suresh K. Bhargava, RMIT University, Australia, Energy Society, organised by DESE, Committee Room, IIT Delhi, on 13 February 2025.

■ Amar Nath and Shashi Khosla School of Information Technology

- *'Connecting the dots longitudinally with Time Intervals Analytics'*, speaker: Prof. Robert Moskovitch, organised by Prof. Srikanta Bedathur, SIT Building, on 10 January 2025.
- *'Tech for Good in the Age of Quantum and AI'*, speaker: Sameer Chauhan, organised by Prof. Kolin Paul, SIT Building, on 19 February 2025.
- *'Navigating Autism and Special Needs'*, speaker: Arvind Kumar, organised by Prof. P. V. M. Rao, SIT Building, on 25 October 2024.
- *'Adventures in Information Accessibility'*, speaker: Prof. John Gardner, organised by Prof. P.V.M. Rao and Prof. M. Balakrishnan, SIT Building, on 07 October 2024.

■ Yardi School of Artificial Intelligence

- ***'Adaptive Experimental Design to Accelerate Scientific Discovery and Engineering Design'***, speaker: Aryan Deshwali, Assistant Professor (CSE) at University of Minnesota, ScAI, SIT 001, on 16 April 2024.
- ***'Fine-Grained Segmentation and Control of Materials'***, speaker: Dr. Prafull Sharma, Postdoctoral Researcher, MIT, USA, ScAI, SIT 001, on 25 November 2024.
- ***'Curious Case of AI in Maths: Being proficient in advancing open conjectures in Maths yet having struggles in AI for Education'***, speaker: Dr. Ankit Anand, Staff Research Scientist, Google Deep Mind. Adjunct Faculty, McGill University and MILA, ScAI, SIT 113, on 05 December 2024.

■ Applied Research in Electronics

- ***'THz Hardware Development for Future Quantum Communication Network'***, speaker: Dr. Kaveh Delfanazari, University of Glasgow, organised by Dr. Neel Kanth Kundu, IIT Delhi, on 23 April 2025.
- ***'What is Quantum Machine Learning and is it useful in Industry?'***, speaker: Dr. Rajiv Krishnakumar, Quantum Basel, organised by Dr. Neel Kanth Kundu, IIT Delhi, on 17 January 2025.
- ***'Celebrating World Quantum Day with QMD Foundation'***, speakers: Dr. S. Manna, Dr. N. K. Kundu, IIT Delhi; Dr. W. Uilhoorn, Dr. A. Soltamova, Qblox, organised by Dr. Samaresh Das, IIT Delhi, on 25 April 2025.
- ***'Carbon Dots: Next Generation Biocompatible Emitters'***, speaker: Dr. Jayeeta Bhattacharyya, Associate Professor, IIT Madras, organised by Dr. Samaresh Das, IIT Delhi, on 08 April 2025.
- ***'LPCVD Techniques in Microfabrication: A Comprehensive Lecture Series'***, speaker: Dr. Wayne H. Choe, CEO, Tystar Corporation, organised by Dr. Samaresh Das, IIT Delhi, on 09 September 2024.
- ***'Ferroelectric Memory for Nanoscale Non-volatile Memory and Neuromorphic Applications'***, speaker: Dr. Siddheswar Maikap, Professor, Chang Gung University, Taiwan, organised by Dr. Rahul Mishra, IIT Delhi, on 02 August 2024.

■ Atmospheric Sciences

- ***'Oxidative and Toxicological Properties of Ambient Fine Particulate Matter: A Perspective on the Relative Contribution of Different Emission Sources'***, speaker: Dr. Vishal Verma, University of Illinois at Urbana Champaign, USA, organised by CAS, IIT Delhi, on 23 July 2024.
- ***'DO3SE-Crop Model Research'***, speaker: Prof. Pritha Pande, University of York, UK, organised by CAS, IIT Delhi, on 24 July 2024.
- ***'Building Confidence in Regional Projections of Extreme Precipitation'***, speaker: Prof. Neil Tandon, York University, Canada, organised by CAS, IIT Delhi, on 30 July 2024.
- ***'Understanding wildfire risk and the challenges of pricing that risk for the insurance market'***, speaker: Prof. Sarah Russell, MD, Founder and CEO of Bellwether, organised by CAS, IIT Delhi, on 29 August 2024.
- ***'Using explainable AI to better understand Indian weather'***, speaker: Prof. Kieran Hunt, University of Reading, UK, organised by CAS, IIT Delhi, on 03 September 2024.

- ***'Evolution of Polar hydrology and the exposure of High-mountain lakes to avalanches'***, speaker: Dr. Prateek Gantayat, University of Dayton, Ohio, USA, organised by CAS, on 10 September 2024.
- ***'Current and Future PM2.5 trends in India: Influence of Emissions, Meteorology and Climate Change'***, speaker: Prof. Denise Mauzarell, Princeton University, USA, organised by CAS, IIT Delhi, on 24 September 2024.
- ***'Marine Cloud Brightening'***, speaker: Dr. Prasanth Prabhakaran, CIRES/NOAA, USA, organised by CAS, IIT Delhi, on 21 November 2024.
- ***'The air we share: exposure inequalities, Solutions and challenges'***, speaker: Prof. Prashant Kumar, University of Surrey, UK, organised by CAS, IIT Delhi, on 23 December 2024.
- ***'From Adjoint Sensitivity to Data Assimilation: A Perspective on Indian Heatwaves'***, speaker: Dr. Abhirup Banerjee, Universität Hamburg, Germany, organised by CAS, on 07 January 2025.
- ***'Perception Beyond Visible Spectrum for GHGs monitoring'***, speaker: Dr. Satish Kumar, Stanford University, USA, organised by CAS, IIT Delhi, on 08 April 2025.

■ National Resource Centre for Value Education in Engineering

- ***'Vedanta- An Enquiry into'I Am'***, speaker: Swami Sarvapriyananda, organised by Prof. Soumya Subhra Nag, Seminar Hall, IIT Delhi, on 05 May 2024.
- ***'RRG Memorial Oration on Science, Technology and Human Values'***, speaker: Prof. Rajeev Sangal, Professor Emeritus, IIIT Hyderabad, organised by Prof. Sangeeta Kohli, Seminar Hall, IIT Delhi, on 16 October 2024.
- ***'The Science and Biomedical Research on the Psychophysiology of Yoga'***, speaker: Prof. Sat Bir Singh Khalsa, organised by Prof. Rahul Garg, Committee Room, IIT Delhi, on 26 March 2025.

NEW EQUIPMENT INSTALLED

■ Physics

- 'Home-built Low-temperature Polarized Raman Spectrometer', installed at Q2 Lab.
- 'Low Temperature Cryostat with Superconducting Magnet for Quantum Transport Measurements', Installed at GPL-17 Lab.
- '6-gun Sputter Deposition System', installed at MS 541Lab.

■ Chemical Engineering

- 'Bio-Fermenter', installed at Lab No-356 (Block III).
- 'ICP MS', installed at Lab No-356 (Block III).
- 'Raman Process Analyzer', installed at Lab No-356 (Block III).
- 'EVE LO-Article Analyzer', installed at (MFI) Lab No-356 (Block III).
- 'Workstation', installed at Lab No-356 (Block III).
- 'HPLC,' installed at Lab No-356 (Block III).
- 'Electrochemical-Raman Analyser', installed at Inox Lab (Block II/272).
- 'HPC cluster', installed at Lab No-291 (Block II)".

■ Mechanical Engineering

- 'Sports Biomechanics Facility', installed at Department Lab.

■ Optics and Photonics

- 'LDC 401A Large-Diameter Fiber Cleaver, Theta 80 μ m to Theta 1.25 mm cladding', Installed at Flat and Angled Cleaves Lab.

■ Textile and Fibre Engineering

- 'Lab-scale Melt spinning Machine', installed at Production Fibre Science Lab.
- 'Universal Testing machine', installed at SMITA Research Lab.
- 'Bicomponent melt spinning', installed at SMITA Research Lab.
- 'Scanning Electron Microscope with EDS', installed at Fabric Manufacturing Lab.

- 'Rheometer with DMA', installed at Fabric Manufacturing Lab.
- 'Moisture Management Tester', installed at Fabric Manufacturing Lab.
- 'Whole Garment Knitting Machine', installed at Fabric Manufacturing Lab.
- 'IR Camera', installed at Research Lab.

■ **Materials Science and Engineering**

- 'Scanning Electron Microscope', Installed at Materials Characterization Lab.
- 'Rheometer with DMA', installed at Fabric Manufacturing Lab.
- 'Moisture Management Tester', installed at Fabric Manufacturing Lab.
- 'Whole Garment Knitting Machine', installed at Fabric Manufacturing Lab.

IR Camera, installed at Research Lab."

■ **Biochemical Engineering and Biotechnology**

- 'Tyrone workstation with Nvidia Quadro GPU', installed at In Silico Biophysics Lab.
- 'IR Camera', installed at Research Lab."

■ **Civil Engineering**

- 'GC-MS', Installed at Environmental Engineering Lab.
- 'Autolab', Installed at Environmental Engineering Lab.
- 'ADCP', Installed at Water Resources Engineering Lab.

■ **Chemistry**

- 'Single Crystal X Ray Diffractometer', installed at XRD Laboratory
- 'Xenon lamp Upgrade FLS 920', installed at Instrument Lab.
- 'FTIR, ATR Mode', installed at UG Lab.
- 'Fluorescence Spectrometer', installed at UG Lab.

■ **Energy Science and Engineering**

- 'Hybrid Plasma Pyrolysis/Gasification Plant with Syngas Storage and PEB Structure', installed at department Lab.

■ **Applied Research in Electronics**

- 'THz source for Detector Testing', installed at department Lab.

Central Facilities

Central Library

The IIT Delhi Library System comprises a Central Library and about 36 Unit Libraries of departments, centres, schools, etc., that collectively support the teaching, research, and extension programmes of the Institute. The library currently is being used by about 13000 students, faculty members, staff, alumni and walk-in users.

The library has RFID, AI, and ICT-based facilities and services. It has a state-of-the-art Computer Lab for regular library users and participants for Trainings, Workshops, etc.

The Central Library has a substantial collection of physical sciences, engineering, technology, biotechnology, computer science, information technology, social sciences, management, etc.

As per the record, the tentative collection of the library as of 31st March 2025 is as follows:

Books	1,94,497
Journals (Bound Volumes Titles)	2,468
Theses	8,088
Electronic Journals/Conference Proceedings (Directly subscribed + available through ONOS)	66,106
Full-Text Databases	24
Bibliographic/Citation Databases	04
E-Books	9,314
Archives	3,030
Standards	03 packages (ISO, ASTM, IEC)
Software/Tools	06
Discovery Service	01

The Book Bank holds multiple copies of selected textbooks to make these available to the students for the entire semester, free of cost. Students can draw up to six books over and above for the whole semester.

The Central Library has access to e - Books from several publishers, like AMS, Bloomsbury, Cambridge University Press, CBS, De Gruyter, Elsevier, McGraw Hill, Pearson, Sage, Springer, Taylor and Francis, Wiley, etc. Other library facilities and services include IIT Delhi Faculty Profiling System (IRINS), Library App (<https://play.google.com/store/apps/details?id=com.iitd.cl&pli=1>), Library chatbot, Discovery Service/Single Window Search, eNewClipping Service, Ask the Librarian, Reader's Assistance, Circulation of Books and Library Membership, Inter-Library Loan (ILL) and Resource Sharing Facility, Photocopying, Scanning, Digital Printing, Text Books Facility (Print and Online), Theses Consultation Facility, Institutional Repository, Remote Login, User-Centric Workshops/Training/Talks/ Outreach programmes, etc. The programmes and user guides can be found at <https://library.iitd.ac.in/workshop-recording>.

Central Library also provides a Remote Login facility to all its authorized users from anywhere in the world using a VPN and Shibboleth-based access management system. Individual Password-based access is also being provided wherever agreed by the Publishers to access the E-Resources.

The Central Library has served as the National Resource Centre in Library and Information Sciences of the Ministry of Education, Govt. of India, for offering the Annual Refresher Programme in Teaching (ARPIT) with Dr. Nabi Hasan, Librarian & Head as the Coordinator/PI. The Central Library also runs 12 Week NPTEL MOOCs on "Science Communication: Research Productivity and Data Analytics using Open Source Software". This course has been quite successful, with thousands of registered learners. The Library also offers a free online certificate course, titled "Focus on Open Science Delhi - Creating a Research Culture for the 21st Century" with University College London and Scientific Knowledge Services Germany: <https://academy.knowledge.services/course/focus-on-open-science-delhi>

The Virtual Tour Video of the Central Library can be accessed at: <https://www.youtube.com/watch?v=bq7McjKg3Jw>, the Orientation Video can be accessed at: <https://www.youtube.com/watch?v=XqTnzmJvPOI> and IIT Delhi Library on National Television Video can be accessed at: <https://www.youtube.com/watch?v=GCSU1DOYqbQ>

For further information about the Central Library and its services, you may visit: <https://library.iitd.ac.in> or download the Handbook from: <https://library.iitd.ac.in/pdf/LibraryHandbook.pdf>

Hindi Cell

In compliance with the Official Languages Policy of Govt. of India, the Official Languages Act., 1963 and the Official Languages Rules, 1976, Hindi Cell was established on 30th December 1981 vide BOG Resolution No. 37/81 with the following objectives:

- i. To implement the Official Languages Policy, and compliance of provisions of Official Languages, Act., 1963 and Rule 1976 in the Institute. To achieve this goal Official Languages Implementation Committee (OLIC) was constituted in the year 1985, which meets in every quarter and takes decisions on policy matters and reviews the progress of Rajbhasha Implementation in the Institute. Accordingly, Hindi Cell takes follow-up actions. This includes achieving the targets of the Annual Programme for transacting the Official work of the Union in Hindi, organizing Hindi day/Fortnight, monitoring the internal progress of the Institute regarding the use of Hindi, submitting quarterly progress reports, preparing for inspections by the Ministry of Education, Ministry of Home Affairs and Parliamentary Committee on Official Languages.
- ii. Translation work of Annual Report, Annual Accounts, Prospectus, Convocation related work, and all other circulars/orders/Official correspondences as and when required.
- iii. Publication of 'Sampark' fortnightly news Bulletin & 'Jigyasa'- Hindi Science Journal (Annual).
- iv. Trainings/Workshops/Seminars, etc:
 - To organize Hindi Typing/Translation/Language training/workshops for staff members to motivate/ promote them to perform their official work in Hindi.
 - To organize scientific and technical seminars/ workshops for Research Scholars and faculty to promote technical writing in Hindi.

Activities of Hindi Cell during the period of 2024-25 are as follows:

- Hindi Workshop on "Kanthasth (memory based translation software) or Hindi e-tools " was held on 29 May, 2024 for Staff members and Nodal Officers of the Institute.
- Hindi Workshop on "Rajbhaasha Neeti evem uska kaaryaanvayan" was held on 22 August, 2024 for Officers & Staff member and Hindi Nodal officer of the Institute.

- Hindi Workshop on “samagr aur khushahaal kaaryasthal ke lie kaushal vikaas, srjanata aur naavaachaar” was held on 17 September, 2024 for Officers & Staff member and Hindi Nodal officer of the Institute.
- Hindi Pakhwara was organized during 14-30 September 2024. A number of activities/programmes were organized during the Hindi Pakhwara.
- Released 38th issue of ‘Jigyasa’- Hindi Science Journal (Annual).
- Hindi Workshop on “anuvad tools : bhashini, anuvadini evam kanthasth-prashasanik karya rajbhasha” was organized on 22 January, 2024 for Staff members and Hindi Nodal officer of the Institute.

Central Workshop

The Central Workshop is a pivotal unit at IIT Delhi, providing core manufacturing education to all first-year students, conceptually demonstrating product development. It also offers product manufacturing support to the entire institute, particularly undergraduate students, with over 900 first-year undergraduates gaining hands-on manufacturing skills. Beyond introducing the art and science of manufacturing, the Central Workshop instills confidence for future product design and manufacturing endeavors. B.Tech students in Mechanical Engineering and Production & Industrial Engineering receive specialized training in areas such as Metal Casting, Metal Forming, Metal Machining, Welding & Joining, CNC programming, 3D Printing, Digital Manufacturing and Plastic Product manufacturing. M.Tech Production Engineering students utilize the facilities for practical classes, projects, and research. The workshop also fulfills the fabrication needs of students undertaking product design & manufacturing courses, minor projects, B.Tech projects, Master’s theses, and Doctoral research. Many students leverage this facility to build products for national and international competitions like Formula Student Car, Mini Baja, and Robocon. During vacation periods, external agencies can also utilize the facility for their manufacturing and training requirements.

The Central Workshop is a Central Manufacturing Facility comprising ten state of the art Labs/shops dedicated to various manufacturing technologies. It boasts a full complement of traditional machine tools, presses, and modern power tools. Recent additions include a ‘Digital Manufacturing Lab,’ facilitating product realization through computer-generated geometries and rapid prototyping using state-of-the-art 3D printing. The Central Workshop offers a range of advanced manufacturing and development facilities. These include stations for Design for Manufacturing, Electronics Manufacturing covering processes from PCB fabrication to SMT soldering, and Electronics Assembly & Testing. Additionally, the workshop provides Industrial 3D printing capabilities

using both FDM and SLA technologies, as well as an Augmented and Virtual Reality Development environment.

To demonstrate and provide hands-on experience with Industry 4.0 technologies, the workshop features a state-of-the-art Robotic Welding Cell utilizing Metal-inert-gas welding. This cell is connected via Industrial IoT, enhancing learning through Augmented Reality. Furthermore, the workshop is actively implementing Smart Manufacturing initiatives to function as a Smart Factory. These initiatives involve connected machines, data capture, and manufacturing analytics, offering students exposure to the latest technologies driving Industry 4.0.

The Central Workshop is undergoing reorganization and modernization to adapt to the evolving global manufacturing landscape. A key focus is to equip students with a comprehensive understanding of manufacturing, encompassing the strategic planning and deployment of efficient methods to convert raw materials into finished goods. This involves integrating people, capital, processes, systems, and enterprises to deliver valuable products to society. To streamline access and optimize the utilization of the Central Manufacturing Facility's resources, a Digital Booking System is being implemented. This system will allow students, researchers, and external agencies to conveniently reserve various labs, machines, and equipment for their personal, academic, research, or sponsored projects. The booking system will provide real-time availability, allowing users to schedule slots, specify project requirements, and track their usage. It aims to enhance efficiency, reduce wait times, and provide a transparent process for accessing the workshop's advanced manufacturing capabilities.

Laser Welding

3D Printing Facility

Electronics Manufacturing & Testing

Educational Technology Services Centre

The Educational Technology Services Centre (ETSC) is actively engaged in providing and promoting the use of educational technology within the institute and also at the national level. Some of the activities are design, development and dissemination of video and web-based instructional resources; provision and maintenance of A/V equipment for classroom teaching; organization of training programmes for faculty, staff and professionals across the country and undertaking sponsored research and consultancy projects; audio/video conferencing for faculty selection interviews and other meetings including Ph.D. viva voce examination; e-learning and distance education using video conferencing facilities.

The Centre has a modern video studio with state-of-the-art recording and editing facilities. Multiple studio-classrooms are available for on-line recording of courses. Non-linear editing setups and streaming servers are available for post-production and video streaming. The recorded courses are also being hosted through website for easy access. The centre has the capability of producing production-quality HD and 4K videos that are suitable for all types of display media ranging from mobile phones to satellite television.

The Centre manages key academic software platforms including Turnitin, Gradescope, and Adobe Creative Cloud, ensuring reliable access, license allocation, user support, and training for faculty, staff, and students, thereby contributing to enhanced academic productivity and institutional efficiency.

Some of the new initiatives of ETSC include projects sponsored by MoE, Swayam, Swayam-Prabha and IIT-PAL. Under Swayam, ETSC actively encourages faculty members of the institute to develop MOOCs (Massive Open Online Courses) that are to be disseminated country wide. ETSC is responsible for recording, post-production and uploading content into the Swayam platform, as well as hand-holding faculty members towards developing content. Under Swayam-Prabha, ETSC manages 2 TV-channels (Textile Engineering and IIT PAL). In the IIT PAL program, ETSC engages with faculty members of the institute towards quality content creation for 11th and 12th class school students (Physics, Chemistry, Maths and Biology).

ETSC has launched the Virtual Reality Solution (VRETSC) website at IIT Delhi. The platform has been designed to highlight our initiatives, activities, and resources focused on advancing technical education through immersive VR technologies. The VR modules provide detailed virtual representations of industrial setups, experimental systems, machines, and other critical physical infrastructures relevant to diverse domains of engineering and science.

ETSC also manages all audio and video facilities of the Institute that are used during classes, as well as for events such as meetings, conferences, seminars and cultural events.

IIT Hospital

The Institute has a 20 bedded hospital centrally located in the campus, which provides facilities for OPD treatment as well as IPD. The Hospital is managed by a team of 8 full-time Allopathic Doctors and 08 Allopathic Doctors through IRD Project. The Hospital has AYUSH facility with one full time Homeopathic doctor and Visiting Ayurvedic Specialist. For Dental procedures, a qualified dentist is also available. The Hospital provides specialist consultation on appointment basis for ENT, Ophthalmology, Psychiatry, Orthopedics, pediatrics, Dermatology and super specialist consultation in Cardiology, Pulmonology and Neurology. This service is provided by esteemed senior faculty members of All India Institute of Medical Sciences (AIIMS).

The Hospital is an excellent Health facility for the campus population to provide primary care. In case of medical emergencies after providing first aid care patient is transferred to AIIMS in BLS/ PTA Ambulance available in hospital. Pulse Polio Immunization is carried out at IIT Hospital as per government guidelines.

An ACLS ambulance is made available in all functions of institute warranting mass gathering like Rendezvous, Convocation, Sports meets and cultural functions.

Apart from offering facilities such as OPD Facility (Allopathy), ECG Services, Dental Facility, Ward/Indoor Facility, Minor OT, Physiotherapy, Laboratory Services, Pharmacy, Specialist OPD Services, and Ambulance Services. The Hospital has also started a new Digital radiography facility, which is available on all working days during OPD hours with an advanced system that offers advantages like faster image, acquisition, improved image quality, and instant access to images, enabling quicker patient care and diagnosis. Applications include diagnosing fractures, tumors, etc. for guiding medical procedures.

Hospital Statistics 2024- 2025

Patients Attended in OPD	97105
Patients Admitted	385
Physiotherapy	1597
Surgical Dressing	2081
Dental Treatment	6523
Pathology Lab Test	39364
ECG	1646
Specialists Appointments	12805

Computer Services Centre

The main objectives of the Computer Centre are to:

- Provide round the clock computing and networking facilities to serve a user population of 15000+ users consisting of UG students, PG students, Research Scholars, Faculty & Staff of the Institute and also to visiting faculty and students.
- Implement and manage the Institute Network, Email and Web Services.
- Implement and maintain system & application software for central use.
- Provide Computer lab facility to students as well as for the conduct of UG/PG lab courses, examinations and recruitment requirements.
- Work on cutting edge technology & provide Services to users based on new technology.
- Provide support both in development & administration of ERP related module implementation.
- Provide support for online teaching.
- Provide training to Institute employees.

Network Services

The Institute LAN is a state-of-the-art switched network with dual redundant connectivity with a 100 Gbps backbone. The core and distribution network are deployed using single- mode fiber. The passive design consists of three rings of 12 tubes of 12 core fibers, one each for the east campus, the central academic campus, and the west campus. Each ring passes through both the primary data center site (DC) and the secondary disaster recovery site (DR). The infrastructure for internet access, firewall, and core switches are deployed in a redundant active-active cluster configuration. IIT Delhi is connected to the National Knowledge Network (NKN) with 10 Gbps dual connectivity from Power Grid and RailTel. The connectivity includes virtual routing service, Internet Connectivity, and connectivity with other Institutes connected on the NKN backbone.

The access network, consisting of approximately 560 plus edge switches for end-user connectivity through UTP cabling in the departments, hostels, and blocks. Network access is provided to every student, faculty, staff, and guest. The facility has been extended to each lab, classroom, seminar hall, office, room in guesthouses.

Internet and Intranet access is available in faculty/officer homes via GPON over fiber (1050+ houses) and ADSL connectivity over internal telephone lines. The centralized Wi-Fi access through 2000+ wireless access points is available in the whole academic, hostel area, guesthouses, RCA, and Hospital, etc. The IITD wired and wireless network is also extended to IITD's Sonapat campus through a point- to-point link.

Many network services, including mail, web, VPN, NTP, HPC, domain name, etc. is being provided over this network.

In 2024-25, we deployed new components for network upgradation, such as an “Identity service Engine” for network authentication authorisation and accounting with a device posture check and a DDOS protection appliance to protect against DDoS attacks from external networks. We upgraded the campus backbone from 10G to 100G in the data centre and 25/40G for the rest of the campus. We are migrating to a new wireless controller to provide better QoS to wireless clients and have seamless mobility across the campus, introducing VxLAN for wired mobility for uniform service across the campus. We also have upgraded our egress routers to support 100 WAN links. In 2024-25, we introduced Model-driven Telemetry (MDT) to manage and monitor the network devices.

Facilities/Services

- The Data Centre (DC) operates 24×7 × 365, and houses all the central services and computing facilities. The DC is powered by redundant UPS and DG Sets for continuous power backup and cooled with both Rear Door Heat Exchangers (for high power density racks) and Precision based Air-Conditioning system. Recently, Data Centre Infrastructure Management – (DCIM) and Building Management System (BMS) software have been procured and integrated to measure, monitor and manage the IT equipment and supporting infrastructure of the data center and keep necessary logs for further health checkup and proactive measures.
- The Disaster Recovery Data Centre (DRDC) is in the SIT building. The DRDC has the same hardware configuration as Data Centre (DC) for necessary services excluding computing facilities.
- All services are authenticated and authorized using a central Kerberos system.
- The email facility is provided to all the users with webmail interface “Round cube” as well as via IMAP and SMTP servers.
- CSC also has Microsoft Volume Licensing EES agreement for use of the community under which Microsoft software such as Windows Server, Windows OS, MS Office/Office365, Visual Studio etc. are available for use. We also have access to OneDrive academic account as well as MS Teams and other academic services.
- The centre facilitates several Academic Licensed software packages: MATLAB, Mathematica, Ansys, COMSOL, Abaqus, SolidWorks, LabVIEW, Materials Studio, Origin lab Pro, etc. available for use via the on the CSC webpage.
- The center maintains local repositories of several popular open-source software.
- CSC has configured ‘Moodle’, a public domain course management software, for use by faculty and students for the courses running during the semester.

- CSC facilitates Eduroam, a global WIFI roaming program across academic campuses through ERNET India.
- OwnCloud/NextCloud, a file and document sharing is provided for user community. The utility supports storing and sharing of files, images, music and documents, calendars, tasks etc.
- To facilitate downloads of data files through non- standard ports, 'Download Server' (download.iitd.ac.in) can be used. To facilitate downloading large data for research/academic purposes, proxy server 'Research proxy' can be used. The faculty members have been authorized to provide access from the CSC website.
- Virtual web hosting facility can be used by the community for securely hosting all websites of the form <https://xyz.iitd.ac.in>. In addition, CSC maintains large number of websites including IITD main websites and some academic unit websites.
- User web pages is available for the use of faculty and Ph.D. students for hosting their webpages on the server web.iitd.ac.in. To facilitate limited access within IIT Delhi, CSC has a separate web server privateweb.iitd.ac.in where users can have their personal web pages.
- To provide Internet access to visitors, faculty and officers have been authorized to create user accounts for their visiting faculty & students.
- VPN facility is provided to the users for accessing IITD internal network from outside IIT Delhi. The faculty have been authorized to create cert-keys for their own use and their advisees from the VPN webpage on the CSC website.
- Network Time Protocol (NTP) servers are synchronized with standard internet time servers with time drift less than a few milliseconds and can be used by all users.
- MRTG and RRD Health Graphs have been provided to see the Status Reports of the Various System activities/ Services.
- SLA ticketing systems- SLA for Networking & SLA for Software have been provided for resolving User problems pertaining to Network and Software issues.
- The webteam and communication cell has updated the websites of multiple academic units and is maintaining them. Institute Newsletters have also been designed every three months.

IITD Abu Dhabi Campus

IITD has established a new Abu Dhabi campus. CSC has built & supervised the complete IT setup for the new campus. This includes services like email, internet, printing, end-user computing lab & core server & network infrastructure including hypervisors(HCI), VM migrations, and storage systems. Services are built on VMs like DHCP, primary & secondary AD, 2-tier DNS servers, telephony, remote backup system, Network setup like ISE, Firewall, Wi-Fi controller, network switches & routing. LDAP profile and Moodle (LMS) have been set up on the IIT Delhi server for students and faculty.

Computing Facilities

Cloud computing: CSC provides Infrastructure Services through Virtualization technology named as Baadal. The Centre is equipped with 128 CISCO UCS blade servers out of which 96 Blade Servers are used for Cloud computing with 200 TB of virtualized storage and 32 blade servers with 130 TB of storage. The facility is mainly used for research and academic purposes only. Some of the main features of Baadal are: Dynamic Resource scheduling and power management; facilities for suspend, resume, shutdown, power on/off, specifying resource requirement of VM; and Dynamic resource utilization monitoring.

Desktop Computing: CSC also has around 450 Desktop computers under Windows and Linux environments along with all Scientific Software installed. The desktop computers are configured with a central user authentication system. These are in the main building (CSC area) and the Lecture Hall Complex (LH502-LH505).

High Performance Computing: The present High Performance Computing (HPC) facility commenced its operations in 2014. As on date, there are a total of 634 compute nodes comprising of 417 CPU only nodes and 217 GPU nodes and 5.5PB Lustre based parallel file system storage. with ABC Computing Cores and ABC Storage in the existing Data Centre (DC). As of November 2015, 420 compute nodes and 5.5 PB of storage were introduced in the HPC facility. As of July 2019, new Skylake nodes were augmented into the existing cluster. Thereafter, in December 2022, 32 more compute nodes (comprising CPU and GPU in equal strength) were added. Recently another 5PB of storage has been acquired and is being configured in order to make a total of ~11PB of usable space. The cluster runs several licensed software, compilers and opensource codes in a module-based approach. Portable Batch System is used for job scheduling. As of date, around 1200 users are registered in HPC with around 150 active users at any given time. Almost all academic units use the HPC facility. The facility is also in use by external users on chargeable basis. HPC use has become fully paid from January 1, 2024 for internal users as well.

ACADEMIC AND SPONSORED RESEARCH

Academic Research

The academic research carried out by the students for the Ph.D. degree, the final semester major project included in the four-year B.Tech. programme, the five-year integrated M.Tech. programmes, and the four-semester M.Tech. /M.S.(R.) / M.Des. / M.P.P. / M.Sc. programmes make a significant contribution to the research output.

The principal source of academic research, however, continues to be through Ph.D. research projects. With a total of 3563 students enrolled for a research degree during the year under review, the emphasis on and commitment to academic research is evident. During the two semesters of 2024-25, 671 candidates were admitted out of which 317 were full-time Institute scholars with the remaining 354 belonging to other categories like sponsored, part-time etc. A total of 481 theses were approved for the award of Ph.D. degree.

IIT Delhi faculty remain engaged in publishing their research results in various journals, conferences, and seminar proceedings. The number of publications, along with citation and h-index for the last 5 years, is stated below:

Year	No. of Publications*	Citations	h-index
2025	3,646	4,875	19
2024	4,159	19,801	42
2023	4,257	42,463	63
2022	3,988	55,571	78
2021	3,608	75,855	100

* Publications indexed in Scopus Database in the calendar years.

Sponsored Research

Apart from the teaching and the academic programmes leading to the award of a degree, the Indian Institute of Technology Delhi (IIT Delhi) also strives for excellence in research on cutting edge areas on developing research and development projects through sponsored projects and consulatncies sponsored by national and international agencies, industries and other organisations.

Industrial Research and Development Unit (IRD) Activities

As an Institute, IIT Delhi has a great tradition of holistic education, innovative research, and technology development. The R&D Activities of IIT Delhi focus on advancing knowledge, solving real-world problems, and contributing to societal development through its various research endeavours. Collaborations with the industry and academia have empowered and boosted the research framework of the Institute in the development of high-impact and affordable technologies while meeting global standards for societal benefiits. The Industrial Research and Development (IRD) Unit has initiated many programmes and schemes to foster technology development aligning with the National Mission in Healthcare, Energy & Environment, Advance Computational Systems, Material and Devices, Smart & Sustainable Infrastructure & Habitat, and Industry 4.0.

Funds Received for Sponsored Research

In the financial year 2024-25, a total of 325 sponsored research projects and 325 consultancy works were undertaken in the cutting-edge research areas of National and Global relevance, worth ₹320.76 crores, and consultancy worth ₹31.33 crores by IIT Delhi through the IRD Unit.

Table 1: Statistics of Sponsored Research Projects

Financial Year	Number of Projects	Sanctioned funds (₹ Crore)
2020 - 21	225	162.86
2021 - 22	243	334.05
2022 - 23	254	221.22
2023 - 24	299	352.19
2024 - 25	325	320.76

Table 2: Financial Outlay of Some of the Major Projects during 2024-25 (with sanctioned value ₹ 5 crore and above).

Sr. No.	Project Title	Sponsoring Agency	Sanctioned Funds (₹ Crores)	PI Name & Department
1.	Design and Demonstration of a Highly Scalable Quantum Computer using Semiconducting Qubits	Department of Science and Technology (NQM) New Delhi-110016 India	40.48	Prof. Abhisek Dixit Dept. of Electrical Engineering
2.	Integration of CCU in the coal-to-methanol pilot plant: Bridging the gap to net zero (Joint project of IIT Delhi and M/s Thermax Pvt. Ltd.)	Department of Science & Technology (DST) India	26.96	Prof. Divesh Bhatia Dept. of Chemical Engineering
3.	Support to Indian Institute of Technology, Delhi for Enhancing Indias Science Technology Policy Analysis Capabilities	R D Tata Trust, Mumbai India	20.00	Prof. Ambuj D. Sagar School of Public Policy
4.	Building Blocks for 6G THz Communication System Front Ends	Telecom Centre of Excellence India, Department of Telecommunication India	13.61	Prof. Ananjan Basu Centre for Applied Research in Electronics (CARE)
5.	Dynamic spectrum sharing technology and in-band coexistence for strategic communications (DISC)	DRDO India	9.39	Prof. Swades Kumar De Dept. of Electrical Engineering
6.	Sustainable Ayush For Advanced technological solutions, startup support and net zero sustainable solutions for Rasashastra (Centre of Excellence in Sustainable Ayush)	Central Council for Research in Ayurvedic Sciences, Ministry of Ayush India	7.82	Prof. Sumer Singh Dept. of Design
7.	Novel Optical Fiber Technology for Quantum enabled 6G communication	Telecom Centre of Excellence India, Department of Telecommunication India	7.72	Prof. Deepak Jain Optics and Photonics Centre
8.	Project Patang- Tethered Drone-based Last Mile 6G Connectivity and Backhaul Carpet in Advancing Battlefield	Department of Telecommunications (DoT), Telecom Centres of Excellence (TCoE), New Delhi, India	6.50	Prof. Vireshwar Kumar Dept. of Computer Science & Engineering

Consultancy Jobs

Industrial consultancy is another significant area of activity of the Institute. The nature and extent of the industrial consultancy projects undertaken by the Institute is an index of its credibility with the industry and is symbolic of the relevance of a Centre of Excellence in the context of the nation's socio-economic development.

Table 3: Statistics of Consultancy Jobs

Financial Year	Number of Projects	Value (₹ Crore)
2020 - 21	291	24.89
2021 - 22	275	22.97
2022 - 23	350	28.00
2023 - 24	349	32.12
2024 - 25	325	31.33

IRD's Promotional Activities for Faculty & Students

1. Multi-Institute Faculty Interdisciplinary Research Projects (MFIRP)

About (72+22) 94 ongoing Joint Research Projects/programmes with the three (3) National and seven (7) International Universities under Multi-Institute Faculty Interdisciplinary Research Projects (MFIRP) schemes of IRD have been supported to foster interdisciplinary research activities.

- Hebrew University of Jerusalem, Israel
- National Yang Ming Chiao Tung University, Taiwan
- New Zealand Universities, New Zealand
- Technical University of Delft, Netherlands
- University College of London, United Kingdom
- University at Buffalo, USA
- University of Sorbonne, France
- University of Exeter, UK
- Institute of Liver and Biliary Sciences (ILBS)
- All India Institute of Medical Sciences (AIIMS), New Delhi
- Regional Centre for Biotechnology (RCB), Faridabad

These collaborations catalyze the interdisciplinary research of IIT Delhi with other eminent national and international Universities. Major outcome of seed fund research collaboration include 132 publications, 20 patents filed, supervision of 26 joint students, development of joint products and technologies, and the organisation of joint symposiums and workshops.

2. Research Initiatives for Students

- To inculcate the spirit of innovation, Student Start-up Action and Discover & Learn 1-2-3-4 schemes have supported twelve (12) projects.
- The Summer Undergraduate Research Awards (SURA) were provided to 26 projects involving 48 students.
- **Research Excellence Travel Award (RETA):** Highly meritorious research scholars (full-time as well as part-time) are awarded the Research Excellence Travel Award (RETA) amounting to Rs. 1,50,000/- from IRD promotional funds. RETA can be used only for a single conference travel. A total of one hundred and sixteen students (116) have been awarded for RETA during FY 2024-25.
- **Research Scholar Travel Award (RSTA):** All the research scholars are awarded a travel grant under the Research Scholar Travel Award (RSTA) up to a maximum of Rs. 1,80,000/- from the IRD Research Promotion Fund, over and above an initial grant of Rs. 20,000/- provided by the Institute. A total of five hundred & twenty-four (524) students have been granted RSTA in the FY 2024-25.

Significant achievements of Startup & Discover & Learn Schemes include 8 publications, 5 patents filed, and recognition through awards—Ms. Kusum Saini received the Vishwakarma Award 2024 and the Batch of 1969 Innovation Fellow Award 2024.

Memorandum of Understanding (MoU)

Research MoUs: Signed by the Institute

Sr. No.	Organization	Scope
1.	Armed Forces Medical Services (AFMS) and IIT Delhi.	Research and innovation to develop novel medical devices, and focus on solving health issues specific to serving soldiers in varied terrains.
2.	Thermax, Department of Science & Technology and IIT Delhi.	CO ₂ capture and utilization (CCU) technologies play a crucial role in India's journey towards achieving net-zero carbon emissions.
3.	CSIR – Central Road Research Institute (CRRI) and IIT Delhi.	The purposes of the cooperation are to promote cooperative research and to facilitate the exchange of ideas, the development of new knowledge, and to enhance of high-quality research acumen.
4.	Khalifa University, Abu Dhabi, United Arab Emirates	Engage in academic, research and shared facilities an lab space.
5.	Mohamed bin Zayed University of Artificial Intelligence (MBZUAI)	To enhance research, education, and innovation in the fields of artificial intelligence and its applications to various domains of science and technology.
6.	University of Sorbonne, France	Collaboration in education and research by establishing programmes related to health with multidisciplinary scope.
7.	University of Exeter, UK	Establishing a programme for academic cooperation in the areas of mutual interest.
8.	National Institute of Food Technology Entrepreneurship and Management (NIFTEM) and IIT Delhi.	Faculty, staff, PG students and PhD scholars of both the organizations for academic and research promotion and vice versa.
9.	Tripartite MoU between University College of London (UCL) UK, All Indian Institute of Medical Sciences (AIIMS) New Delhi and IIT Delhi.	Joint in research, innovation and teaching areas of common interest.
10.	Commander Works Engineer (Air Force Station, Tughlakabad) and IIT Delhi.	To achieve require substantial emission reductions and carbon neutrality.

The following MoUs have been renewed: -

Sr. No.	Organization	Scope
1.	Hebrew University of Jerusalem, Israel (HUJI)	Collaborate in joint research areas of mutual interest.
2.	Joint Degree Programme (JDP) MoU between National Yang Ming Chiao Tung University, Taiwan	Engage in joint doctoral degree programme.
3.	University College of London (UCL), UK	Collaborate in academic and research areas of mutual interest.
4.	Delft University of Technology (TUD), Netherlands	To cooperate in the promotion of teaching and research activities.
5.	All India Institute of Medical Sciences (AIIMS), New Delhi	Collaborate in academic and HealthTech research areas of mutual interest.
6.	National Yang-Ming Chiao Tung University, NYCU, Taiwan	To strengthen research education in one or more disciplines of science, management, engineering, social sciences and their mutual interest in academic cooperation.

Academic International Collaboration

National Yang-Ming Chiao Tung University, Taiwan (NYCU)-IIT Delhi Programme

IIT Delhi and National Yang-Ming Chiao Tung University (NYCU), Taiwan, have reaffirmed their academic partnership by renewing the Joint Doctoral Program (JDP) Memorandum of Agreement (MoA) on August 29, 2024. This collaboration continues to foster research excellence and interdisciplinary innovation and semiconductor technologies, in particular.

Joint Doctoral Program (JDP)

- The IIT Delhi coordination office is fully operational at IRD.
- Admissions are open year-round; details are available at NYCU-IITD Website: <https://nycu.iitd.ac.in/steps>
- 19 PhD students are currently enrolled in the programme and actively engaged in research at both institutions.
- 7 scholars travelled to NYCU, Taiwan, in the past year for research work.
- 4 students have been awarded the NYCU-IITD joint degree, including three PhDs in August 2024 and one in November 2022 at IIT Delhi.

Major Achievements: Three (3) students – Dr. Manu Garg, Dr. Ashutosh Balakrishnan and Dr Pallavi Aggarwal, were awarded their degrees in PhD under this joint doctoral program at the 55th Annual Convocation held on August 10, 2024. Earlier, in 2022, Dr. Akhil K Ramesh was also awarded PhD degree under this program. Dr. Manu Garg also received the FITT Award for the Best Industry-Relevant Project Session 2023-2024.

Collaborative Research Initiatives

17 interdisciplinary research projects under the Multi-Institutional Faculty Interdisciplinary Research Project (MFIRP) are underway, focusing on: Semiconductors (Primary Focus), Medical Sciences & Technology, Civil Engineering and Nanomaterials for Biosensors.

Key achievements from the first year of joint projects:

- 23 international publications
- 10 conference papers
- 12 joint doctoral students under supervision
- 9 project proposals submitted to external funding agencies

Visit of National Yang-Ming Chiao Tung University (NYCU), Taiwan Delegation

On November 4, 2024, a delegation from NYCU visited IIT Delhi to strengthen research and academic collaboration, with a particular focus on the NYCU-IITD Joint Doctoral Degree Program (JDP). The discussions centred on faculty and researcher exchanges, industry-academia partnerships, joint research initiatives, and the organisation of workshops and conferences. Research scholars who had completed the JDP, highlighted their key achievements and milestones, demonstrating the program's impact.

As part of the visit, a poster competition was held for research scholars, evaluated by an expert panel from the NYCU delegation. Out of 23 entries, eight posters were selected based on novelty, presentation skills, and technological advancement. The winning scholars were recognised for their outstanding contributions and awarded monetary prizes of ₹5000 each from IRD.

R&D Fair, InvenTiv-2025, IIT Madras

India's Largest R&D Fair from Premier Higher Education Institutes

The screening committee selected three cutting-edge innovations to represent IIT Delhi at the R&D fair InvenTiv-2025, held at IIT Madras from February 28 to March 1, 2025. The selected innovations included:

- Ultrasound-based Bionic Interfaces by Prof. Biswarup Mukherjee (Centre for Biomedical Engineering)
- Hearing Screening Device by Prof. Dinesh Kalyansundaram (Centre for Biomedical Engineering)
- LC3 for Sustainable Construction by Prof. Shashank Bishnoi (Department of Civil Engineering)

Ultrasound-based Bionic Interfaces Construction

Hearing Screening Device

LC3 for Sustainable

The event illuminated the essential role of industry-academia partnerships in accelerating the transition of innovative research into tangible, impactful products and driving substantial economic advancement.

The event showcased a diverse range of innovations from premier Indian institutions and demonstrated advancements in fields such as biotechnology, agriculture, additive manufacturing (3D printing) and AI. This year, the event exemplified the transformative potential of Indian research and reinforced the government's vision of Viksit Bharat@2047.

Event DIA-GARIMA

On December 19, 2024, the DRDO-Industry-Academia Centre of Excellence (DIA-CoE), hosted DIA-GARIMA (Global Approach to Readiness of Indigenous Military Applications) at IIT Delhi. Pivotal resources were invested towards generating an innovation ecosystem that includes IIT Delhi academia, Indian industries and DRDO laboratory partners with a constant focus on defense technology needs for national security.

The visibility of the very first fruit of the seeds sown includes-

1. Light weight Bullet-Resistant Jacket (ABHED- Advanced Ballistic High Energy Defeat)

Technology transfer for the ABHED (Advanced Ballistic High Energy Defeat) jacket was made to companies like M/S MIDHANI (Mishra Dhatu Nigam), Rohtak, M/S SMPP Pvt Ltd, Delhi, and M/S AR Polymers (MKU)- Kanpur.

ABHED Bullet Resistant Jacket developed by Prof Naresh Bhatnagar and Team, which is one of the lightest BPJ of its kind in the world, meets all the necessary threat criteria as per BIS V & VI capability of stopping multiple shots. With such lightweight BPJ our Indian defense

forces will be in a position to protect from adversaries threat with greater mobility in the border area.

2. Extreme Weather Clothing (-60° C Windchill):

Memoranda of Agreement (MoA) were signed with companies such as Aeronav Industrial Safety Appliance (Delhi), Arnaf Industries, and Arrow Garments (Tirupur) for the limited series production of both extreme and cold weather.

3. Indigenous Ballistic Material Development:

On indigenous development, optimization of composition & processing of DPE (Disentangled Polyethylene), and testing & evaluation of material technology for application to armour using DPE- MoA has been signed for Co-development with M/S Reliance Industries Ltd. for supporting self-reliance in defense.

4. Extreme Heat Protective Clothing

MoA was signed with M/S Arrow Garments, Tirupur, M/S Aeronav Industrial Safety Appliance, Delhi and M/S Katalyst TECHTEX Ltd, Delhi for limited series production of extreme Heat Protective Clothing.

These agreements were signed during the Annual Convention of INAE on 19th Dec 2024 at IIT Delhi wherein Hon'ble Raksha Mantri Shri Rajnath Singh graced the occasion. The tripartite agreement exchange happened amongst Dr Samir V Kamat, Chairman DRDO; Prof. Rangan Banerjee, Director IIT Delhi and Industries. The agreement was signed by Prof. Naresh Bhatnagar, DEAN (R&D), Dr. N Ranjana, Director FTM and industry representatives in presence of Dr. M H Rahaman, Director DIA-CoE, IIT Delhi and other senior dignitaries of DRDO and IIT Delhi.

FOUNDATION FOR INNOVATION AND TECHNOLOGY TRANSFER (FITT)

Foundation for Innovation and Technology Transfer (FITT) was established as a Registered Society under the Societies Registration Act as per the decision of the Board of Governors of IIT Delhi vide its Resolution No. 8G/25/91 in the year 1992 with a corpus fund from MHRD with the basic objective to be an effective interface with the Industry to foster, promote and sustain commercialization of Science and Technology in the Institute for mutual benefits.

FITT's constantly evolving relationship between industry and academia largely determines FITT's approach in shaping its outreach for regional economic development. For the last three decades now, FITT has been providing excellent program management services and steadily increasing its operational landscape. The varied roles of FITT can be seen in enabling innovations and technopreneurs, business partnerships, technology development, consultancy, collaborative R&D, technology commercialization, development programs, corporate memberships, and supporting budding entrepreneurs under the incubation initiatives. FITT is a DSIR-approved Scientific and Industrial Research Organization (SIRO) by its charter to implement inter-alia industrial R&D projects.

During the Financial Year 2024-2025, 178 Collaborative R&D and technology development projects worth ₹112.33 Cr. have been contracted. FITT is also responsible for managing the intellectual property (IP) assets of the institute. As part of this role, FITT helps protect these assets by filing and maintaining various forms of IP such as patents, trademarks, designs, and copyrights. FITT also works with industries to commercialize these assets through technology transfer and licensing. FITT has facilitated over 1505 IP filings to date. During the Financial Year 2024-2025, 100 IP applications were filed, and 28 technology licensing/ IP assignment deals worth ₹53 Lakhs were signed.

FITT also engages with various corporations, Industry bodies, and other academic institutions to augment its outreach and technology commercialization efforts. A few glimpses of the same are given below:

FITT Signed MoUs/Agreements

with several universities and organizations in India and abroad during the period to promote research, innovation, technology development, and entrepreneurship. Some of them are mentioned below:

- FITT and NCIIPC, Small Industries Development Bank of India (SIDBI), Nasscom, Ayukriyam Innovations Pvt. Ltd., Indigotex Pvt. Ltd., Singhanian & Co., Wireless 4 Scale Laboratory Pvt. Ltd., White Tree Devices, Management Development Institute, Industrial Processors & Metallizers Pvt. Ltd., Anabrade Pvt. Ltd., IBM & Texas Instruments, Ericsson, Jaypee Group, Almedic Instruments India, DELSIG Systems Pvt. Ltd., Adroittech Pvt. Ltd., Akashalabdh Pvt. Ltd., VIT-Chennai, Centre for Development of Advanced Computing (CDAC), Roi Net Flexi Services Pvt. Ltd., T-Works, Rakuten Global, Envirotech Systems Limited, ADITI-iDEX, etc.

Events/Programs Conducted by FITT

- **Cythron 2024** - An initiative by NCIIPC (A unit of NTRO), in collaboration with the FITT, IIT Delhi, is a premier platform aimed at fostering innovation and entrepreneurship in the deep-tech domain.
- **DISC XI challenges and ADITI 1.0:** Foundation for Innovation and Technology Transfer, IIT Delhi, in collaboration with iDEX - DIO, organised an informative session addressing DISC XI challenges and ADITI 1.0.
- **The Delhi Innovation Summit (DIS) 24 was held on April 16, 2024:** Inaugurated by Prof. Rangan Banerjee, Director of IIT Delhi, with a keynote by Padmaja Ruparel. The event included a Fireside Chat featuring Gaurav Agarwal, discussing India's startup ecosystem and future vision. Panel discussions concentrated on technology transfer, while the FITT Investment Fund (FIF) was launched, allowing eight startups to pitch. A Tech Expo highlighted 25 technologies from IIT Delhi, showcasing their research commitment, and nine promising startups sought funding from 25 investors.
- **Women Mean Business:** FICCI in collaboration with FICCI FLO and the Foundation for Innovation and Technology Transfer (FITT) at IIT Delhi, hosted an insightful symposium titled 'Women Mean Business'.
- **The OIL Drift TECH Outreach Events:** A collaboration between Oil India Limited and FITT, has been launched to foster innovation and technology development.
- **Samsung Solve for Tomorrow (31st August 2024):** FITT and Samsung collaborated for the third edition of the Samsung 'Solve for Tomorrow' program. The students submitted their ideas under two broad themes: 'Community and Inclusion' and 'Environment and Sustainability.' The selected teams received grants of up to Rs. 90 lakhs to support prototype development.
- **DST NIDHI: Impact @8 (6th September 2024)** Inaugurated the celebrations of the completion of 8 years of the NIDHI program at IIT Delhi - a milestone in India's startup journey, with Hon'ble Minister for Science and Technology, Dr. Jitendra Singh joining virtually.
- **DSIR - A2K+ Meet (19th September 2024):** Department of Scientific and Industrial Research (DSIR), Ministry of Science and Technology, Government of India and FITT, co-organized an "A2K+ Knowledge Integration Meet." The event highlighted key findings from the A2K+ studies, TRL reports, and discussion on promoting inclusivity among stakeholders in commercialization efforts.
- **DeepTech Super Mixer:** On October 11, 2024, DSCE, in collaboration with Sanchi Connect, hosted a DeepTech Mixer at FITT, IIT Delhi, attracting over 20 investors and 60 startups.

- **Boeing BUILD 4.0 National Finale:** FITT, IIT Delhi in partnership with Boeing culminated BOEING BUILD Program. . Over 350 participants and 200+ ideas, and a national winner. From visionary pitches to purpose-driven prototypes, **Trishulspace** stood out with its game-changing solution in the Aerospace Sector, solving real-world challenges with bold thinking and breakthrough technology.
- **Unnati AI Launch:** Microsoft and FITT, IIT Delhi officially launched the Unnati AI Accelerator, a transformative CSR initiative aimed at driving AI-led social impact across Tier-II and Tier-III towns in India. Focused on sectors such as healthcare, agriculture, education, and sustainability, the initiative is designed to empower innovators with funding, mentorship, infrastructure, and market access to foster sustainable AI deployment and inclusive economic growth.
- **Indian Symposium on Health Technology Assessment:** The FITT, IIT Delhi team participated in the Indian Symposium on Health Technology Assessment (ISHTA), organized by DHR, MoHFW. The event brought together key stakeholders from government, industry, and academia to discuss the evolving role of Health Technology Assessment (HTA) in India.

KEY STARTUP ACHIEVEMENTS

New Product launch by the startup during this period

- **Zerodrag:** Nexus 1 Express Long Range Receiver, this tiny piece of receiver has 15 kms of range which is a main connection link between drone and a pilot.
- **Octarange:** Octa48 Mini series battery packs are specifically tailored logistic electric two-wheeler segment. Our tech stack is equipped with smart electronics and thermal management which capable of delivering ultrafast charging with no compromise in battery performance and health.

- **Calvem Energy Pvt Ltd** : Has developed motor and controller solutions for L5 and L3 category electric vehicles, which are currently undergoing road trials.

- **Green Aero Propulsion**: The team fired the first engine “The Blue Dragon” This is the first hydrogen-based jet engine demonstrated in India and we hope that we can keep up with this momentum. This is a significant milestone that validates many parts of core aero engine technology. Every part of this engine has been built from scratch from first principles. This is the technology demonstrator and will be followed by larger engines.

- **Synchronus Drive** : The team received The Best Startup award at the Startup Expo 2025 of Research & Innovation Conclave 2025 organized by SVNIT - Research and Innovation Affairs Council at Sardar Vallabhbhai National Institute of Technology (SVNIT), Surat.

- **Vecros Technologies**: VECROS Technologies Pvt. Ltd. has been recognized as a Finalist in Innovation in DroneTech at the 15th Aegis Graham Bell Awards (AGBA) for Innovation!

VISITS

- **BPCL & IDBI Capital Team**: FITT, IIT Delhi hosted the team from Bharat Petroleum Corporation Limited (BPCL) and IDBI Capital Markets & Securities Ltd. for an opportunity session on the BPCL Ankur Emerge Fund – a ₹50 Cr initiative aimed at supporting innovative startups with funding of up to ₹5 Cr.
- **India-Korea Startup Exchange & Networking** : FITT, IIT Delhi hosted the India-Korea Startup Exchange & Networking event, fostering global collaboration between Indian and Korean startups powered by DBS Bank.

- **Tetr College of Business Visit:** FITT, IIT Delhi recently hosted Tetr College of Business students from 45+ countries for an intensive 40-hour entrepreneurship training program.

- **Governor's Office of Catamarca, Argentina visit:** FITT, IIT Delhi hosted the distinguished delegation from the Governor's Office of Catamarca, Argentina, at our centre for an engaging discussion on fostering international collaborations in materials science, metal technology, and deep-tech startups.

NEW CALLS FOR STARTUPS

- **NIDHI SSS:** FITT, IIT Delhi had invited applications for the DST's NIDHI Seed Support System (NIDHI SSS), an initiative for startups looking to scale their innovative solutions.
- **SAMRIDH Accelerator 2.0 :** FITT, IIT Delhi launched SAMRIDH call to secure funding, mentorship, and growth opportunities under this high-impact initiative by MeitY Startup Hub.

- **New Onboarded Startups at IIT Delhi Incubator:**

- **Forging Global Innovation Bridges:** IIT Delhi's DS Centre for Entrepreneurship (DSCE), along with leading startups and researchers, showcased futuristic innovations at Khalifa University Research & Innovation 2025 in Abu Dhabi.

- **Launch of the 2nd Cohort Accelerator Under DSCE:** DSCE successfully launched its second cohort of the acceleration program, featuring nine deep-tech startups: Tadpole Projects, CLUIX Pvt Ltd, Aaizel International Technologies Pvt Ltd, EcoRatings, Easiofy Solutions, HumLogJobs, MachPhy Solutions, EMERGY Enviro Pvt. Ltd., and iKITES.

- **3-Day Bootcamp Igniting Innovation & Entrepreneurship in Biotechnology:** Designed to foster innovation in medical and biotechnology, the program is laying a strong foundation for startups, research, and groundbreaking ideas. A key highlight was the enthusiastic response from colleges in the Mathura region, eager to build startup ecosystems within their institutions—marking a significant step toward strengthening India's entrepreneurial landscape.

The 3-day Innovation & Entrepreneurship Bootcamp, hosted by DSCE & FITT IIT Delhi, brought together startup founders, industry leaders, and investors for expert-led masterclasses, investor networking, and business model development workshops.

- **Empowering Deep-Tech Startups: DSCE Startup Demo Day:** The DS Centre of Entrepreneurship (DSCE), under FITT IIT Delhi, hosted an exclusive Startup Demo Day, where 40+ closed-door pitches took place in front of leading investors, including Sanchi Connect, Thinkuvate, Grow X Ventures, SteerX, and Maruti Suzuki Innovation.

This high-impact demo-day provided a platform for cutting-edge deep-tech startups to showcase their innovations, fostering strategic investments and industry collaborations to drive the next wave of technological disruption.

- **India-Korea Startup Exchange & Networking – A Remarkable Day of Innovation:** With a focus on global collaboration and cross-border innovation, DSCE & FITT IIT Delhi hosted the India-Korea Startup Exchange & Networking event, uniting startups and leaders from both countries.

- **Malaysia-India Startup Exchange: Delegates Visit DSCE & FITT IIT Delhi to Foster Innovation Partnerships** : As part of an international Startup Exchange Program, a delegation from Malaysia visited DSCE and FITT IIT Delhi to explore collaborative opportunities in innovation and entrepreneurship.

- **FITT IIT Delhi & MountTech-Kavachh Forge Alliance to Boost Defence Innovation** : FITT IIT Delhi and MountTech Growth Fund – Kavachh have signed a strategic MoU on to accelerate defence innovation in India through impactful investments and deep industry-academia collaboration.

- **Igniting Innovation: DSCE at SANDBOX 2025** : At SANDBOX 2025, a vibrant celebration of National Startup Day, trailblazers and innovators gathered to drive India's startup revolution. Hosted by Chandigarh University Technology Business Incubator, the event became a melting pot of ideas, insights, and collaborations. With inspiring discussions and knowledge-sharing sessions, DSCE encouraged young entrepreneurs to take bold strides, turn challenges into opportunities, and drive India's startup revolution forward.

As the spirit of innovation continues to thrive, DSCE remains committed to empowering the next generation of startups, fueling their journey toward impactful change.

- **DSCE at Physics Wallah: Fostering Startup Success at AARAMBH 4.0:** The DS Centre for Entrepreneurship (DSCE) continues to empower young entrepreneurs across India. At AARAMBH 4.0, hosted by Physics Wallah, DSCE engaged with founders from early to growth-stage startups across diverse sectors.

- **Empowering MSMEs & Entrepreneurs | Innovation Bootcamp at FITT IIT Delhi:** On April 30th, DSCE under FITT IIT Delhi hosted a one-day Innovation & Entrepreneurship Bootcamp, powered by a leading financial partner. The event brought together MSMEs, startup founders, and student innovators to explore practical solutions for business growth.

Sessions covered finance, compliance, brand building, and tech innovation—equipping participants with actionable insights on MSME schemes, logistics, digital marketing, and scaling strategies. The bootcamp fostered vibrant discussions, peer learning, and ecosystem collaboration—marking a successful step toward enabling inclusive entrepreneurship.

- **DGCE Visit to IIT Delhi-** FITT had an opportunity to host Major General Harpal Singh, VSM, Director General of Combat Engineers, Indian Army, on 26th April 2024.

During his visit, he interacted with the startups working in the different areas having possible combat applications. The showcase was followed by a technology briefing session where academicians and scholars presented research projects of IIT Delhi to him, exploring further opportunities in the combat areas.

- **DGIS Visit FITT IIT Delhi –** FITT had an opportunity to host Lt General Rajiv Kumar, VSM, Directorate General of Information Systems, Indian Army, on 18th April 2024.

During his visit, he interacted with the startups working in the areas of Information systems/Cyber security, AIML and Communication systems having possible applications for Indian Army.

NEW INITIATIVES :

- FITT, IIT Delhi is assisting in writing the new IP policy for Abu Dhabi Campus.

- In a collaborative effort to empower women and nurture their entrepreneurial potential, FITT, DS Centre of Entrepreneurship (DSCE), IIT Delhi and GAIL India Limited have introduced GAIL ABHA 2.0, a pioneering initiative aimed at fostering innovation and self-reliance among the spouses of GAIL employees. This one-year hybrid program, set to begin shortly, seeks to understand the entrepreneurial orientation of these women and identify effective ways to enhance and support their aspirations.

- BUILD 4.0 FITT in collaboration with Boeing launched the Boeing University Innovation Leadership Development Program #BUILD 4.0, designed to foster innovation and entrepreneurship in high-impact sectors such as Aerospace, Spacotech, Electric Vehicles (EV), E-mobility, Green Energy, Sustainability & Social Impact. The winner will receive a funding Amount worth INR 10 Lakhs.

KEY PARTNERSHIP AND COLLABORATIONS

- FITT organized “Meet the Drapers” event on 8th November 2024 at IIT Delhi - the Drapers’ Global TV Pitch Competition. This distinguished event presents a unique opportunity to witness some of India’s most promising startups pitch their transformative ideas to the Draper family, a legendary name in global venture capital.

- PANIIT Global Conference 2024 (Netherlands):** Dr. Nikhil Agarwal, MD, FITT-IITD, represented FITT at the conference, where discussions focused on Academic Cooperation, the India-Netherlands Business Corridor, and cross-border startup incubation and funding. The conference highlighted strategies for deeper industry-academia cooperation and building robust funding mechanisms for startups across borders.

- IAN meetup and pitching session (24th September 2024):** A pitching session was organized by the DS Centre of Entrepreneurship with Mr. Abhishek Kakkar from the Indian Angel Network, wherein the startups had the opportunity to pitch their ideas and secure funding from the IAN.
- iDEX (INDUSXSummit2024) (9 - 10th September 2024) 3rd India-US Defence Acceleration Ecosystem Summit (INDUSXSummit2024)-** iDEX - DIO Ministry of Defence, in collaboration with the US Department of Defence, successfully hosted the summit on 9th & 10th September at Stanford University. This event brought together leading policymakers from Washington and New Delhi with a central focus on strengthening defence and advanced technology partnerships. This initiative strengthened the technology collaboration between the two nations as startups, MEMEs, and innovators got a platform to take their innovation to new heights of impact. Dr Nikhil Agarwal, MD FITT, was a part of the Indian delegation.
- FITT SIDBI iDEX Fund FITT had opened applications for the FITT SIDBI iDEX Fund, giving startups the chance to secure up to ₹1 crore in financial support. This opportunity was exclusively available to MSMEs and startups in the defence sector, aimed at fostering innovation and driving growth in the industry.
- FITT also opened applications for the **SIDBI iDEX Fund**, aimed at supporting innovative startups in the **defence sector**.

INVESTOR-STARTUP-MENTOR MEETUP

- On February 21, 2025, DSCE and FITT, hosted a dynamic Investor-Startup-Mentor Meetup, uniting visionary startups, seasoned mentors, and top investors. The event buzzed with inspiring talks on innovation-driven entrepreneurship and sustainable growth strategies.
- **FITT Hosts Workshop on LC-MS in Collaboration with Waters Corporation:** FITT, in collaboration with Waters Corporation, successfully hosted a technical workshop on Liquid Chromatography and Mass Spectrometry (LC-MS) on 28th March 2025. Designed for researchers, students, and industry professionals, the session covered cutting-edge innovations in LC-MS applications across biotech, pharma, and analytical sciences.
- **Grand Challenge Series 2024 – Driving Deep-Tech Innovation :** FITT in collaboration with MeitY Startup Hub, successfully hosted the Grand Challenge Series 2024 on 22nd March 2025 at RNI, IIT Delhi.
- **FITT Launches Biospark Program to Ignite Grassroots Innovation:** FITT, in collaboration with HS Foundation India, launched the Biospark Program—a dynamic initiative to foster entrepreneurship and innovation at the grassroots level. With strong participation from colleges and universities in the Mathura region, the program sparked momentum toward building robust campus-based startup ecosystems.
- **EMERGY Enviro at Investor-Startup-Mentor Meetup :** At the Investor-Startup-Mentor Meetup, hosted by DSCE and FITT, EMERGY Enviro, a star of DSCE's Cohort 2, was showcased with its innovative nature-based wastewater solutions: Integrated Wetland Technology-based Green STP and In-Situ Nallah Treatment Technology (N-Treat).

- **Transport Stack Open Innovation Challenge :** The Transport Stack Open Innovation Challenge, organized by the Japan International Cooperation Agency (JICA) in collaboration with FITT, and Boston Consulting Group (BCG), was successfully concluded, driving transformative mobility solutions for AI-driven smart transit, sustainable urban commutes, and inclusive cities on 3rd Feb. 2025.
- **DriftTECH Innovation Bootcamp :** A transformative Residential Bootcamp under Oil India Limited's DriftTECH Innovation Program was successfully concluded on 21-23 Jan. 2025 at R&I Park, IIT Delhi. Over several days, 10 exceptional startups were immersed in a dynamic environment of innovation and collaboration.

- **BUILD 4.0 Bootcamp Hailed as a Resounding Success:** The BUILD 4.0 Bootcamp, hosted by FITT, was celebrated as a triumph. Over two dynamic days, impactful sessions were delivered by industry and investment experts, empowering startups with actionable insights.

- **World Bank Delegation:** On January 31, 2025, a delegation from the World Bank, along with representatives from the National Biopharma Mission (NBM), visited FITT to assess the progress of an NBM-funded initiative. The team was briefed on the evolution and impact of the i-TTO (Innovation-Technology Transfer Office), with a focus on key achievements in intellectual property protection, industry collaborations, and technology transfer.

- **Investor Showcase to Accelerate Innovation in Healthcare & Biotech:** FITT in collaboration with BSC BioNEST Bioincubator, hosted a high-impact Investor Showcase that brought together over 15 leading investment firms, 9 cutting-edge startups, and 30+ key stakeholders from the healthcare and biotech sectors.

The event served as a powerful platform for driving innovation, investment, and strategic collaboration. Startups presented pioneering solutions in AI-powered healthcare, diagnostics, therapeutics, and medical devices, highlighting the transformative potential of deep-tech innovation in the life sciences domain.

- **Solvathon 2025: Celebrating Innovation & Grit:** FITT in collaboration with Apollo Hospitals hosted Solvathon 2025 during 20-22 Feb. 2025—a 36-hour innovation marathon that brought together brilliant minds from across India. After intense problem-solving and creative breakthroughs, Team Medigenie AI emerged as the winner, with Team Underdaws and Team Gotraze securing the 1st and 2nd runner-up positions respectively.

- **Future of Artificial Intelligence in Healthcare 2.0:** On January 7, 2025, the Artificial Intelligence in Healthcare 2.0 Summit was hosted by the Centre for Artificial Intelligence & Innovation at AIG Hospitals, Hyderabad, with Dr. Nikhil Agarwal, Managing Director of FITT, as the distinguished guest speaker.

An inspiring address was delivered by Dr. Agarwal, highlighting AI's potential to transform Indian healthcare by enhancing efficiency, reducing costs, and driving innovation.

- **1st National DBT BIRAC NBM-RTTO Technology Licensing Event 2025:** On February 24, 2025, a significant impact was made by the Innovation-Technology Transfer Office (i-TTO) under FITT at the 1st National DBT BIRAC NBM-RTTO Technology Licensing Event 2025 held at T-Hub, Hyderabad. Innovators, entrepreneurs, and industry leaders in Pharma, Medical Devices, and Diagnostics were brought together, fostering a dynamic platform for collaboration.

- **Innovation at Intellectual Property Commercialization Workshop:** On February 27, 2025, a pivotal workshop on Intellectual Property Commercialization & Technology Transfer was hosted by the Punjab State Council for Science and Technology (PSCST), supported by the Department of Science, Technology and Innovation, Government of India, at the Institute of Nano Science and Technology (INST), Mohali. Punjab's technology transfer ecosystem was significantly strengthened through this event. The inaugural session was graced by Dr. Nikhil Agarwal, Managing Director of FITT, whose inspiring address underscored the transformative potential of research outcomes and the need to bridge Technology Readiness Levels (TRL) 4-7 for industry adoption.

- **ISHTA 2025: Advancing Health Tech in India:** FITT participated in the Indian Symposium on Health Technology Assessment (ISHTA), organized by the Department of Health Research (DHR), Ministry of Health and Family Welfare. The event served as a platform for key stakeholders from government, academia, industry, and the startup ecosystem to explore the evolving role of Health Technology Assessment (HTA) in shaping India's healthcare future.

- **PanIIT 2025: Exploring 'Technology at Work':** FITT participated in PanIIT 2025, a premier gathering of innovators and thought leaders from across the country. Representing FITT at the event were Dr. Namita Gupta, Mr. Kiran Sabale & Dr. Prachi Bangde, who engaged in key discussions aligned with the event's theme, "Technology at Work." The conference focused on the transformative impact of technology—particularly AI/ML—across critical sectors like mobility, energy, and healthcare, highlighting collaboration between academia, industry, and government.

- **Khalifa University R&I 2025:** FITT made waves at Khalifa University Research & Innovation 2025, showcasing groundbreaking innovations alongside startups and researchers. The team sparked dynamic discussions on investment, tech transfer, and expanding incubated ventures to Abu Dhabi, solidifying FITT's role as a global innovation catalyst. A visit to the IIT Delhi Abu Dhabi campus further deepened academic and entrepreneurial connections.

- **DS Centre of Entrepreneurship Participated in SANDBOX 2025:** DSCE participated in SANDBOX 2025—a dynamic celebration of National Startup Day hosted by Chandigarh University TBI. The event fostered vibrant discussions, idea exchange, and collaboration, with DSCE encouraging young entrepreneurs to turn challenges into opportunities.

- **FITT & DSCE at AARAMBH 4.0 by Physics Wallah:** FITT and DSCE participated in AARAMBH 4.0, engaging with early to growth-stage startups across sectors. DSCE led discussions on product-market fit and iteration strategies, offering valuable insights to help founders refine their offerings and scale effectively.

RECOGNITION & ACHIEVEMENTS:

- **Defconnect 2024:** FITT received appreciation from Hon'ble Raksha Mantri Shri Rajnath Singh Ji for its role in the defense innovation ecosystem. FITT will manage the SIDBI iDEX Partner Incubator Fund to accelerate startup growth in defense innovation.
- **ADITI 1.0 Awards:** Three FITT-incubated startups were declared winners in the ADITI 1.0 challenge:
 1. **Green Aero Propulsion:** Innovating with **green hydrogen-based technologies** to decarbonize aviation and shipping.
 2. **CYRAN AI Solutions:** Providing advanced **AI and Cyber-Physical Security** technologies.
 3. **Komitsudo Energitek Pvt. Ltd.:** Focused on advanced solutions in the **Energy Storage** industry.
- **SAMRIDH-Regional Review and Awareness Program:** Organized in collaboration with **MeitY Startup Hub**, attended by MeitY officials including Shri Rajeshwar Singh Jenwar, Dr. Sanjeev Kumar Gupta, and others.

International Relations

International Visitors

- Prof. Meenakshi Arora, Director Melbourne India Postgraduate Academy (MiPA) Faculty of Engineering and IT, Department of Infrastructure Engineering, visited IIT Delhi on 1st April 2024.
- Professor Dr. Patrick Cramer, President of the Max-Planck Society, Germany visited IIT Delhi on 4th April 2024.
- A Delegation from Georgia Institute of Technology, USA, led by Prof. Devesh Ranjan, School Chair of Mechanical Engineering, visited IIT Delhi on 8th April 2024.
- Greek Academics, led by Dr. E. Stylianidis, (Professor of Spatial Planning, Faculty of Engineering and Member of the Administration Council, University of Thessaloniki), will be visiting us on Friday, i.e. 12th April 2024.
- Mr. José Ramón Holguín Brito, Deputy Minister of Monitoring and Government Coordination of the Presidency of the Dominican Republic, visited IIT Delhi on Monday, 22nd April 2024.
- A 7 member's delegation from UiT Norway visited IIT Delhi on 23rd April 2024.
- A 7 member's delegation from Otto von Guericke University, Magdeburg visited IIT Delhi on 1st May 2024.
- A 3 member's delegation from École Polytechnique, France visited IIT Delhi on 14th May 2024.
- A 3 member's delegation from Michigan State University, Michigan visited IIT Delhi on 16th May 2024.
- Professor Jouko Niinimäki, Rector of University of Oulu, Finland, visited IIT Delhi on 07th June 2024.
- Mr Kamilovich, Deputy Governor of the Khorezm region, Uzbekistan visited the Institute on 16th July 2024.
- A group of 6-member delegation from Sweden visited the Institute on 23rd July 2024.
- Mr. Kinji Saito, Director & Senior Managing Officer of Suzuki Motor Corporation, Japan visited the Institute on 26th July 2024.
- Mr. Ignacio Sánchez, President of UC Chile and Lilian Ferrer, Vice President for International Affairs at UC Chile from South America visited the Institute on 12nd August 2024.
- A group of 15 Content Creators led by Ayush Kumar Sheohare (Third Secretary Commerce), EOI Abu Dhabi visited the Institute on 28th August 2024.
- A 3-member delegation from UNSW, Australia visited the Institute on 29th August 2024.

- Prof. D. Sakthi Kumar (President, JSPS Alumni Association of India, Toyo University, Japan visited the Institute on 04th September 2024.
- Dr. Yoshihide Sekimoto, Director and Professor, Center for Spatial Information Science (CSIS), University of Tokyo visited the Institute on 10th September 2024.
- A 15- member delegations led by Mr. Tim van Essen, (Special Advisor for Semiconductors and Critical Technologies at the Ministry of Foreign Affairs, Netherlands visited the Institute on 10th September 2024.
- Meenakshi Arora, Director, Melbourne India Postgraduate Academy-MIPA; Faculty of Engineering and IT, Department of Infrastructure Engineering, University of Melbourne visited the Institute on 17th September 2024.
- Robert Gordon President and Vice-Chancellor, University of Windsor, UK Visited the Institute on 23rd September 2024.
- A 7- member delegations led by Jacques Mercadier, (Vice-President of the Fédération Gay-Lussac, France visited the Institute on 30th September 2024.
- A 6- member delegations led by Rahul Shrivastav, Provost and Executive Vice President, Indiana University, United States visited the Institute on 30th September 2024.
- Ms. Laura Chaubard, President Ecole Polytechnique, France visited the Institute on 11th October 2024.
- Prof. Nobuhiko KUZE from Sophia University, Japan visited the Institute on 18th October 2024.
- Mr. Rafael Féliz, Director of the Technological Institute of the Americas (ITLA), Dominican Republic of India visited the Institute on 22nd October 2024.
- Mr. Kees Kwant, Mission Director of Integrated Biorefineries, Netherlands visited the Institute on 14th October 2024.
- Prof. Nhlapo, Vice-Chancellor, Cape Peninsula University of Technology (CPUT) and Chairperson of the THENSA Board, South Africa visited the Institute on 21st October 2024.
- A 3-member delegation from TU Alliance, Austria visited the Institute on 21st October 2024.
- Professor Apala Majumdar FRSE FIMA University of Strathclyde Glasgow, UK and visited the Institute on 22nd October 2024.
- A 6-member delegation from Maynooth University, Ireland visited the Institute on 22nd October 2024.
- A 4-member delegation from Technical University of Munich (TUM), Germany visited the Institute on 24th October 2024.
- Prof. Alison Noble, Foreign Secretary from the Royal Society, United Kingdom visited the Institute on 8th November 2024.

- A 3-member delegation from Greater Columbus Sister Cities International (GCSCI), USA visited the Institute on 13th November 2024.
- A 3-member delegation from AI Hub Seoul, South Korea visited the Institute on 13th November 2024.
- A 12- member delegation from Vietnam led by HE Mr Nguyen Xuan Thang, Member of Politburo, President of the Ho Chi Minh National Academy of Politics (HCMA), and Chairman of the Central Theory Council visited the Institute on 13th November 2024.
- A 12-member delegation from HSE University, Saint-Petersburg, led by Dr Anna Tyshetskaya, Vice-Chancellor & Director of HSE University, Saint-Petersburg, Associate Professor at the Department of Media, School of Arts and Humanities visited the Institute on 18th November 2024.
- A Delegation led by Dean Alex Triantis from Johns Hopkins Carey Business School, visited the Institute on 18th November, 2024.
- A 4-member delegation from Johns Hopkins University visited the Institute on 20th November 2024.
- A group of 26-member delegation from Kanazawa University FUKUI, Japan visited the Institute on 21st November 2024.
- A 3-member delegation from University of Huddersfield, England visited the Institute on 25th November 2024.
- Prof. Mundia Muya, Vice Chancellor, University of Zambia visited the Institute on 25th November 2024.
- A 4-member delegation from Sorbonne University, France visited the Institute on 06th December 2024.
- A 6-member delegation from Seoul AI Hub, South Korea visited the Institute on 06th December 2024.
- A 10-member delegation group led by Prof. Dr. Matthias Willems, President, Technical University Munich, Germany visited the Institute on 20th January 2025.
- Prof. Lisa Roberts, President and Vice-Chancellor, University Exeter, UK visited the Institute on 30th January 2025.
- Prof. Chris Day Vice Chancellor and President of Newcastle University, UK visited the Institute on 22nd January 2025.
- Dr. Radhika Jha, Associate Dean of Graduate Studies & Academic Engagement, St John's University New York visited the Institute on 10th February 2025.
- The Indo-Dutch Tech Summit 2025 was organised by the Confederation of Indian Industry (CII) in collaboration with the embassy of the Kingdom of the Netherlands in IIT Delhi, on February 6, 2025, at FIIT, Research and innovation park., IIT Delhi.

The event was organised to strengthen Indo-Dutch partnerships in science, technology, and innovation.

The event featured insightful discussions on diverse topics, including the Indo-Dutch Water4Change Program, energy and clean hydrogen pathways, bio-economy and waste-to-wealth technologies, semiconductors and advanced materials, and MedTech innovations aimed at fostering accessible, sustainable, and future-proof healthcare. The Orange Orbits: Design Thinking Workshop further explored synergies in the Indo-Dutch commercial space sector.

- A 5-member delegation group led by Ambassador David C. Mulford, USA, visited the Institute on 14th February 2025.
- A 8 member delegation group from University of Oulu visited the Institute on 21st February 2025.
- Prof. Antonio Moreno, Dean, School of Economics and Business, University of Navarra, Spain visited the Institute on 25.02.2025.
- Mr. Michael Berube, Deputy Asst. Secretary Sustainable Transportation, Department of Energy, USA visited the Institute on 28.02.2025
- Prof. Peter Lievens, Vice Rector for International Policy and Interculturality, Department of Physics and Astronomy of KU Leuven, Belgium visited the Institute on 03.03.2025.
- A 14-member group from Innovation Mission Netherlands visited the Institute on 4th March 2025.
- Prof. Rik Van de Walle, Rector, Ghent University, Belgium visited the Institute on 4th March 2025.
- Prof. Richard Dashwood, Deputy Vice-Chancellor (Research), Coventry University, UK visited the Institute on 5th March 2025.

• **James Lawless, the Ireland Education Minister, visited IIT Delhi:**

James Lawless, the Ireland Education Minister, visited IIT Delhi on 17th March, 2025 to explore collaborative opportunities. He interacted with the IIT Delhi community. The Irish government is committed to strengthening these educational ties by introducing new scholarship programs and financial aid opportunities specifically designed for Indian students.

Lawless also highlighted the growing collaboration between India and Ireland in research and innovation. Ireland is seeking to strengthen its collaboration with India in the areas of trade, education, and research, according to James Lawless, Ireland's Minister for Further and Higher Education, Research, Innovation, and Science. During his first visit to India, Lawless emphasized the strong and growing ties between the two nations, highlighting Ireland as a prominent destination for Indian students. He also shared that he had an engaging discussion with the team at IIT Delhi during his visit.

- Dr. Michael Bradley – Dean, College of Engineering, University of Saskatchewan, Canada on 17th March 2025.
- A 12-member delegation from United States-India Educational Foundation (USIEF) visited the Institute on 17th March 2025.

- Visit of the Prime Minister of New Zealand, Hon. Christopher Luxon to IIT Delhi on 18th March 2025

The Prime Minister of New Zealand, Hon. Christopher Luxon, chaired an education focused event at IIT Delhi on 18th March, 2025 reaffirming the deep academic ties between New Zealand and India. The event celebrated the New Zealand Centre, a flagship initiative that brings together all New Zealand universities in collaboration with IIT Delhi.

The event also acknowledged the significant contributions of joint research initiatives between New Zealand and India in fields such as artificial intelligence, sustainability, disaster resilience, and advanced engineering. Notably, a collaborative project between the University of Canterbury and IIT Delhi is leveraging geospatial data for climate change mitigation, aligning with India's national sustainability goals and demonstrating a shared commitment to tackling global challenges through innovation and research.

New Zealand Prime Minister Christopher Luxon stated, "New Zealand and India share a reciprocal education partnership, built on academic excellence and cultural exchange. As we navigate an increasingly interconnected world, we remain committed to equipping students with the skills needed to succeed on the global stage. Through the initiatives announced today we are fostering deeper connections and empowering future leaders and innovators."

Prof. Rangan Banerjee, Director of IIT Delhi, highlighted the significance of the partnership, saying, "At IIT Delhi, we are dedicated to fostering global academic collaborations that drive innovation and research excellence. Our partnership with New Zealand through the New Zealand Centre has facilitated knowledge exchange, joint research, and student mobility. By focusing on areas like sustainability and disaster resilience, we are addressing real-world challenges with a shared commitment to innovation. The introduction of the Virtual Internship Programme and expanded research collaborations will further enhance global exposure and industry experience for our students."

- **Visit of Heads of German Universities to Indian Institute of Technology Delhi:**

A delegation from Germany, comprising Vice-Chancellors and Presidents of various German universities, visited on March 21, 2025. During their visit, the delegation engaged in discussions on the following topics:

- The internationalization of centers of excellence
 - Strategies for collaboration within international research networks and clusters
 - The promotion of interdisciplinary research
 - Indo-German and Indo-European cooperation projects
- Ms. Cheryl Dumaresq Executive Director -Global Engagement, University of British Columbia, Canada visited the Institute on 21st March 2025.
 - Integrated Health Research Network meeting with Sorbonne University, France on 21.03.2025.
 - Prof. Christopher Cripps, Vice-President for Europe and International Affairs at Institute Polytechnique de Paris (IP Paris) visited the Institute on 28.03.2025

Memorandum of Understanding (MoUs) signed with:

- Sophia University, Japan
- Technical University of Munich (TUM), Germany
- RIEB, Kobe University, Japan
- NYCU-JDP Program, Taiwan
- Zayed University, UAE
- Sorbonne University Abu Dhabi, UAE
- Mohamed bin Zayed University of Artificial Intelligence (MBZUAI), UAE
- Khalifa University of Science and Technology, UAE
- Ecole Polytechnique, France
- National Institute for Materials Science (NIMS), Japan
- Seoul AI Hub, South Korea
- University College London, UK
- Royal Holloway, University of London (RHUL), UK
- University of Melbourne, Australia
- Montan universität Leoben (MUL), Austria
- Delft University of Technology (TU Delft), Netherlands
- Moscow School of Management SKOLKOVO, Russia
- Ufa University of Science and Technology(UUST), Russia
- Taiwanese Universities (NCKU, NSYSU and NTHU), Taiwan
- University of Huddersfield, UK

Mr Kamilovich, Deputy Governor of the Khorezm region, Uzbekistan on 16th July 2024.

Mr. Kinji Saito, Director & Senior Managing Officer of Suzuki Motor Corporation, Japan on 26th July 2024.

15 Content Creators from UAE on 28th August 2024.

Dr. Yoshihide Sekimoto, Director and Professor, Center for Spatial Information Science (CSIS), University of Tokyo on 10th September 2024.

Mr. Tim van Essen, (Special Advisor for Semiconductors and Critical Technologies at the Ministry of Foreign Affairs, Netherlands on 10th September 2024.

Meenakshi Arora, Director, Melbourne India Postgraduate Academy- MIPA; Faculty of Engineering and IT, Department of Infrastructure Engineering, University of Melbourne on 17th September 2024.

Robert Gordon President and Vice-Chancellor, University of Windsor, UK on 23rd September 2024.

Jacques Mercadier (Vice-President of the Fédération Gay-Lussac, France on 30th September 2024.

Ms. Laura Chaubard, President Ecole Polytechnique, France visited on 11th October 2024.

Mr. Kees Kwant, Mission Director of Integrated Biorefineries, Netherlands visited on 14th October 2024.

Prof. Nobuhiko KUZE from Sophia University, Japan visited the Institute on 18th October 2024.

Prof. Nhlapo, Vice-Chancellor, Cape Peninsula University of Technology (CPUT) and Chairperson of the THENSA Board, South Africa visited on 21st October 2024.

A 3-member delegation from TU Alliance, Austria visited the Institute on 21st October 2024.

Mr. Rafael Félix, Director of the Technological Institute of the Americas (ITLA), Dominican Republic of India visited on 22nd October 2024.

Professor Apala Majumdar FRSE FIMA University of Strathclyde Glasgow, UK visited on 22nd October 2024.

A 6-member delegation from Maynooth University, Ireland visited on 22nd October 2024.

A 4-member delegation from Technical University of Munich (TUM), Germany visited the Institute on 24th October 2024.

Professor Alison Noble, Foreign Secretary from the Royal Society UK on 8th November 2024.

A 3-member delegation from Greater Columbus Sister Cities International (GCSCI), USA visited the Institute on 13th November 2024.

A 3-member delegation from AI Hub Seoul, South Korea on 13th November 2024.

A 12 member delegation from Vietnam on 13th November 2024.

A 12-member delegation from HSE University, Saint-Petersburg on 18th November 2024.

A Delegation led by Dean Alex Triantis from Johns Hopkins Carey Business School, visited the Institute on 18th November, 2024.

A 4-member delegation from Johns Hopkins University visited on 20th November 2024.

A group of 26-member delegation from Kanazawa University FUKUI, Japan on 21st November 2024.

A 3-member delegation from University of Huddersfield, England visited on 25th November 2024.

Prof. Mundia Muya, Vice Chancellor, University of Zambia visited on 25th November 2024.

Corporate Relations

Introduction

The Corporate Relations Office at IIT Delhi is dedicated to establishing collaborations that bridge the gap between industry and our research community, crafting scalable solutions for both local and global contexts. These partnerships focus on integrating scientific and engineering innovations from the Institute with the industry's execution capabilities, resulting in effective solutions. Actively engaging in fostering industry connections, our team facilitates the transfer of knowledge and emerging technologies from academia to the industry. Through these collaborations, we provide a platform for our faculty and research scholars to transform academic research into tangible technologies and products that benefit society. Various initiatives have demonstrated our research capabilities to the industry, leading to significant partnerships and large-scale projects.

A. Major Corporate Social Responsibility (CSR) Partnerships

- **Toshiba Software India Pvt. Ltd. Renews Partnership with IIT Delhi to Drive Innovation in Battery Technology**

Toshiba Software India Pvt. Ltd. has renewed its partnership with IIT Delhi through the signing of new MoUs, marking a significant step forward in our collective pursuit of sustainable innovation. Toshiba Software India, a leader in providing software solutions to support Toshiba Group's global businesses, is committed to leveraging advanced technology to address real-world challenges.

These initiatives will focus on developing advanced cooling techniques for prismatic lithium-ion batteries, with the goal of improving both battery efficiency and thermal management. By enhancing energy storage capabilities, these projects aim to drive breakthroughs in next-generation battery technology. Supported under Toshiba's Corporate Social Responsibility (CSR) vision, they reflect the company's dedication to creating long-term, impactful solutions for global energy needs.

This collaboration underscores the essential role of industry-academia partnerships in tackling today's energy challenges. We are excited to see the positive impact these projects will bring to sustainable technology, setting a new standard for collaborative research and innovation.

- **Novus Hi-Tech Robotics Systemz**

Novus Hi-Tech Robotics Systemz, a leading innovator in advanced robotic solutions and Advanced Driver Assistance Systems (ADAS), has partnered with IIT Delhi through their Corporate Social Responsibility (CSR) initiative. This collaboration marks a significant contribution, to

IIT Delhi, including the sponsorship of a Faculty Chair in Robotics, a prestigious position that fosters groundbreaking research and academic excellence. Moreover, the company has pledged to support a specialized M.Tech program in Robotics, designed to equip students with cutting-edge skills and knowledge for a career in the field. The Corporate Relations Office at IIT Delhi expresses sincere gratitude to Novus Hi-Tech Robotics Systemz for their invaluable support in advancing robotics education and research.

- **Transforming Campus Healthcare: MeduLance and IIT Delhi's Visionary CSR Partnership**

MeduLance, a trailblazing emergency medical services leader, has forged a powerful partnership with IIT Delhi, fueling a brighter future for generations to come. Through a generous Corporate Social Responsibility (CSR) investment, MeduLance aims to transform the healthcare infrastructure on campus making it accessible to everyone. This visionary collaboration embodies the spirit of collective progress, propelling the IIT Delhi community towards a legacy of impact and transformation.

- **IIT Delhi and Systra Group Sign MoU to Collaborate on Research Advancing Sustainable Development Goals**

IIT Delhi and Systra Group, a leading global engineering and consulting firm specializing in public transport and mobility solutions, have signed a Memorandum of Understanding to advance various research initiatives that support and promote sustainable development goals. Under this MoU, IIT Delhi Project Investigators and Systra Group will strive to unlock the technological potential of fields such as Intelligent SCADA for Rail Traction Power Optimization, EV: First/Last Mile Connectivity, and Seismic Analysis & Design of Underground Structures. IIT Delhi faculty Prof. Arpan Chattopadhyay (Electrical Engineering Dept.), Prof. Krishna Sirohi (Bharti School of Telecommunication Technology and Management), and Prof. GV Ramana, (Civil Engineering Dept.) will lead the various research verticals.

- **Scholarship by NK Securities Research Limited**

IIT Delhi Corporate Relations is pleased to announce that NK Securities Research Private Limited has reaffirmed its commitment to supporting future leaders through its Corporate Social Responsibility (CSR) funding. This contribution is dedicated to providing scholarships for deserving students at IIT Delhi. This marks the second year of their support, reinforcing their mission to empower students from economically disadvantaged backgrounds and ensure that financial constraints do not hinder their academic pursuits.

Founded by IIT Delhi alumni Mr. Sudhanshu Narang and Mr. Faraz Khan, NK Securities Research is a leading high-frequency algorithmic trading firm. Their continued support exemplifies their dedication to giving back to the institution that has shaped their careers.

- **R Systems Strengthens Commitment to Innovation and Sustainability**

We are delighted to announce that R Systems has once again demonstrated its unwavering support for societal development and technological innovation by funding the ongoing R Systems Center of Excellence on Applied AI for Sustainable Systems at IIT Delhi for the second consecutive year. This generous contribution, made as part of their Corporate Social Responsibility (CSR) initiative, underscores their continued dedication to fostering impactful research. We express our heartfelt gratitude to R Systems for their sustained partnership and belief in our mission to drive positive change through knowledge and innovation.

- **Dentsply India Private Limited extends CSR grants to IIT Delhi**

Dentsply Sirona India has renewed its CSR contribution to IIT Delhi to support the development of a highly precise simulator designed for studying patient-specific dental implants. This project, aimed at advancing medical education, is being led by Dr. Arnab Chanda from the Centre for Biomedical Engineering at IIT Delhi. We are thankful for Dentsply Sirona's continued support to IIT Delhi.

- **Citadel Securities Continues Its CSR Support for IIT Delhi**

Citadel Securities has continued its CSR contribution to IIT Delhi this year to support the Advanced Manufacturing Laboratory-I at the Department of Mechanical Engineering. Led by Dr. Sagar Sarkar from the Department of Mechanical Engineering, IIT Delhi, this initiative aims to enhance the lab's research and development infrastructure by establishing a shared basic characterization facility accessible to all students and faculty. The project will also provide hands-on training through workshops, integrate specialized classes to support students, and facilitate collaborative projects with industry groups and academic institutions.

- **HORIBA India supports Research and Development projects at Indian Institute of Technology Delhi**

HORIBA India, under its Corporate Social Responsibility (CSR) theme of "Together We Grow", has been supporting society with Quality Education, Good Health and Well-Being. In continuation to the same, we have partnered with IIT Delhi for multiple research projects for development of science which will ultimately benefit the society and growing national economy of India.

Honoring the same, on 11th April 2025, a MoU signing ceremony was held at IIT Delhi which was signed by Prof. Preeti Ranjan Panda – Dean, Corporate Relations and Dr. Rajeev Gautam – Senior Corporate Officer, HORIBA Ltd., Japan and President – HORIBA India.

Under its CSR initiative, HORIBA India is supporting three key research projects: Green Hydrogen Generation led by Prof. Suddhasatwa Basu (Department of Chemical Engineering), EV Motor Development led by

Prof. Saptarshi Basak (Centre for Automotive Research and Tribology), and Smart Fabric 3D Printing led by Prof. Sagar Sarkar (Department of Mechanical Engineering).

- **CYRAN AI Solutions helps enhance Accessibility at IIT Delhi**

CYRAN AI Solutions through their Corporate Social Responsibility (CSR) initiative has extended its support to the Office of Accessible Education led by the Dean of Diversity and Inclusion. This partnership aims to improve the accessibility of IIT Delhi's campus, ensuring that students with disabilities have equal opportunities to succeed in an inclusive and supportive environment.

The collaboration will address the various needs of students with disabilities by focusing on infrastructure, resources, and support services. Gratitude is extended to CYRAN AI Solutions for their generous contribution to this meaningful cause, which will have a lasting impact on the diversity and inclusivity of the IIT Delhi community.

B. Important Research Collaborations

- **Hyundai Motor Group Opens New Battery and Electrification Research Center at IIT Delhi**

Hyundai Motor Group has inaugurated the Hyundai Center of Excellence (CoE) at IIT Delhi, marking a major step in academic-industrial collaboration focused on battery innovation and electrification. The CoE is jointly led by EVP Chang Hwan Kim (Hyundai) and Prof. Bijaya Ketan Panigrahi (IIT Delhi).

As part of this initiative, multiple joint research projects with IITs are already underway, targeting advancements in battery cells, systems, BMS, and new materials. The Group aims to expand this collaboration to 10 Indian universities, engaging over 100 professors nationwide.

The partnership also includes Hyundai's Future Technology Research Program, now extended to IIT faculty, and plans for joint technology forums, global conferences, and policy dialogues to support India's EV and mobility goals.

- **Indian Institute of Technology, Delhi enters into an MoU with Honda Cars India Limited**

Honda Cars India Limited (HCIL) has entered into a Memorandum of Understanding (MoU) with IIT Delhi to further advance Honda CI (Cooperative Intelligence), which is an AI that enables mutual understanding between machines and people through cooperative action and communication using environment, scene and intention understanding. Honda and IIT Delhi have set joint research themes such as recognition of the surrounding environment and cultivation of cooperative behavior, and will conduct joint research and development while utilizing cutting-edge AI technologies.

- **IIT Delhi and CRIS Forge Alliance to Revolutionize Indian Railways Through Pioneering Research**

The Corporate Relations Office at IIT Delhi has formalized a strategic partnership with the Centre for Railway Information Systems (CRIS) through an MoU aimed at propelling advancements in railway infrastructure, safety, and operational excellence. This collaboration will harness the expertise of IIT Delhi researchers to address critical areas, including security, safety, scheduling efficiency, intermodal connectivity, and revenue optimization within Indian Railways.

This alliance reflects IIT Delhi's commitment to national progress, fostering a research-driven approach that bridges academia and industry. Together, IIT Delhi and CRIS aim to set new benchmarks for sustainable growth and innovation in India's transportation sector, advancing Indian Railways into a more efficient and technologically advanced future.

- **IIT Delhi and NRLDC Partner to Enhance Grid Reliability and Renewable Energy Integration**

IIT Delhi has partnered with the Northern Regional Load Dispatch Centre (NRLDC), under Grid Controller of India Limited (Grid-India), to develop advanced solutions for grid stability and renewable energy integration. NRLDC, one of five Regional Load Dispatch Centres (RLDCs) managed by Grid-India, ensures the stability and reliability of the Northern Region's power system. It oversees grid operations across multiple states, optimizing electricity distribution through real-time monitoring, load balancing, and coordination with State Load Dispatch Centres (SLDCs). This collaboration will test and validate IBR-based black start operations through hardware simulations and real-world scenarios. A key aspect of this research is managing the transition between grid-forming and grid-following inverter modes to ensure stable voltage and frequency during power restoration, minimizing disruptions.

The project will be led by Prof. Avanish Tripathi, supported by Prof. Rabindra Mohanty, both from IIT Delhi's Department of Energy Science and Engineering.

- **IIT Delhi, IndiGo Sign MoU to Drive Innovation and Create Impactful Solutions for Airline Industry**

IIT Delhi and IndiGo, part of InterGlobe Aviation Limited, have signed a strategic Memorandum of Understanding (MoU) to drive innovation and create impactful solutions for the airline industry. This partnership will focus on leveraging advanced research to enhance customer experiences and optimise operational efficiency. The collaboration aims to provide IndiGo's passengers with personalised recommendations for flight deals and ancillary services such as travel insurance, meal packages, and hotel bookings, based on their travel history, demographic profiles, or geo-IP addresses.

Simultaneously, the IIT Delhi team will work with IndiGo to develop advanced disruption management strategies to handle unexpected

changes in flight and crew schedules. By integrating data from various modules—such as fleet recovery, crew recovery, and revenue estimation—the goal is to minimise the impact on passengers and crew while maximizing operational efficiency and revenue.

- **IIT Delhi and Fujitsu Limited Join Hands for Groundbreaking Research**

We are thrilled to announce the collaboration between IIT Delhi and Fujitsu Limited. This partnership represents a significant step forward in advancing cutting-edge research in artificial intelligence and interpretable machine learning.

The research project will be led by Prof. Sayan Ranu from the Department of Computer Science and Engineering at IIT Delhi, whose expertise is pivotal in driving innovation in this domain.

Together, we aim to explore innovative solutions that bridge the gap between advanced AI models and human understanding, paving the way for impactful applications.

- **IIT Delhi and Micron Technology, Inc. Unite to Propel Research in Semiconductor Industry**

IIT Delhi, through its Corporate Relations office, has partnered with Micron Technology, Inc. to advance research in electronic materials and AI-driven modeling. The project, led by faculty from the Department of Applied Mechanics, aims to enhance the reliability of semiconductor devices by predicting and mitigating fatigue in copper-based components. This collaboration reflects IIT Delhi's commitment to impactful industry-academia partnerships and innovation in critical technology domains.

- **Collaboration with Botlabs Dynamics**

Botlabs Dynamics, a pioneer in the automation of intelligent unmanned aerial vehicles in India and drone technology has collaborated with IIT Delhi on a research project focused on the detection of civilian objects. Prof. Chetan Arora from the Computer Science and Engineering Department is spearheading this research initiative.

C. Events and Visits

- **Indigo Aviation Day at IIT Delhi**

The Corporate Relations office at IIT Delhi was honored to host IndiGo Aviation Day, welcoming the esteemed team from IndiGo Airlines to our campus. IndiGo, headquartered in Gurgaon, Haryana, stands as India's largest and most successful low-cost airline, renowned for its operational excellence and pioneering spirit in air travel innovation.

In today's rapidly evolving aviation landscape, continuous research and development (R&D) play a pivotal role in driving advancements and effectively tackling industry challenges. During the event, our faculty

members engaged in fruitful discussions with the IndiGo team, exploring potential collaborations in cutting-edge areas including computer vision, generative AI, personalized recommendation systems to enhance customer experiences, strategic network planning initiatives, and other critical domains within the aviation industry.

The day was marked by dynamic brainstorming sessions that facilitated meaningful dialogue and sparked innovative ideas. This collaboration underscores our mutual dedication to pushing the boundaries of aviation technology and elevating passenger service standards.

At IIT Delhi, we firmly believe that such partnerships are integral to fostering substantial advancements in the aviation sector, paving the way for a future defined by innovation and excellence.

- **YAMAHA Corporation Visit**

It was a pleasure hosting Mr. Daisuke Fujiki, Director Development Mr. Ryota Hirose, General Manager of the Core Technology Development Division, and Mr. Yuichi Sekido from the Planning Group at YAMAHA Corporation (Audio Products business unit) during their visit at IIT Delhi. YAMAHA Corporation, renowned for its innovative audio products and cutting-edge technology, brings decades of expertise in sound engineering and product development.

During this engaging session, we explored various collaborative opportunities between YAMAHA Corporation and IIT Delhi, focusing on leveraging our combined strengths in technology and innovation. The discussions were insightful, highlighting potential areas for joint research, development projects, and academic-industry partnerships.

We are excited about the prospects of working together and look forward to pioneering advancements in audio technology and beyond.

- **A Tech colloquium by Hitachi Energy**

Gerhard Salge, Global CTO and Venu Nuguri, MD and CEO – India & South Asia, at Hitachi Energy, along with industry and academic experts, led engaging sessions on future grid technologies and energy transition to technical deep dive into grid technologies. A tech colloquium was conducted at IIT Delhi. This event exemplifies Hitachi Energy's commitment to fostering strong collaborations with academics to build, innovate, and collaborate.

- **Samsung Electronics Team Explores Research and Innovation Synergies at IIT Delhi**

The Samsung Electronics team led by Mr. Yong Seok-woo (SW Yong) Head of Visual Display Business, visited IIT Delhi for a collaborative discussion. The visit focused on understanding IIT Delhi's core research strengths, emerging IT trends in India, the career trajectories of our graduates, and evolving consumer behavior in the Indian market.

Prof. Rangan Banerjee, Director IIT Delhi, and Prof. Preeti Ranjan Panda, Dean Corporate Relations, shared valuable insights during the interaction. The delegation also visited the Research & Innovation Park at IIT Delhi, which offers a vibrant ecosystem that bridges cutting-edge research with real-world applications. The delegation with startups working across deep tech, sustainability, AI, and digital innovation.

- **Nav Urja Capsule Program for Senior Indian Oil Executives: A Step Towards a Sustainable Future**

The Nav Urja Capsule Program, a collaboration between IIT Delhi and Indian Oil, marks a significant advancement in renewable energy talent development. Launched by Prof. Rangan Banerjee, Director of IIT Delhi, the program is designed to equip Indian Oil executives with cutting-edge insights and hands-on skills in renewable energy. Developed by IIT Delhi's Department of Energy Science and Engineering, it aims to enhance expertise and foster innovation within the organization. This initiative not only strengthens Indian Oil's capabilities but also lays the foundation for future collaborations to tackle the evolving challenges of the renewable energy sector, contributing to a greener and more sustainable future.

- **Visit by Team ITC**

A team from ITC Limited, led by Mr. Debraj Chatterjee, General Manager of Sales & Marketing (and an alumnus), along with Dr. Balaji Bandyopadhyay, Principal Scientist and Head of the Beauty & Hygiene Platform at ITC's Life Sciences & Technology Centre, visited IIT Delhi this month. The discussions focused on topics of mutual interest.

- **Delegation from Israel Aerospace Industries (IAI) Visits IIT Delhi**

A delegation from Israel Aerospace Industries (IAI), a global leader in defense and commercial aerospace, visited IIT Delhi to explore potential collaborations on three innovative projects. The discussions covered areas such as counter-adversarial autonomous systems, responsible AI frameworks and advancements in quantum computing, particularly focusing on scalable quantum systems and semiconducting spin qubits. These projects reflect cutting-edge research in their respective fields, with an emphasis on enhancing technology for future applications in aerospace, AI and quantum computing.

- **Delegation from Japanese Regional Banks Visits IIT Delhi to Explore Industry-Academia Collaboration and FinTech Opportunities**

IIT Delhi's Corporate Relations team recently hosted a delegation from Japanese regional banks, led by Mr. Tsutomu Takei, Chairman of the Mission and Senior Managing Director of The Gunma Bank Ltd. Mr. Noriyuki Tanabe, Managing Director of the Regional Banks Association of Japan, delivered an insightful presentation highlighting the evolving

landscape and pressing challenges for regional banks in Japan.

From the IIT Delhi side, Prof. Preeti Ranjan Panda highlighted various avenues for industry-academia engagement, while Prof. Vigneswara from the Department of Management Studies provided insights into the FinTech ecosystem in India. Prof. Eri Ikeda, also from the Department of Management Studies, extended a vote of thanks to the visiting delegates.

As part of their visit, the delegation toured IIT Delhi's Research and Innovation Park, exploring the cutting-edge research and entrepreneurial initiatives taking place on campus.

Alumni Relations

Alumni Engagement

In 2024–25, IIT Delhi made significant progress in strengthening alumni relations, fostering deeper and more meaningful engagement with its global alumni community. Throughout the year, the Institute welcomed a strong turnout of alumni who returned to campus to reconnect with faculty, students, and institute leadership. These interactions reflect the enduring bond that alumni continue to share with their alma mater and their growing interest in contributing to its future.

Strengthening Connections

The Alumni Relations Office and the Endowment Cell have played a pivotal role in sustaining and expanding this momentum. With a global network of over 63,000+ alumni, IIT Delhi benefits from a dynamic and committed community that continues to contribute meaningfully to the Institute's growth and reputation.

A broad range of initiatives have been introduced to encourage active alumni participation. These include landmark reunion events on campus, which offer opportunities for former students to reconnect with each other and with the Institute. Structured volunteering opportunities such as résumé reviews, mock interviews, and mentorship workshops have also enabled alumni to support current students and contribute to their personal and professional development.

Creating avenues for direct interaction between alumni and the Institute's leadership has been a key focus. Platforms such as international chapter meetings and thematic roundtable discussions with distinguished alumni have facilitated ongoing dialogue, collaboration, and mentorship. These engagements not only reinforce alumni ties but also foster the exchange of knowledge and expertise.

The impact of these initiatives is evident in the increasing levels of alumni participation and philanthropic contributions, particularly towards the IIT Delhi Endowment Fund. Beyond financial support, alumni engagement has become a vital channel for knowledge-sharing, mentorship, and community-building enriching the academic ecosystem for both alumni and students.

In summary, the alumni engagement efforts of the past year reflect IIT Delhi's enduring commitment to cultivating a strong, connected, and globally influential alumni network—one that remains integral to the Institute's continuing journey of excellence in education, research, and innovation.

Distinguished Alumni Awards

In 2024, IIT Delhi conferred its prestigious alumni honours under two categories: the Distinguished Alumni Awards (DAA) and the Graduates of the Last Decade (GOLD) Awards. These accolades are instituted to formally recognise and celebrate the exceptional achievements and contributions of IIT Delhi alumni, who continue to bring distinction to the institute through their professional excellence and societal impact.

Distinguished Alumni Awards

Prof. Arun Kumar

B.Tech (Civil Engg., 1968)
Emeritus Professor - RMIT

Prof. Chandra Venkataraman

B.Tech (Chemical Engg., 1985)
Professor - IIT Bombay

Prof. Atul K. Jain

Ph.D (Atmospheric Sciences, 1988)
Professor - UIUC

Ajay Kaul

B.Tech (Textile Technology, 1986)
Senior Director and Advisor Everstone
Capital

Ashutosh Garg

B.Tech (Electrical Engg., 1997)
Founder - Eightfold AI

Rajiv Khemani

B.Tech (Computer Sciences Engg., 1997)
Co - Founder & CEO - Auradine

Graduates of Last Decade (GOLD) Award

Dr. Aditya Grover

B.Tech (Computer Sciences Engg., 2015)
Assistant Prof. UCLA

Dr. Chriag Jain

B.Tech (Computer Sciences Engg., 2014)
Assistant Prof. IISC

Vaibhav Khandelwal

B.Tech (Electrical Engg., 2014)
Co - Founder and CTO - Shadowfax

Surabhi Yadav

Dual Degree (Biochemical Engg. & Biotechnology, 2014)
Founder - Sajhe Sapne

Alumni Reunions on Campus

In the reporting year, the Office of Alumni Relations and the Endowment Office collaboratively organized a series of on-campus reunions, welcoming alumni from the graduating batches of 1968, 1969, 1975, 1982, 1984, 1987, 1989, 1990, 1999, and 2014. These events provided a meaningful platform for alumni to reconnect with their batchmates, revisit the campus after many years, and explore avenues for re-engagement with their alma mater.

The reunions marked a new milestone in alumni participation, with over 1,500 alumni and their family members in attendance. Notably, the Silver Jubilee Reunion for the Class of 1999 drew more than 200 participants. Several of the visiting cohorts also initiated or expanded batch funds, demonstrating a strong commitment to supporting the institute through philanthropic and strategic contributions.

A notable contribution this financial year came from the Class of 1999, whose recent Silver Jubilee Reunion resulted in the highest batch fund contribution for the year. The batch remains deeply engaged and continues to contribute meaningfully towards the growth and priorities of the institute.

Contributions:

It's truly inspiring to see alumni from so many different batches unite in a powerful show of gratitude and commitment to their alma mater, IIT Delhi. Together, they are building a legacy of giving that transcends generations.

This collective spirit not only showcases their pride in IIT Delhi but also their unwavering dedication to shaping the institute's continued excellence and impact on the world.

Following are the funds received by different reunion batches in the year 2024-25:

Batch of 1999:	Batch of 1998:
Amount received: INR 4,71,000	Amount received: INR 65,00,000
Batch of 1973:	Batch of 1997:
Amount received: INR 11,89,000	Amount received: INR 23,98,000

Together, let's continue to nurture and uplift our beloved alma mater with gratitude and pride.

Alumni Engagement and Global Outreach

In 2024- 25, the Office of Alumni Relations actively expanded its outreach and deepened connections with the global IIT Delhi alumni community through a series of thoughtfully curated city meets, international engagements, and departmental networking events. These initiatives provided platforms for alumni to reconnect with the institute, network with peers, and explore opportunities for collaboration and support.

- The year witnessed vibrant gatherings in major Indian cities including Hyderabad, Chennai, Pune, Jaipur, Bengaluru, and Gurugram. Each event brought together alumni from across generations, fostering community spirit and strengthening institutional bonds. Notably, the Bengaluru City Meet held on September 21 was one of the largest such gatherings, drawing over 400 alumni and their spouses spanning from the Class of 1966 to the Class of 2024. Similarly, the Gurugram City Meet on September 28 was marked by an enthusiastic turnout and a strong sense of alumni camaraderie.

- Internationally, alumni events were held in New York City, Boston, the Bay Area (Mountain View and Santa Cruz), and the UAE. These events not only served as networking opportunities but also as forums to share updates on the institute's growth and future direction. Highlights included the CSE Department Faculty and Alumni Networking Event at UC Santa Cruz, which brought together alumni and recognized distinguished graduates for their contributions. In Boston, a mini reunion on June 15 was organized with key support from alumnus Dr. Navjot Singh (B.Tech 1989, Chemical), with participation from IIT Delhi faculty members Prof. Sanjiva Prasad and Prof. Ramanan.

The Office of Alumni Relations also hosted an engaging interaction session in Mountain View (Bay Area), California, on July 19, with enthusiastic alumni and Prof. Subodh Sharma, Associate Dean Academics (Outreach & New Initiatives), and Prof. Vireshwar Kumar. Prof. Sharma shared insights on recent updates at IIT Delhi, future plans, and explored avenues for deeper alumni engagement.

- The launch of the IIT Delhi Abu Dhabi campus further expanded the institute's global footprint. Several milestone events were organized to commemorate this achievement, including an exclusive Open House on May 22 for alumni and prospective students, and the inaugural celebration of undergraduate education in the presence of His Highness Sheikh Khaled bin Mohamed bin Zayed Al Nahyan, Crown Prince of Abu Dhabi. The Abu Dhabi campus also hosted the Alumni Leadership and Endowment Summit on December 7, a signature event that brought together alumni leaders, faculty, and dignitaries to celebrate the IIT Delhi legacy and explore the future. Engagement pathways. The summit culminated in a Gala Dinner in Dubai, which featured panel discussions, networking sessions, and stories of impact and collaboration. Among the dignitaries was Mr. Sunjay Sudhir, Ambassador of India to the UAE and an IIT Delhi alumnus, who joined Prof. Shantanu Roy, Executive Director of IIT Delhi Abu Dhabi Campus, in sharing the inspiring vision for the new campus.

- Additionally, the institute had a significant presence at the PanIIT Global Conference held in Amsterdam on October 4–5, 2024. The conference brought together IIT directors, deans, technology incubation heads, and alumni from across the globe, with robust discussions on innovation, entrepreneurship, and the future of higher education.
- In December, 2024, Alumni Leadership and Endowment Summit was held in Abu Dhabi and Dubai, celebrating the incredible legacy of the IIT Delhi community. This event was a remarkable gathering of alumni, fostering connections across generations and borders. Mr. Sunjay Sudhir, Ambassador of India to the UAE and an alumnus of IIT Delhi, was the guest of honor. Mr. Sudhir and executive director of IIT Delhi Abu Dhabi Campus, Prof. Shantanu Roy shared the inspiring journey and vision for the campus.

These sustained engagement efforts reflect the institute's commitment to fostering lifelong relationships with its alumni and leveraging this vibrant community to further IIT Delhi's mission, both in India and abroad.

Distinguished Lectures and Panels

- As part of its commitment to fostering intellectual enrichment and global thought leadership, IIT Delhi hosted several eminent speakers through curated lecture series and panel discussions.

The Institute inaugurated the Dr. P.L. Bhargava Memorial Lecture Series, established through the generous contribution of alumnus Mr. Divakar Bhargava (B.Tech, Mechanical Engineering, Class of 1967). This series is designed to bring globally acclaimed experts to campus, offering students exposure to inspiring ideas and transformative knowledge. The inaugural lecture, titled “Math and Magic,” was delivered to a packed Dogra Hall by Fields Medalist and Padma Bhushan awardee Prof. Manjul Bhargava, along with noted magician and misdirection expert Mr. Mark Mitton. Prof. Bhargava, currently at Princeton University and globally renowned for his contributions to number theory, reflected on the influence of his grandfather, Dr. P.L. Bhargava, and his mother, Mira Bhargava, on his early education. Mr. Mitton, who co-teaches the popular Princeton course “The Mathematics of Magic Tricks and Games” with Prof. Bhargava, captivated the audience with live demonstrations illustrating the intersection of mathematics and illusion.

Alumni-led Impact: CSR Spotlight

In line with its mission to foster inclusive growth, empower young minds, and facilitate global academic exposure, IIT Delhi continued to engage with its CSR partners to create meaningful impact in 2024–25. Several initiatives were undertaken in collaboration with industry partners to support working mothers, nurture school students in STEM, and provide financial assistance for academic travel.

- INOX Commits ₹6.5 Cr to Advance Research at IIT Delhi**

In a landmark CSR collaboration, INOX Air Products Pvt. Ltd. has committed a generous grant of ₹6.5 crore to IIT Delhi to fuel cutting-edge research and innovation. Two advanced facilities—INOX Energy Research and Innovation Lab at the Department of Energy Science and Engineering, and the INOX Research Lab at the Department of Chemical Engineering—will be established and named in recognition of INOX’s support.

This initiative will significantly enhance R&D capabilities at IIT Delhi, fostering sustainable and impactful advancements in energy and chemical sciences. The grant will be disbursed in two phases across FY 2024–2025 and will be managed per institute regulations.

- **Textile Tech Gets a Boost with Atul Agarwal's Support**

Atul Agarwal (IIT Delhi alumnus) has generously contributed ₹15 lakh to the Department of Textile and Fibre Engineering to bolster research in 3D textiles. This CSR initiative aims to optimize the structural parameters of 3D woven fabrics, unlocking advancements in technical textiles, composites, and medical applications. His support will be enhancing the 3D weaving research capabilities at IIT Delhi while also encouraging greater industry-academia collaboration in the field of innovative textile engineering.

- **Peer Mentorship by Kabeer Jain**

In a meaningful step toward student well-being and holistic development, IIT Delhi alumnus Kabeer Jain, Co-founder of Mintoak Innovations Pvt. Ltd., has signed an MoU to establish a Student Mentor-Mentee Fund at IIT Delhi. With a contribution of ₹2 crore, this initiative aims to foster a nurturing environment through structured peer mentorship.

The initiative will support students by enhancing academic planning, career exploration, problem-solving skills, emotional well-being, and soft skill development. Administered by the Office of the Associate Dean (Academics – Curriculum), this initiative reflects a deep commitment to building a connected, confident, and collaborative campus community.

- **Our Alumnus Supports Female Engineers of Tomorrow**

IIT Delhi alumnus Shashank Sharma has instituted the Sunsare Ujjwala Nari Scholarship, supporting meritorious female students from economically moderate backgrounds. This scholarship provides financial assistance to four undergraduate students (two each from the 2nd and 3rd year) whose family income falls between ₹5–9 lakhs per annum.

Awarded based on academic excellence, the scholarship aims to bridge financial gaps for students not covered under existing aid, while promoting gender equity in STEM.

- **Shaping a future driven by experimentation and creativity**

IIT Delhi alumnus Sandesh Goel, through Eightfold AI India, has contributed ₹22 lakh towards enhancing the Fit Delhi Makerspace with a new vacuum-forming machine. This cutting-edge addition will support hands-on learning and innovation among IIT Delhi students, expanding the capabilities of the already vibrant DIY facility equipped with tools like laser cutters, 3D printers, CNC routers, and more.

• Supporting Working Mothers at IIT Delhi

IIT Delhi has partnered with Shorthills Tech Pvt. Ltd. to establish a lactation center on campus, reinforcing its commitment to an inclusive and supportive environment. This facility will provide a private, Lactation Room for lactating employees, students, and visitors.

As part of this CSR initiative, the center will be named “CSR Initiative of Shorthills Tech” in recognition of the company’s contribution. The support includes monetary or infrastructure assistance, with due acknowledgment through signage and official communications.

• STEM Outreach Program to Inspire Future Innovators in STEM

IIT Delhi, in collaboration with Ratna Sagar Pvt. Ltd., has launched a STEM Outreach Program to provide school students with hands-on scientific learning and research experience. This six-month immersive program will expose students to cutting-edge STEM fields, with a special focus on empowering female students. Participants will engage in advanced research projects, hands-on lab sessions, expert lectures, interactive DIY activities, and group projects to foster creativity and teamwork. They will also have the opportunity to network with IIT Delhi faculty and students, gaining valuable insights into the world of science and technology. This initiative underscores IIT Delhi’s commitment to nurturing young talent and fostering scientific curiosity.

• Praxis Enabling Global Opportunities for IIT Delhi Students

Recognizing the importance of global exposure in academic development, IIT Delhi has signed an MoU with Praxis Global Alliance to establish a CSR-funded travel grant. This initiative supported by our alums Madhur Singhal & Aryaman Tandon supports the international and domestic travel needs of students participating in conferences, competitions, research collaborations, and other academic forums. With an allocation of INR 27 lakhs, the grant ensures that deserving students, particularly those lacking alternative funding, can represent the institute on prestigious platforms. A selection committee comprising the Deans of Academic and Student Affairs will oversee the application and approval process, ensuring transparency and merit-based selection.

• Channelplay Scholarship Eases Hostel & Mess Costs for IITD Students

Channelplay Limited, India’s leading tech-enabled channel execution company, has partnered with IIT Delhi to establish the Channelplay Scholarship under a recent MoU. As part of its CSR commitment, the company will support 8 deserving students with a one-time grant of ₹53,000 each to help cover their hostel and mess charges.

This initiative not only reflects Channelplay's commitment to education and equal opportunity but also strengthens the support system for students who need financial assistance during their academic journey.

- **Alumnus Kanwaljeet Singh Supports Clean Energy Research at IIT Delhi**

Inapex Pvt. Ltd., a company specializing in exporting Indian-made automotive components, has partnered with IIT Delhi to support sustainability-focused research. Notably, Kanwaljeet Singh, an alumnus of IIT Delhi, is associated with Inapex, further strengthening the spirit of alumni engagement in transformative initiatives at the Institute.

Through a CSR grant, the company has funded the establishment of a Solar Cells Electroluminescence Setup for Electrical Characterization at the Energy Science and Technology Lab. This critical setup will bolster cutting-edge research in renewable energy, contributing to cleaner technologies and a lower-carbon future.

These CSR collaborations are instrumental in driving IIT Delhi's vision of inclusive growth, educational empowerment, and global academic excellence, reaffirming its commitment to building a stronger, more equitable future.

Alumni Engagement and Mentorship Initiatives

The Office of Alumni Relations, the Endowment Office, and the Student Alumni Relations Cell at IIT Delhi collaboratively organized a series of impactful events during the academic year, designed to strengthen the institute's vibrant alumni network and enhance student-alumni engagement. These initiatives focused on mentorship, career preparedness, strategic networking, and institutional community-building, making this year a benchmark in alumni-driven impact.

- **Mentorship Fair**

A cornerstone event of the year was the Mentorship Fair, which saw the in-person participation of over 40 distinguished alumni, each with more than eight years of professional experience. These mentors engaged with more than 300 pre-final and final-year students, offering personalized, domain-specific guidance across diverse career pathways including consulting, finance, technology, core engineering, civil services, and more. The fair served as a flagship platform for individualized career navigation and mentorship.

- **Mock Interviews & CV Review Programs**

To further support final-year students in their placement journey, the Resume Boost initiative was introduced, enlisting the expertise of over 150 alumni. Through structured one-on-one sessions, alumni provided detailed and customized feedback on résumés, significantly enhancing

their quality and alignment with industry expectations. This initiative bridged the gap between student aspirations and professional benchmarks.

- **Placement Workshops**

A series of targeted Placement Workshops were conducted, covering prominent career domains such as Quantitative Finance, Associate Product Management, Software Development, Consulting, and Data Science. These sessions were facilitated by young alumni with recent placement experience, ensuring content relevance, practical insights, and peer relatability. The workshops played a crucial role in equipping students with actionable strategies for successful placement outcomes.

- **Mock Interviews**

Real-time simulation of hiring scenarios was made possible through an extensive Mock Interview program. More than 75 alumni conducted one-on-one mock interviews with final-year students, replicating the rigor and expectations of actual placement processes. Students received direct, constructive feedback from alumni currently involved in recruitment, helping refine their interview techniques and boost confidence.

- **Speed Networking**

To foster organic relationship-building and broaden students' exposure to diverse career trajectories, a Speed Networking event was hosted. The event connected over 80 accomplished alumni with more than 200 students across academic years and disciplines. This dynamic forum enabled participants to engage in focused conversations, exchange ideas, and form valuable professional connections within the IIT Delhi community.

These curated initiatives underscore IIT Delhi's commitment to leveraging its robust alumni network for the professional development and mentorship of its student body, further enriching the ecosystem of excellence that defines the institute.

Dil se IIT Delhi - Alumni Podcasts

To deepen connections and provide a unique avenue for alumni engagement, the Office of Alumni Relations and the Endowment Office embarked on an enriching journey through podcast episodes featuring alumni from diverse backgrounds. Last year we hosted 20+ prominent alumni on campus like Mayank Kumar, Pankaj Chaddah, Mohit Mittal, Rajeev Khemani, Ramesh Kapur, Abhishek Bansal and many more. A new format of engagement called "Campus Stories" was also released where the alums take us around the campus to their favourite and memorable spots, sharing anecdotes from their student life.

These insightful conversations not only showcased the achievements and experiences of the esteemed alumni but also provided an exceptional opportunity for the IIT Delhi community to know their stories. The podcasts served as a bridge between generations, sharing stories of triumphs, challenges, and the profound impact of their IIT Delhi experiences.

Embark on a captivating journey with our Dil Se IIT Delhi podcast compilation, delving into the vibrant tapestry of our alumni network. Each episode unveils triumphant tales, reflective insights, and cherished anecdotes from our esteemed graduates.

Check out the Podcasts on Youtube Channel : <https://bit.ly/3xNSD8g>

Supporting Student Education

Scholarships for meritorious students not only provide academic encouragement but are also important for the financial support they provide. Help us to ensure that all students with the potential to excel, have a chance to study at IIT Delhi, not just some.

Following Donors generously supported Student Education

- Rishi and Anika Gupta Scholarship
- 1968 Batch Endowment Scholarship (Second Scholarship)
- Shri Surendra Narayan Scholarship
- Nirmal Parshad Jain Scholarship (Second Scholarship)
- Anoop Garg Scholarship
- Jagdish Rai Jain Scholarship
- Rakesh Kumar Aggarwal Scholarship
- 1973 M.Sc Batch Scholarship
- ARRA Scholarship
- Sunsire Ujjwala Nari Scholarship
- Sharda & Prakash Rai Luthra Benevolent Scholarship
- ChannelPlay Scholarships
- YUVA Unstoppable Scholarship
- TBO Scholarship

Recognizing Academic Excellence

As a way to recognize, encourage and celebrate the exceptional performance of students, several alumni of IIT Delhi, corporates and few philanthropists have instituted various student annual awards.

Following Awards were instituted through generous alumni contributions:

- Dr. P L Bhargava Best Student Award in NRCVEE
- Nishant Kumar Memorial Award for Best Phd Thesis
- Devarakonda Satyanarayana Award
- Jagdish and Saubhagya Prada Banga Award
- Sheetal Devi Excellence Award
- Advocate Purav Middha Social Responsibility Award
- Muni Shankar & Kalavati Sharma Award
- Mr. Mohan Lal & Mrs. Usha Rani Manrai Excellence in Research Award AND MSR Fellowship in CBME
- Shashank Chahar Memorial Award
- Dr. K L Mittal Merit Academic Excellence Award
- Purav Middha Social Responsibility Award

Supporting Faculty Research

Endowed chairs constitute one of the most significant ways in which alumni, corporates and philanthropists can support research and teaching at IIT Delhi. The creation of an endowed chair allows the Faculty members to develop and enhance its scholarship in a specific area of study and to recruit members from among the best scholars in the world. To know more about setting up an endowed chair.

Following Donors generously supported Faculty Research

- 1980 Batch Chair
- IHFC Chair Professor
- Jane Street Chair
- Mehra Professorial Chair
- R System Chair
- Ramachandran Jaikumar Chair for Decision Sciences
- Vipula and Mahesh Chaturvedi Chair

YOUR HOSTEL, YOUR LEGACY

**Your Hostel,
Your Legacy**

For generations of IIT Delhi students, hostels have been more than places of residence, they have been formative spaces of learning, friendship, and perseverance. Among them, Aravali, Karakoram, Kumaon, Nilgiri and Jwalamukhi hold a special place in the memories of its alumni, having nurtured countless journeys of growing together.

Currently, our hostels can house around 7,000 of the 12,000+ students enrolled. To expand and enhance our residential infrastructure, we will be rebuilding five of our old boys' hostels – Aravali, Jwalamukhi, Karakoram, Kumaon, and Nilgiri – with construction set to begin in 2026.

This unique project will undoubtedly resonate with our alumni who cherish their hostel memories, recognizing them as integral to their IIT Delhi experience, perhaps even more so than classroom time. Additionally, this initiative aligns with the values of those who champion women's empowerment, as it aims to create inclusive and state-of-the-art living spaces.

We believe the Hostel Legacy Project will inspire and unite alumni across generations, helping us achieve our ambitious goals. This endeavor represents a significant shift from the current model, highlighting a close partnership between alumni, the institute, and students. It is a pioneering effort to reimagine student residences on campus, marking the start of an exciting journey.

We are reaching out to our entire alumni community for your help and support. To explore more and support the project, please click [here](#).

Mr. Raghu Hari Dalmia

Hostel Legacy Highlight: Nilgiri

Alumnus Mr. R. H. Dalmia has established the Outstanding Nilgiri Hostel Student Award to recognize and encourage well-rounded undergraduate students who embody leadership, academic excellence, and active participation in sports, co-curricular, and community activities.

Eligible final-year BTech students with strong academic records and notable contributions to campus life are nominated by a committee and selected through an interview process involving the donor or his representative.

The award, initiated with the graduating class of 2022-23, is presented annually at Nilgiri Hostel's House Day and includes a cash prize of ₹25,000, a certificate, and a plaque. This initiative reflects Mr. Dalmia's enduring commitment to fostering the holistic development of Nilgiri students and strengthening the hostel's legacy.

We invite all alumni to reflect on their own hostel experiences and consider establishing similar initiatives that support the future generations:

Diversity and Inclusion

Introduction

The Office of Diversity and Inclusion (ODI) at IIT Delhi works through four verticals to create an inclusive campus: Initiative for Caste Equity (ICE), Initiative for Gender Equity & Sensitisation (IGES), Indradhanu (LGBTQIA+ resource body), and Office of Accessible Education (OAE). This report highlights our key activities during 2024-25.

1. Initiative for Caste Equity (ICE)

Fostering Self-Respect and Dignity

ICE sensitises the campus community about caste-based discrimination and social exclusion. Our initiatives seek to empower SC/ST community and build an inclusive and discrimination-free environment through training, awareness programs, research, and policy development.

Empowerment and Leadership

Transformative Leadership in STEMM (TLS Workshop): Together with SC/ST cell, ICE conducted the 2nd Transformative Leadership in STEMM Workshop in January 2025 that brought together 50 SC/ST PhD scholars from across India. The workshop provided essential leadership skills, equipping SC/ST scholars to pursue faculty positions at prestigious institutions like IITs.

Leadership Training for SC/ST student volunteers and representatives:

Our leadership training workshop for SC/ST student volunteers and representatives was led by Prof. Stephen Reicher and Prof. Nick Hopkins, renowned experts on social identity, diversity, and inclusion. It equipped students to apply insights of identity leadership theory to build effective communication styles and self-confidence to influence diverse stakeholders.

Celebrating the Legacy of Dr B R Ambedkar

Jai Bhim Saptaha 2025: Our weeklong celebration of Dr. Ambedkar's birth anniversary replaced the usual one-day observance with an immersive experience consisting of lectures, workshops, art exhibitions, film screenings, and more — all designed to celebrate Dr. Ambedkar's legacy while deepening engagement with issues of equity and constitutional values.

Compassion: Over 200 blood donations were secured in a day, and we held dialogue on mental health with leading experts fostering kindness and compassion towards those in distress.

Creative Expression: Over 250 people participated in “Print Your Preamble,” creating their own copies of India’s constitutional preamble—a symbolic act of reclaiming constitutional values. While “Ambedkar-in-a-word” invited personal reflections on Dr. Ambedkar’s legacy and its meaning in everyday life.

Support for Student Community

Sense of Belonging: Our fresher’s meet for SC/ST students created valuable connections between new students and seniors, addressing practical concerns about scholarships and campus resources. Seniors shared strategies for navigating through institutional barriers and offered support on academic and mental health concerns.

Scholarship Support for SC/ST students: Our intervention highlighted the financial distress and inequity experienced by SC/ST students leading to increase the income limit and pocket allowance and provision for exemption from paying hostel seat rent.

Faculty Engagement: The get-together for SC/ST faculty and Group A officer’s fostered community and gathered important feedback for future initiatives.

Changing Mindsets Through Open Dialogue

Unconscious/Implicit Biases: Our seminar on ‘Understanding unconscious/Implicit biases in society’ with Dr. Brian O’Shea sparked meaningful conversations about how implicit biases affect our daily interactions.

Social Identities in a Changing World: We deepened critical engagement with social identities in the caste, gender, and racial contexts. Prof. Meena Dhanda delivered a keynote at the conference on “Encountering Social Injustice”, offering an analysis of caste injustice through a transnational and Ambedkarite lens. The panel discussion on “Social Identities in a Changing World”, where leading social psychologists Prof. Stephen Reicher and Prof. Nick Hopkins, explored how social identities shape and are shaped by the changing political and technological changes, and how we can harness them for positive social transformation.

Understanding Discrimination: Our pilot research project examined experiences of caste-based discrimination and social isolation on campus amongst SC/ST students, providing crucial empirical insights for developing interventions for reducing prejudice and stereotyping.

Anti-discrimination Policy: ICE contributed to drafting IIT Delhi’s DEI policy and advocated for framing of an anti-discrimination policy, a critical future step in institutionalizing norms of anti-discrimination on campus while ensuring robust and fair redressal mechanisms against discrimination.

2. Initiative for Gender Equity & Sensitisation (IGES)

Creating Safe Spaces

IGES envisions a discrimination-free and harassment-free campus where everyone feels welcome. We provide a confidential and safe space for addressing gender-related concerns and work to mainstream gender dialogues in the Institute.

Awareness Through Education

Comprehensive Training: Our gender Sensitisation and POSH workshops reached diverse groups—from PhD scholars to the Executive Committee of the Senate—creating awareness at all institute levels.

Celebrating Women in Science: The fireside chat with IITD Alumni on International Day of Women and Girls in Science highlighted inspiring journeys and career paths for women students.

International Women's Day: A special Institute Lecture by Dr. Saumya Swaminathan was organised on 7th March 2025 in collaboration with the ADONI Office. Additionally, a women's staff get-together was held to celebrate and acknowledge the contributions of women staff across the Institute.

Engaging Cultural Dialogues

Thought-Provoking Cinema: Screenings of "The Great Indian Kitchen," "Girls Will Be Girls," and "Mirch Masala" sparked discussions about gender roles and societal expectations.

Recognising Excellence: The "Women of Impact at IIT Delhi" Awards were launched on the occasion of International Women's Day to celebrate outstanding contributions of women faculty, inspiring the next generation of women in academia.

Building Inclusive Communities

Practical Resources: Our Inclusive Language Handout, distributed across campus, provides valuable guidance for respectful communication.

Inclusive Infrastructure: The new Feeding and Lactation Room in the Main Building addresses an essential need on campus.

Advancing Knowledge

Digital Representation: Our Wikipedia Edit-a-thon created pages for IITD women faculty, increasing visibility of women's contributions in academia.

Improving Facilities: The restroom audit identified areas for improvement, demonstrating our commitment to creating comfortable spaces for all genders.

3. Indradhanu

Celebrating Gender and Sexual Diversity

Indradhanu works to raise awareness about diverse gender and sexual identities through interactive programs that create a more inclusive campus environment.

Learning Together

Capacity Building: Our workshops on topics from institutional structures to conflict resolution equipped Diversity Representatives with essential skills for promoting inclusion.

Hostel Outreach: DEI Awareness Days in six hostels brought conversations about diversity directly to student living spaces, reaching students where they live.

Vibrant Celebrations

Vibhinn 2025: Our three-day pride fest featured a conversation with Justice S.Muralidhar, an All-India Queer Collective(s) Conference, talent showcase, and Pride March that created visibility for the LGBTQIA+ community.

Artistic Expression: Chrysalis, our queer-themed art event, drew over 150 participants and sparked meaningful conversations about identity and inclusion.

Fostering Connections

Welcoming New Members: Our Open House and membership drives successfully brought over 50 new members into the collective, creating a stronger community.

Informal Bonding: The picnic at Deer Park provided a relaxed setting for members to connect through games and conversation.

Resources for Growth

Knowledge Access: Our Queer-Themed Library initiative gathers book recommendations to create a valuable resource for the campus community.

Digital Presence: The enhanced Indradhanu website provides information and resources to support LGBTQIA+ individuals and allies.

4. Office of Accessible Education (OAE)

Making Education Accessible

OAE ensures that campus life and education are accessible for students with disabilities through infrastructure improvements, academic support, and community building.

Spreading Awareness

Faculty Development: Our workshops for faculty and TAs on interacting with students with disabilities have improved teaching practices and classroom experiences.

Design for All: The Sensitisation workshop on universal design with the infrastructure department is transforming how we approach campus facilities.

Inclusive Events

Celebrating Achievements: NISHAAN and SANGAM, our intercollege cultural and sports events, showcased the talents of students with disabilities from various institutions.

Film Screenings: The special screening of “CODA” on International Day of Persons with Disabilities sparked conversations about deaf culture and family dynamics.

Supportive Community

Smooth Transitions: Our onboarding program for first-year students with disabilities ensures they start their academic journey with proper support systems.

Career Planning: The counselling workshop with Indic AI addressed the specific concerns of students with disabilities when planning their professional futures.

Accessible Infrastructure

Physical Access: New ramps, accessible washrooms, drinking fountains, and the accessible cart have significantly improved campus navigation.

Learning Support: Braille nameplates, display screens, and smart boards in classrooms have enhanced the learning experience for students with visual impairments.

Policy Implementation: Our Reasonable Accommodation Policy, now approved and implemented, ensures students receive appropriate academic accommodations without disruption.

5. Collaborative Initiatives

Working Together for Greater Impact

Our verticals frequently collaborate to address intersectional issues and create comprehensive solutions to diversity challenges.

Diversity Representatives: All verticals worked together to select and train representatives who serve as liaisons between ODI and the student community.

DEI Training: IGES and Indradhanu combined expertise to provide nuanced training on gender and sexuality for student leaders.

ODI Day: All verticals participated in the ODI Day celebration, raising awareness about diversity initiatives across campus

Open House: OAE and IGES collaborated to welcome prospective students with disabilities and women candidates, ensuring they felt supported from the start.

Policy Collaboration

Comprehensive Approach: Representatives from all verticals contributed to developing the Institute's DEI policy, ensuring it addresses diverse needs.

Shared Resources: Our verticals regularly exchange expertise and resources, strengthening each other's initiatives and creating a more cohesive approach to inclusion.

We thank everyone who supported our work this year. ODI will keep working to make IIT Delhi more inclusive and supportive for all. With continued help from the community, we hope to do even more in the coming years.

Student Affairs

The year 2024-25 showed up with many vibrant colors for all of us. We at Student Affairs have been adapting continuously to meet the students' needs and are making consistent efforts to strive for a balanced life in harmony with their teachers, fellow students, and family.

All activities facilitated by the Student Affairs unit are with the intention for giving support for the overall growth and development of students' potential and represent initiatives with an emphasis on responsible student leadership.

The pace and mode of student life on the campus is planned and implemented by the following student bodies:

1. Student Affairs Council (SAC) and its five Boards:

- (a) Board for Hostel Management (BHM)
- (b) Board for Recreational & Creative Activities (BRCA)
- (c) Board for Sports Activities (BSA)
- (d) Board for Student Publications (BSP)
- (e) Board for Student Welfare (BSW)

2. National Service Scheme (NSS)

3. National Cadet Corps (NCC)

4. Counselling Service (CS)

5. Student-Teacher Interaction Council (STIC)

6. National Sports Organization (NSO)

7. Co-curricular and Academic Interaction Council (CAIC)

1. STUDENT AFFAIRS COUNCIL (SAC)

The Student Affairs Council is the apex student body at IITD and it remains active throughout the year. SAC representatives regularly interact with the student community to understand all issues. To address all matters, the representatives interact with student members of the senate and other SAC committees. It is ensured by SAC to have a wider participation of students in the affairs of the institute.

In the year 2024-25, many students related issues were resolved and new initiatives have been taken. Some of them are listed here:

SAC Student Elections: Through the combined efforts of Election Commissioner, Deans, Student Affairs Sections, faculty, and the SAC Team, offline elections were successfully conducted over 4 days in LHC for 300+ elected 'Positions of Responsibilities' across boards. The SAC team played a pivotal role in this massive undertaking and assisted the authorities with Election guidelines & policy formulation, scheduling, venue booking, and on-ground conduction of elections.

SOP Sessions for GSecs (General Secretaries) & DGSecs (Deputy General Secretaries) Candidates: Offline SOP sessions were organized in LHC for the GSec and DGSec candidates of most boards. These sessions were aimed at increasing the accountability of the candidates towards their electorates. The sessions were a resounding success, with the majority of the electorate attending and engaging in healthy discussions with the candidates.

Residential and Campus Facilities: To foster a more supportive, inclusive, and well-equipped campus environment, issues faced by residents were discussed- poor maintenance, lack of centralized complaint system, tracking of unresolved issues, and more. Many issues have been resolved like safe drinking water, Wi-Fi problem in hostels and A-Type, entry/closing time of the Jia Sarai and Katwaria Sarai gates (late evening), and some are under discussion.

Digital Transformation: To leverage digital technologies, we worked to enhance the efficiency, accessibility, and quality of campus services by modernizing healthcare infrastructure, improving institutional communication, and streamlining administrative functions. This transformation aims to create a more connected, transparent, and responsive campus ecosystem that meets the evolving needs of students, faculty, and staff.

Food Outlets: To ensure fair and transparent pricing for students by standardizing item rates across campus outlets, and to enhance food safety by improving hygiene standards, multiple actions have been taken during the year- installation of feedback QR codes across all food outlets on campus, vendors receiving poor feedback are given preliminary warnings, hygiene issues in the canteen have been addressed with warnings issued to the owner.

PG Buddy Program: In collaboration with the Board for Student Welfare, SAC launched a program to bridge the gap between incoming and senior postgraduates, offering structured guidance, emotional support, and practical advice on navigating academic challenges and personal adjustments. The incoming students were paired with senior students based on department, academic background, and interests. The senior students were trained through sessions on active listening, empathetic communication, and resources available on campus. This strategic pairing ensured that mentees are offered relevant academic and personal guidance.

Project Portal: Development and operationalization of a project portal and a one-stop application is done now. The project portal will give all project-related opportunities for the students at IIT Delhi.

Placement Mentorship Program: Launched this program, connecting placed students with current final-year students for personalized mentorship. It offered one-on-one guidance covering resume building, mock interviews, company-specific preparation, and overall placement strategy for the students.

Also introduced the 'Call a Friend' Program as a peer support initiative to help students cope with stress and anxiety during placements. Recruited trained student volunteers skilled in empathetic listening and basic mental wellness support.

Transportation Improvements: with the objective to enhance campus transportation by introducing sustainable, affordable, and student-friendly mobility solutions, we added Yuva E-Rickshaws as a sustainable alternative to traditional cycle rickshaws. It also reduces the campus's carbon footprint and promotes green transportation. The new e-rickshaws came equipped with spacious seating and enhanced suspension systems, improving ride comfort and accessibility. Conducted awareness and onboarding sessions to inform the campus community about the new services, including designated routes, fare charts, and driver contacts for increased usability.

Constitutional Amendments and Code of Conduct: Reviewed the existing SAC Constitution and identified gaps such as ambiguous provisions, outdated structures, and a lack of sensitization measures to revise the SAC Constitution and Code of Conduct in alignment with the current student environment, ensuring inclusivity, clarity, and effective governance at IIT Delhi. Drafted and implemented a fresh Code of Conduct.

Initiatives for Diversity & Inclusion: SAC team worked closely with the Office of Diversity & Inclusion (ODI) on a series of impactful initiatives aimed at fostering a campus culture that embraces diversity, inclusivity, and accessibility for all its students, especially for those with disabilities.

As part of this some major work done is:

- **Diversity and Inclusion:** To cultivate a more inclusive, respectful, and equitable campus culture by educating student leaders on issues related to gender identity, caste equity, and disability inclusion, it was ensured that individuals in positions of influence across the student body are equipped with knowledge, empathy, and tools to foster diversity and inclusion in all aspects of campus life. Specialized workshops, expert facilitators and external resource people, tailored sessions to key student stakeholders were executed to cover core topics such as unconscious bias, inclusive communication, accessibility rights, and intersectionality.

Student Welfare Initiatives:

- **Professional Development:** To enhance professional readiness and confidence among students appearing for placement interviews, high-quality formal attire was made easily accessible regardless of economic background.
- **Mental Health Support:** mental health needs of students are addressed by expanding access to professional support, integrating student feedback into service delivery, and creating easily accessible self-help resources. With help from BSW, extended the counseling hours from 6 AM to 10 PM throughout the placement season.

Work done by various boards of SAC-

(a) Board for Hostel Management (BHM)

This is the central administrative body responsible for overseeing the functioning and welfare of all student hostels on campus. It plays a crucial role in formulating and implementing policies of common interest, ensuring a coordinated approach to hostel administration, and fostering a conducive living environment for the resident students. BHM works to address routine issues, manage grievances, and ultimately aims to provide a welcoming and supportive home where students can create memories, share ideas, and grow alongside their peers. It involves student representatives in its decision-making processes, working closely with individual hostel-level House Working Committees to maintain smooth operations and uphold the well-being of the student community residing in the hostels. It is moving forward with a vision to set IIT Delhi on a path of sustainability, to ensure good quality and hygienic food in the hostels and providing a good work environment to BHM staff.

Various major initiatives taken this year are given here:

Creation and Integration of the BHM App – it's a centralized digital platform aimed at streamlining hostel operations and enhancing the student experience. Developed in collaboration with the board's technical teams, the app aims to bring together essential services such as daily mess menu display, rebate tracking, extra messing records, and a complaint resolution system under one unified interface. Users would be able to log in using their Institute credentials, accessing personalized dashboards that display their mess attendance, rebate status, and complaint history. A dedicated admin portal equips hostel staff and secretaries with real-time data to ensure faster and more transparent service delivery.

Campus wide Deployment of QR-based Attendance System -

Recognizing the inefficiencies of manual mess attendance, efforts were made to introduce a QR-based attendance system to improve accuracy and streamline operations. Initially rolled out in 2–3 hostels as part of a pilot phase, the system utilized repurposed tablets provided by the Student Affairs Section to scan student QR codes during mealtimes. This deployment allowed for the identification of infrastructure gaps and user-side challenges, enabling the technical team to refine the system to better suit the scale and complexity of hostel operations. The pilot served as a critical step toward building a more transparent and tech-enabled mess management framework.

Institute Wide Non-Veg Mess Expansion- Starting with just three hostels, in-house non-vegetarian food preparation was successfully scaled up to 11 hostels through coordinated efforts involving utensil procurement, infrastructure readiness, and hygiene compliance checks. Collaboration with individual mess secretaries helped tailor the implementation to each hostel's unique requirements, ensuring smooth integration. This initiative increased the options for residents and marked a significant step toward enhancing food diversity across campus.

Constitutional Amendments: Significant constitutional reforms were discussed and executed during the tenure:

- **Canteen Cell Renamed:** The cell was renamed *Hostel Commercial Establishments Cell (HCEC)*. Structural updates included the addition of Mess Managers and provision for Institute Engineer representation.
- **Committee Updates:** The inclusion of DGS (Mess & Maintenance) in respective cells was formalized. AD(HM) now chairs both, and Mess Managers/Caretakers will rotate as members.
- **Secretary to SAC:** Inclusion in the House Working Committee was unanimously approved to enhance coordination and representation.

BHM Night 2025 - held on 30th March 2025, was one of the most ambitious and community- centric events organized under the Board for Hostel Management. The Board was involved from the initial stages of proposal drafting in early February and played a critical role throughout the planning, coordination, and final execution. On the day of the event, we supervised the preparation and distribution of snacks and beverages, ensuring adequate quantities for over 1,000 attendees, including secretaries, mess staff, wardens, and student volunteers.

The event featured a celebration of the year's achievements, token distribution to appreciate mess staff, and fun interactive sessions that enhanced the sense of community.

The Wardens during 2024-25:

Hostel	Warden
Aravali	Prof. Ankesh Jain
Girnar	Prof. Samiran Mandal
Himadri	Prof. Priyanka Kaushal
Jwalamukhi	Prof. Ankush Agrawal
Kailash	Prof. Minakshi Kumari
Karakoram	Prof. Bipin Kumar
Kumaon	Prof. Sahil Bansal
Nilgiri	Prof. Pintu Das
Nalanda	Prof. Archana Samanta
Satpura	Prof. Vikrant
Shivalik	Prof. Arnab Chanda
Udaigiri	Prof. Prasanna R.
Vindhyachal	Prof. Harun Venkatesan
Zanskar	Prof. Dibakar Rakshit & Prof. Saran Kumar
Dronagiri	Prof. Biswarup Mukherjee
Saptagiri	Prof. Biswajita Parida
Sahyadri	Prof. Shahab Fatima

(b) Board for Recreational and Creative Activities (BRCA)

BRCA is an amalgamation of 11 clubs that organizes both competitive and non-competitive events throughout the year at IIT Delhi. Apart from them, the board holds several recreational events of its own, along with organizing Rendezvous, North Asia's largest cultural festival, which is held annually. Essentially, BRCA provides students with an opportunity to develop and enhance their extracurricular skills, while also serving as a source of celebration on the campus that brings joy to many.

In this academic year also, BRCA conducted a diverse range of events and reignited the enthusiasm that the board is renowned for. Formal Integration of 'Fashion Club' into the BRCA has been done.

BRCA conducted 50+ Inter-hostel competitions across its clubs under the General Championship while engaging more than 2000 students in BRCA activities through the tenure. Also hosted memorable cultural events on Independence Day, Gandhi Jayanti, and Republic Day, Tour of Stalls, BRCA Night, Diwali and Lohri celebration and more.

Inter-IIT Cultural Meet 7.0 (IIT Kanpur): IIT Delhi secured the 3rd position along with 2nd position in Speaking Arts cup, 3rd position in Theatre Arts, Quizzing, and Fine arts cup, and other podium finishes in Literary Arts, Dance, and Fashion Cup.

Rendezvous X: The 49th edition of the fest was organized in October 2024- A Spirited Masquerade, with amazing participation from colleges throughout NCR.

Curated on a budget of approximately 2 Cr, the festival hosted 120+ events including student-led performances in Blitzkrieg and Western Group Dance (WGD). A parallel concert inviting budding Indie Artists was organized at Nalanda Ground (Artist Arena 2.0) to help in efficient crowd management during Pronites at OAT along with two live stages for external audiences in Biotech Lawns and around Nescafe.

Events Organized under the clubs in the academic year: A wide range of events have been organized in this session including internal, external, competitive, and non-competitive, informal and freshers' events.

The major highlights are given here:

A glimpse of some club wise events-

Dance Club

The Dance Club is a vibrant hub of creativity and expression on campus, igniting a passion for movement and rhythm among its members. With diverse styles ranging from contemporary to hip-hop, the club offers a welcoming space for dancers of all levels to hone their skills and showcase their talent. Through regular workshops, rehearsals, and performances, members not only refine their technique but also foster lifelong friendships and a sense of belonging. More than just a club, it's a community united by the joy of dance, inspiring individuals to break boundaries, explore new possibilities, and unleash their inner artist.

- **Spectrum:** The Spectrum dance competition transformed into a virtual extravaganza this year, as students from the fourth, third, and second years showcased their talents through graceful elegance of ballet to the dynamic energy of hip-hop.
- **Other dance competitions-** Inter Hostel Street Battle, Inter Hostel Group Dance Competition, Offbeat- Fresher's Open Stage, Western Group Dance Competition, Group Dance Competition and external competitions at colleges of Delhi University, MAMC, Decathlon Fest.

- The Music Video Competition was a unique dance event where three hostels collaborated to record choreographed performances to a single song. Open only to non-freshers, the videos were later released on YouTube, gaining great engagement.
- **Rendezvous:** for this, we hosted five major dance competitions- Solo and Duo stage competition emerged as a captivating cornerstone of, drawing dancers from all corners of the globe. Crew vs Crew (Street Battle) competition brought styles like hip-hop, krump, waacking, and more. Western Group Dance had a massive number of teams participating.
- **NRITYARAT**- this is the IIT Delhi's first-ever classical dance society and quickly made its mark with outstanding performances. Their debut at BRCA Night was a mesmerizing display of grace and technique, earning them well-deserved recognition. Nrityarat represented IIT Delhi at the Inter-IIT Group Dance, showcasing the elegance of classical dance on a competitive stage. They continued to grow, performing at key institute events like BHM Night and expanding their reach beyond IITD.

Photography and Films Club

This year, we raised the club standards to Inter-IIT benchmarks while launching new competitions to broaden creative horizons. By implementing multi-judge panels, strategic workshops, and attractive incentives (prizes and monthly themes), we fostered artistic engagement and delivered polished, impactful events.

Key activities conducted during the timeframe:

- **Studio Renovation:** The PFC Studio underwent a transformative renovation, blending aesthetics with cutting-edge functionality.
- **PFC x Dilli Cine School:** A first-of-its-kind Industry Collaboration, with Dilli Cinne School (DCC) to bring an unparalleled series of industry-level workshops, redefining how filmmaking is taught at IIT Delhi.
- **Photowalk Series:** PFC organized a series of three photo walks this year, each set in a distinct location across Delhi-Yamuna Ghat (April 2024), Lodhi Garden (January 2025), Mehrauli Garden (February 2025).
- **Presence in External Competitions:** We actively engaged in some of the biggest photography and filmmaking competitions across premier institutes. From high-stakes cultural fests to intense timed challenges, our participation not only showcased our club's talent but also strengthened our connections within the creative community. Some are- Antaragni, IIT Kanpur – Mastering the Art of Visual Storytelling, IFP Weekend– The 50-Hour Cinematic Sprint on the theme “A Happy Discovery”, IIT Bhubaneswar (IITBBS)- Prodshoot, UCMS College– multiple visual storytelling formats, FMC Weekend hosted by IIT BHU- largest photography and filmmaking festivals in India.

- **Inter IIT Cultural Meet:** We participated in Inter-IIT Filmmaking Competitions and Photography Competitions.
- **Pixel Summer Series:** Annual Summer challenge for students comprising a series of 4 competitions. Catering 4 different aspects of photography & cinematography.
- **Picture Perfect Photography Competition:** to introduce participants to the art of visual storytelling.
- **Echos of Film- Trailer Making Comp:** To familiarize people with the world of editing.
- **Inter Hostel Competitions:** multiple inter hostel competitions have been organized- Inter Hostel Photostory Competition to showcase the storytelling skills through photography; Inter Hostel 75Hr Short Film Making Competition; Street photography competition to capture urban life's raw emotions and vibrant energy through three themes: "Patterns on the Street," focusing on symmetry and textures; "Contrast," highlighting urban contradictions; and "Soul of the City," revealing its unique culture and stories; Inter Hostel Documentary Filmmaking Competition.

- Fresher's League, organized by PFC, featured four competitions- two in photography and two in videography—exclusively for freshers. With 50+ participants, it offered a creative platform to hone skills in a competitive yet engaging setting.
- **Upgraded Inventory:** for enhancing finesse by acquiring more durable and versatile equipment, a new Inventory has been added. It includes Lenses (24-70 Wide range), Fisheye lens, Godox Studio lights, Lilliput and Curved Monitor, Mac mini etc.
- **"Daav" – PFC's flagship annual short film** – is a creative showcase of our filmmaking vision, premiered on BRCA Night to welcome freshers into the world of cinema. This production marks the start of our tenure, setting the stage for a year of storytelling and collaboration.
- PFC honored graduating members with mementos and heartfelt Instagram posts highlighting their memorable contributions. This celebration of their legacy strengthened club bonds and inspired future generations.
- **Cultural Fest: RENDEZVOUS '24:** hosted five dynamic photography/ videography competitions blending online submissions with thrilling offline finals.

Debating Club

Events carried out during the period:

- **Stalwarts Freshers' Debate:** Biggest freshers' event conducted by BRCA with the participation of almost 650 participants across the 13 hostels having an increase of over 50% participation in the previous year.
- **Open British Parliamentary Debating Tournament:** Tournament was conducted with almost 40 teams .
- **Challenge Debate:** Running debates conducted across two semesters to facilitate cross-hostel and cross-year interaction.
- **IIT Parliamentary Debate:** Flagship external conducted as a part of Tryst, with participation from 200+ individuals from 50+ colleges.
- **Debutant Asian Parliamentary Debate:** Conducted during Rendezvous having participation from 200+ individuals and over 40+ colleges.
- **Intra IIT Parliamentary Debate:** Premier Parliamentary Debating Tournament with participation across all 4 years and 13 hostels forming over 40 teams.
- **Perspective PD:** Hosted 3-day event in collaboration with NSS in APD format, with over 70 participants debating on wide ranges of social interest such as social justice movements, feminism, environmental justice, etc.
- **Vacanza Turncoat Debate:** A conventional debate tournament with over 80 participants.
- **Conventional Debate:** Organized in collaboration with BeCON'25 to encourage critical thinking.
- **Themed Case Preps and Practice Debates:** Leveraged the experience and skills of some of the best debaters in IITD to provide a structured learning approach to first year and second-year students to help them hone their innovation and critical thinking.

Quizzing Club

Successfully spearheaded and organized multiple events:

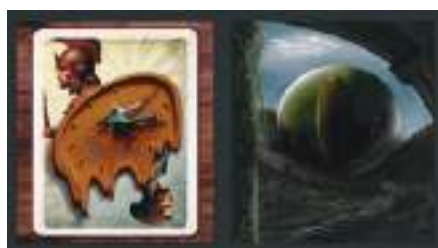

- **Hostel Workshops and Tour of Stalls-** Organized introductory workshops for freshers in every hostel along with a brief introduction of club at the Tour of Stalls.
- **Inter-hostel Freshers Quiz-** Organized an institute wide fresher only quiz with 350+ participants.
- **Mastermind-** Trivia-based event with written prelims and finals consisting of 8 members.
- **RDV Quizzes-** In the mood for yellow submarines- A MELA quiz; indiaprastha- an India quiz by samanvay banerjee; cut to the CHASE- A Culture, history, art, sports and entertainment quiz by gautam jha; elementary - A SciTech quiz by Jyotesh singh; Ekla Chalo Re - Lone Wolf Gen Quiz; Dhanda - A Business Quiz by Saswata Acharya; The Field Marshal

Quiz - A General Quiz by Major Chandrakant Nair; Tour De Pounce - A Sports Quiz.

- **League Quizzes** - Six league quizzes were held over the course of the year in which six league teams participated, each having a captain who choose their teams via an auction held at the start of the year. Genre of the quizzes were- General, MELA, Sports, India, SciBizTech, History and Mythology.
- **Literati Quizzes** - General Quiz by Major Chandrakant Nair; FLAME Quiz, Fandom Quiz, HTLC Quiz.
- **Informal Offline Quizzes**- Bollywood Quiz; Sine of The Times- Maths Quiz in collaboration with MathSoc; University Challenge; Energy Quiz; Quizzer in the Box- SBT Quiz; Music Quiz; Train to Genland- General Quiz; Quiz me Baby One More Time- A General Quiz; Harry Potter Quiz; Vet, Set Go- Farewell Quiz.
- **Informal Online Quizzes**- Football Quiz; Credible India Quiz; Pounce or They'll Get You- a Gen Quiz; Sports-MELA Quiz.
- **Informal Institute Wide Workshops**- Hickam's Dictum - Pre-Occam's Workshop; Institute Wide workshop held for 2nd years at the start of semester.
- **Participated in various quizzes at Inter-IIT, Inter IIT-IIM, KBC, Ramjas, MAMC, LSR, FMS, SGGSCC, Deshbandhu College, DTU, PGDAV, St. Stephen's, Sri Aurobindo College, IIMC, IIMC, and many more engaging sessions about quizzing during the IITD's BRCA Night.**

Design Club

The design club is one of the most creative Activity Cohorts of people working together. Using computers, they create stunning and visually appealing visuals and concepts that solve problems and open new perspectives of people. The important activities carried out under the club in this academic year:

- **Summer Comps (June - July 2024):** Students were kept engaged in a series of four week-long non-competitive events covering various aspects of designing such as poster making, branding, graphic illustrations and 3D modelling.
- **Photo Face-Off (August 2024):** A 10-hour long photo manipulation competition where participants were given a set of stock images to work on and using only Adobe Photoshop, create a final image by manipulating all these images together according to one of the themes provided.
- **Album Cover (September 2024):** A freshers' only competition introduced by the club for the first time to introduce the freshers towards the club and give them a glimpse of what are the domains that we work on. Participants composed an album cover of their Favourite song using this picture.

- **Create (October 2024):** A 2-day 2-round design marathon challenge for participants who were asked to provide all sorts of design elements based on the provided theme which included product designing, branding, UI/UX, and logo making, etc.
- **Animate (January 2025):** A week-long 3D animation competition in which students were provided with a base blend file with a fixed camera configuration. They were asked to model the object in the frame without changing camera preferences.
- **Experientia (March 2025):** Design Club's flagship event where participants are provided multiple themes to choose from. Based on which they made app/web-based user interface for the same.
- **Tour of Stalls:** We put up our Design Club's stall where freshers were welcomed and were introduced to our club.
- **BRCA night- ARCANUM:** a short movie showcasing a fresher entering the IITD campus for the first time and how he starts exploring each and every cover of the campus, with a kick of CGI and VFX.
- **Inter-IIT Culturals 7.0:** Design Club was responsible for 4 out of 7 events under the Digital Arts Cup- Photoshop Battle; Online Design Marathon; Online Graphic Design; Online 3D Animation.
- Inter-IIT Collaboration:

MULTI IIT COLLAB

Design Club
The Design Club
Monochrome

IIT DELHI
IIT BOMBAY
IIT ROHAR

Dramatics Club

- **Incredible India:** On Independence Day, the newly recruited mime team delivered a powerful performance at Dogra Hall and Seminar Hall, portraying liberty, sacrifice, and patriotism through silent expression. Their precise movements and heartfelt expressions left the audience in awe, honouring India's journey to independence.
- **VIRASAT- FRESHERS' Production and Sapno Ka Sansar:** the heartfelt play depicted two brothers—one from the city and the other from a village—whose contrasting lifestyles. A story of family, unity, and understanding, Virasat marked a memorable first stage experience for the team. Similarly, the Institute Street Team performed Sapno Ka

Sansaar, a powerful street play at Biotech Lawns during the Tour of Stalls for freshers about navigating college life.

- **BRCA Night:** “Rinky- Oh My Darling”, performed at the BRCA Night Comedy, was a light-hearted play that brought waves of laughter and joy to the audience. With its witty script and energetic performances, the play showcased the comic talent within the club.
- **Pre - Rendezvous 2024:** Ankahi collaborated with Nabhya Theatre Group to present Shakkar Ke 5 Daane, a comedic stage play performed by professionals for an audience of over 300, offering members valuable exposure to professional theatre.
- **Rendezvous 2024:** The club successfully hosted four offline inter-college competitions during Rendezvous’24, namely the Street Play, Stage Play, Mono Acting, and Mime Competitions. These events garnered over 2000 individuals.
- **Inter-hostel competition:** Mime Competition; Stage Play Competition; Monoact Competition; Street Play Competition.
- **Theatre Day - 27th March:** On the occasion of Theatre Day, we collaborated with Nabhya Theatre Group to perform Dastan-e-Laila, a lively comedy play. The performance brought together vibrant storytelling and humour, celebrating the essence of theatre and its power to entertain and engage the audience.
- **Avyakt:** The team is currently working on a production titled Avyakt Vyakt Avyakt in collaboration with the National School of Drama (NSD), directed by Manoj Tyagi. Some of our distinguished alumni are also part of the performance, providing valuable exposure and bridging our creative community with professional theatre expertise.
- **External Events:** Ibaarat Nukkad Festival & MANTHAN MAHOTSAV’24- performed ‘Parda-e-Mardaangi’, challenging stereotypes about masculinity; Antaragni, IIT Kanpur, the club’s mime and monoact teams marked their debut in external participation; Pratidhwani - Nukkad Natak, organized by Ankahi, saw 12 powerful performances from teams across Delhi; Kashiyatra (IIT BHU)- The street play, mime, and monoact teams represented IIT Delhi with pride, gaining valuable exposure.

Music Club

Amps On: Showcase event for the club, with three bands, making originals to promote the original composition culture. The compositions were a fusion of multiple genres, and various electrifying covers were also a highlight of the night.

Mehfil is a vibrant celebration of Bollywood, Semi-classical, and Folk music. The event featured over 100 passionate performers across four dedicated teams, each specifying a ‘Gharana’, delivering 12 impressive performances. The performing group had people from all over the years, and much PG participation was also seen. This year, the event collaborated with other clubs like Dance and Hindi Samiti.

Ragnarok: Brought together over 75 talented performers across four dynamic bands, each delivering 12 thrilling performances that consisted of a mix of semi-classical and Western genres.

Mixtape: The online music competition having entries under 4 verticals- Western, Indian, Instrumental, and Production. Taking place across December, it became a way for people to utilise holidays to learn something musical and share it with people.

Consonance: A heartfelt event, which served as a touching musical farewell to the graduating members. It featured around 15 beautiful performances, each brimming with emotion and nostalgia. Final-year students took the stage to perform their favourite songs, often joined by their beloved juniors for one last collaboration.

Other Internal Performances: BHM Night - Featured Solos, Duos, and The Band Performance of one of the songs from the Inter IIT Setlist; All Boards Night - Featured the annual bolly medley production, and band performance; Patriotic songs on National Days like Independence Day, Republic Day, and Gandhi Jayanti.

Barebones: The Music club hosted the Inter Hostel Freshers' Battle of Bands- Barebones, giving freshers a chance to perform at the prestigious Dogra Hall. The event was a huge success as it provided a fair chance for freshers to perform.

Collaboration with Nrityarat and Hindi Samiti: In the semi-classical event- Mehfil, for the first time, the showcase of live music with classical dance was presented. The captivating performance was one of a kind and left the audience in awe. Members of Hindi Samiti also filled the night with their amazing poems, shayaris, and stories.

External Events: participated in Inter IIT, Delhi Circuit External, events at Lady Sri Ram College, NSIT, Maharaja Agarsen College, Swami Shraddhanand College, Bharti College, Lady Hardinge Medical College, Institute of home economics (DU), Maulana Azad Medical College, Delhi Technological University, Sri Venkateswara College, Hansraj College, St. Stephen's College, Shri Ram College of Commerce, Kamala Nehru College and many more.

Production Workshops - Anirudh Varma and Saptak Chatterjee: The production workshop series consisted of two workshops, teaching the basics of production and song composition. Mr. Varma also showcased his creative workflow whenever working on a song. The workshops turned out to be useful, especially for the club members.

Indian Classical Vocals Workshops - Swaradhana Pandit: The Indian Classical vocals workshop acted as a steppingstone for vocal enthusiasts, comprising the origin of Indian vocals, basics of notes, scales, etc. It also had the attendees do some basic exercises to get them started with their vocal journey.

Literary Club

Events carried out during the period:

- **Literary Club Orientation & Internal Engagement:** The club launched a renewed community-focused approach through themed WhatsApp groups for poetry and book discussions, greatly increasing member interaction and participation.
- **Syndinkate (Inter-Hostel Creative Writing):** A paired writing event involving unique prompts and unexpected twists, encouraging cross-hostel collaboration and creative synergy.
- **Your Word Against Mine:** An inter-hostel Scrabble league promoting competitive linguistic engagement.
- **Verses versus Verses:** A hostel-wise poetry competition showcasing poetic flair.
- **Literati & Pre-Literati Events:** Winter Weaves- A writing challenge; My Scribblings- A creative writing competition; Ficticorp- A BECon event mixing bringing fictional characters to a corporate setting; By the Chai- A cozy open mic event; Lit-QC Thingy- A quirky literary-quizzing hybrid; Alice in Wordleland- a word-games event.
- **Tryst & Pre-Tryst Events:** Syaahi- A poetry writing event exploring diverse themes; J.A.M- A rapidfire speech contest; Lit Me Quiz You- A quiz which isn't just a literary quiz.
- **Rendezvous Events:** Slam Blues- A multi-round slam poetry competition; My Jottings- A prose writing event; Conjurors' Bout and De-Cryptic Conundrum- Challenging cryptic crossword events; Wanderlust Chronicles- Travelogue writing contest; Word Weaves- An improv writing tournament; The Plot Thickens- Prompt-based story writing; JAM- A nerve-wracking game of speeches and objections with all eyes on the clock.
- **External Events & Outreach:** Inter-IIT Cultural Meet 7.0, Antaragini, NIFT Delhi, NICE (National Inter College Cryptic Expedition), Deen Dayal Upadhyay College, DDUC, MLNC, UCMS.

Fine Arts and Crafts Club

Building upon the foundation established during the previous years, our goal this year was to raise the bar for club events by adhering to Inter IIT standards and elevating the quality of artworks, all while fostering greater artist participation. To achieve this, we implemented multiple judges for competitions and meticulously organized events. Additionally, we introduced incentives such as prizes and art materials for winners, resulting in well-organized and engaging events.

- **Doodle Art:** Doodle Art was organized as a creative competition that encouraged participants to express their imagination through sketches and patterns. The event fostered artistic freedom and originality, providing a platform for students to showcase their unique styles and creativity.

- **Pixel Art:** It was organized as a digital art platform to demonstrate their creativity in online platforms too.
- **Abu Dhabi Painting:** Students from IIT Delhi and IIT Delhi Abu Dhabi collaborated on an 8x6 ft acrylic painting across four panels. The artwork symbolizes unity between the two nations and highlights academia and community, reflecting the cultural exchange between the campuses.
- **Independence Day live painting:** The Independence Day Live Painting event showcased students' artistic talents as they created patriotic-themed artwork in real time. This activity celebrated national pride and encouraged creative expression in honor of the occasion.
- **Anime Art Workshop:** The Anime Art Workshop provided participants with insights into the techniques and styles of anime drawing. It offered hands-on experience to enhance skills and explore this popular art form.
- **Graffiti Workshop:** The Fine Arts and Crafts Club, IIT Delhi, in collaboration with Delhi Street Art, hosted a graffiti workshop at OAT. The event featured an inspiring lecture and a live graffiti demonstration, offering participants a unique opportunity to explore and engage with urban art and creative expression.
- **Rendezvous-** Sole Mate; Brush off Brush; Inked Sole; Alchemy- vibrant Canvas; Art Gallery- invited talented artist from across colleges.
- The Graphite competition was an institute-level art event that showed creativity under the themes of Architecture and Still Life. Participants demonstrated exceptional skill through detailed sketches and imaginative compositions. The event fostered healthy competition and artistic expression among hostels. This report documents the highlights and outcomes of the event.
- The Acrylic competition was an engaging inter-hostel art event centered around the vibrant themes of Temple Wall, Retro Bollywood, and Folk Tales. Participants brought these themes to life with vivid colors and dynamic compositions. The event celebrated cultural expression and showcased the diverse artistic styles of hostel residents.

- The Wall Painting competition was a lively inter-hostel event that transformed blank spaces into vibrant murals under the themes of Get Over Glitch, Musical Madness, and Nature Nurture. Participants collaborated to create large-scale artworks that reflected creativity, teamwork, and thematic depth. The event added color and character to shared hostel spaces.
- The Costume making Competition was a lively inter-hostel event that is an engaging and exciting event that allows participants to unleash their creativity and talent. These typically involve designing and creating costumes, often with a specific theme or character in mind.

Hindi Samiti

Events carried out during the period:

- A farewell event titled “Waqt-e-Rukhsat: Kavi Alvida Na Kehna” was organized to honour the outgoing students. The event featured heartfelt poetry recitations and cultural performances, providing a memorable platform for students and faculty to express their best wishes and reminisce about shared experiences.
- Alfaaz: The alfaaz series was launched in June, mentioning noteworthy poetry posts and reels to appreciate the wonderful poems written by the members of the IITD community and to encourage more people to write as well. It continued throughout the year.
- Several workshops and competitions were organized across various domains- ‘Vaad-Vivaad’ (debate) workshop on communism; poetry competition themed “Koi Deewana Kehta Hai,”; quizzing competition titled “Singhasan Battisi”. Participants thoroughly enjoyed these events, appreciating the opportunity to engage in stimulating discussions, showcase their poetic talents, and test their knowledge in a competitive yet friendly environment.

- Inter-hostel workshops are conducted targeting interests of freshers to increase the engagement- Quizzing on theme of Bollywood; Vaad vivaad workshop; Kavi Sammelan and more.
- **Tour of Stalls:** A stall was set up in the Tour of Stalls where freshers were given an overview of Hindi Samiti Events throughout the year, and they participated in fun games like tongue twisters, word games etc. Several goodies were distributed to the winners of puzzles and riddles.
- **BRCA night:** Hindi Samiti had some great performances in BRCA night on stand up comedy and poetry which drew attention of almost all the freshers towards Hindi Samiti and its members.
- **Hindi Saptah:** a week-long fest organized by Hindi Samiti, brought together a range of inter-hostel and non-competitive events. The festival featured vibrant competitions such as 'Rachnatmak Lekhan' and 'Vaad-Vivaad' alongside engaging cultural events like 'Waqt-e-Sukhan', 'Bolo Babumoshay', and Bol-Bachchan (Parody Competition). With a footfall exceeding 1000 students, Hindi Saptah was a resounding success.
- **Gandhi Jayanti and Shastri Jayanti Celebrations IITD:** Hindi Samiti participated in the celebration of Gandhi Jayanti and Shastri Jayanti and presented several patriotic poems dedicated to our great freedom fighters and martyrs.
- **Poetry Workshop:** A poetry workshop was organised in October, hosted by our alumni and Hindi Samiti poetry director. It covered the technical aspects of writing in Hindi. It was attended by more than 20 people and followed by a session where everyone recited their poetry.
- **Hasya Manch (Stand-up Comedy):** 'Hasya Manch' organized by the Hindi Samiti, featured stand-up comedy performances by students, with each hostel showcasing its comedic talent through two participants. The event, judged by stand-up comedian Mr. Shiv Mohan Yadav and Vishal Tyagi, was a vibrant display of humor, laughter, and creativity. With an audience of over 250, the evening was filled with hilarious jokes and witty punchlines.
- **Participation in Inter IIT:** The Hindi Samiti contingent participation was marked by enthusiasm and dedication as they showcased their talents in various events. The team participated in the events- Stand-Up Comedy, Poetry Writing, Slam Poetry, Creative Writing.
- **Prashn Baan:** An engaging mythological quiz series titled 'Prashnbaan' was launched on Instagram, captivating participants for a month-long journey into India's rich cultural tapestry. Every evening at 6 pm, a question from Indian culture, heritage, history, or mythology was posed via Instagram stories, enticing followers to test their knowledge and delve deeper into our heritage.

- **Rashm-e-Adab:** Several famous poets (Azhar Iqbal, Dr. Nawaz Deobandi, Abhisar Shukla, Asraf Jahangir, Abbas Kasar, Anant Gupta, Vatun Gupta, Dr. Bhavna Shrivastava) performed live in Dogra Hall with 1200+ people attending the event. It was a stellar evening where these fantastic poets wove a magical net with their words and ensnared the audience, who became mesmerized by their performances.
- **Ardh Sansadiya Vaav vivaad Pratiyogita:** Hindi Debating Competition which involved 40+ debaters paired in teams of two to reason out and debate on topics provided on the spot.

SPIC MACAY

Events carried out during the period:

- **Rendezvous- Rasaanjali:** An Ode to Classical Dance; Canvas Chronicles: A Journey through Fine Arts exploration; Qawwali Night with Nizami Bandhu; Puppetry (Kathputli) by Puran Bhat.
- **Virasat '25:** Miniature Art Workshop, a specialized workshop on traditional Indian miniature art techniques conducted by Ms. Sneha Gangal.
- **Yoga and Meditation Workshop-** A wellness-focused workshop conducted by BK Sister Rama and Cap. Shiv Kumar Goel.
- **Vocal Concert:** Classical music performance featuring Pt. Ulhas Kashalkar (vocalist) and Pt. Suresh Talwalkar (tabla), showcasing traditional Indian classical vocal artistry.
- **Rajasthani Folk Performance:** Traditional Rajasthani folk music performance by Bhungar Khan and Team, celebrating the rich folk heritage of Rajasthan.
- **Flute Recital:** Classical flute performance by Sh. Pravin Godkhindi accompanied by Pt. Ramkumar Mishra on tabla, showcasing the melodious traditions of Indian classical flute.
- **Kathak Workshop:** Four-day dance workshop conducted by Gauri Diwakar.
- **Introduction of Executives in SPIC MACAY-** this offered leadership roles to students passionate about Indian culture to help in organizing events and increasing participation. This enhanced visibility of the club within the campus community.

Fashion Club

This new club being introduced under BRCA is expanding itself with member count of 50+. Other activities during the year are:

- Participated in inter IIT and ranked 4th in Fashion Cup and 7th in Fashion Show. Theme of the fashion show was "Celestial Glamour". We chose to display zodiac signs; displaying how different constellations showcase different emotions and properties.
- **Lifestyle'24:** The show hosted over 40 participating colleges. The team curated a strong concept and performed successfully, receiving accolades for the originality of our performance.
- **Denim It Yourself** - A hands-on workshop competition that focused on upcycling denim, where students were given time, paint, and embellishments to create their own denim pieces from their old denim. The event addressed sustainability in fashion through creative upcycling experiences, allowing participants the freedom to DIY and explore.
- **Couture Clash** - An interactive design and runway event, fast-paced styling and runway battle where participants engaged each other as a surprise-themed fashion duel. Contestants made an outfit under time pressure and with limited resources, judged on spontaneity, styling, and confidence on the runway.
- **Modelling workshop with Gleamdiva:** Envogue organized a Modelling Workshop for campus students in collaboration with GleamDiva, a professional platform known for grooming and talent development in the modelling industry. The workshop aimed to introduce participants to the fundamentals of runway modelling, including posture, stage presence, walking techniques, and expression.
- **Modelling Workshop by Manish Gupta:** Envogue organized an exclusive Modelling Workshop conducted by renowned fashion choreographer Manish Gupta. The session was aimed at providing students with professional insights into the world of modelling and fashion presentation.
- **BRCA Night:** Part of the BRCA Night festivities, En Vogue performed a fashion show with 2 segments, Mystical Gardens and Dunes. Each segment was choreographed and styled with their respective themes.
- **Bollywood Day:** As part of its continual engagement initiatives, EnVogue organized Bollywood Day to celebrate the cultural heritage of Hindi cinema on campus. The day included a detailed performance by EnVogue members, dressed as iconic Bollywood characters, displaying their artistic talent in dance and fashion. In addition, some of the students voluntarily were able to contribute their performance making the day even more enjoyable and inclusive. Bollywood Day was lively, fun, and inclusive through themed music, active engagement, and cultural performances, providing a lively opportunity for creativity, community engagement, and to celebrate cinematic art.

(c) Board for Sports Activities (BSA)

The (BSA) at IIT Delhi has been tasked with promoting sports activities and facilities on campus. As a constituent body of the Student Affairs Council, BSA is responsible for coordinating various sports activities within the institute. BSA ensures that the community has access to sufficient sports facilities and provides a platform for students and staff to discuss and develop policies that will enhance sports activities on campus.

The 2024-2025 academic year has been marked by exceptional sporting achievements at IIT Delhi. The Institute's athletes have demonstrated remarkable skill and sportsmanship across various competitions. BSA remains committed to nurturing sporting excellence and looks forward to building on this success in the coming year. Remarkable sporting achievements, activities, and initiatives undertaken by BSA at IIT Delhi in this tenure, 2024-25:

- **Freedom Run (15th August 2024)**- Organized an institute-wide marathon commemorating India's Independence Day, which attracted participation from 500+ members of the IIT Delhi community, including students, faculty, staff, and their families. All participants received commemorative T-shirts, refreshments, and certificates of participation.
- **Freshers' Inter-Hostel General Championship (August-September 2024)**- Reinstated the championship post-pandemic to encourage first-year student participation and this served as an introductory platform for freshers to engage in hostel-level sports competitions and integration into the Institute's sporting ecosystem.
- **Inter-Hostel General Championship (January-March 2025)** - Annual hostel-level competition spanning 13 men's hostels and 5 women's hostels was conducted across multiple sporting disciplines. It promoted healthy competition and sportsmanship among hostel residents.
- **57th Inter-IIT Sports Meet (December 2024)**- Secured 1st position in Men's General Championship; Achieved 3rd position in Overall Championship; Gold medal in Men's Aquatics, Water Polo, Hockey, Squash (Men); Silver medal in Squash (Women); Bronze medal in Men's Cricket, Men's Lawn Tennis, Women's Badminton, Women's Table Tennis; 4th Position in Football.
- **Inter-IIT Aquatics and Water Polo (1-6 October 2024)**- Gold medal in Men's Aquatics; Gold medal in Men's Water Polo; IIT Delhi swimmers broke multiple Inter-IIT records.
- **SPORTECH - ANNUAL SPORTS FESTIVAL (7-10 March 2025)**- it's the flagship multi-sport event where Institutes from across India, including IITs, NITs, and other engineering colleges, participated. It featured both formal and informal sporting events.

- **Sangam - Accessible Sports Tournament (1st March 2025)**- Organized in collaboration with the Office of Accessible Education for 250+ participants with disabilities from various institutions. Sporting events included: Athletics (100m sprint, 4×100m relay), Blind Cricket & Blind Chess, Table Tennis, Badminton, Carrom.

(d) Board for Student Publications (BSP)

The Board for Student Publications remained active throughout the year by its various activities-

Publications

Inception: BSP's fresher's magazine that is distributed to 1200+ freshers on the orientation day, gave the newly inducted first year students a holistic vision of what IIT holds for them in the next 4 years.

Muse: A creative magazine that features stories, poems, art and other creative pieces from the student community. It's a platform to showcase creative writing and artistic skills.

Kaleidoscope - The Art Review Series - Kaleidoscope is a newly conceptualised series from our creative and outreach vertical where we examine the lives of various artists who have made a mark on history and bring out the unspoken side of their stories to inspire the student community.

Publication of bi-monthly community newsletters - We published TLDR for the IIT Delhi community covering various events, happenings, and issues experienced by the students, faculties, and other community members. The publications have a readership of over 2000+ members.

Revamping of BSP website - website is the main channel of communication with our audience hence to make it more accessible and user-friendly, we rebuild the BSP website. The project is multi-language support, mobile-friendly design, and fast loading.

Inquirer: Inquirer is the annual journalistic magazine published by BSP. The theme for this edition of Inquirer is exploring the different aspects of power-sharing in educational institutions. We expect to publish the latest edition of Inquirer in the coming months.

Annual science and technology magazine- Elemental: This year's Elemental views the concept of consciousness from various lenses spanning multiple disciplines, including but not limited to psychology, linguistics, computer science, and mathematics.

Gazettale - Gazettale, BSP's annual magazine making competition, was conducted, with 'Phoenix: Rising from the Flames' as the broad theme.

Elemental - This year, BSP's science and technology magazine, Elemental, is based on the broad theme of human consciousness, tackling it from the perspective of various disciplines.

Other activities

- **Inter-Hostel Documentary Making Competition** - The Inter-Hostel Documentary Making Competition was conducted by the media vertical in collaboration with PFC.
- **Comicraze** - Comic-making competition where we provided prompts for teams to unleash their creative and artistic abilities. This saw more than 150+ individuals participating across different hostels, a significant portion of which were freshers. Each entry was judged by an external panel of three eminent comic artists.
- **The Bluffington Post** - Our annual satire writing competition, Bluffington, was conducted in an online format.
- **Expansion into Hindi** - 'Apvaad', a semi-autobiographical piece written in Hindi, was published. The piece talked about the journey of an IIT Delhi student, his relationship with language, and the nature of social status and how it propagates/is measured within the institute.
- **LITERATI**- Annual Literature and Arts Festival of IIT Delhi - Recruited a team of 200+ students across seven different verticals and mobilized them to conduct Literati. This year's theme focused on the duality of narratives in society. Literati included various eminent speakers who delivered keynote lectures and panel discussions and competitions for the students.

(e) Board for Student Welfare (BSW)

The Board for Student Welfare, IIT Delhi, is a student body set up with the intention to look after the Welfare of the Student Community. BSW has always been dedicated towards helping the Student Community in every aspect of life in IIT Delhi. The Board adheres to a principle of making itself the organization of the students, for the students, and by the students.

Mentorship under BSW:

Academic Mentorship

- **Career Mentorship Reels (Episodes 1–6):** The "Intern Insights" reel series made a strong return, providing students with expert advice on building standout profiles tailored for diverse career paths such as consulting and quantitative roles. Each reel presented key highlights from in-depth YouTube videos, delivering strategic tips and actionable guidance in a concise format.
- **Personal Academic Mentors Program:** To assist students struggling with academic challenges or confusion around study methods, BSW launched the Personal Academic Mentors program. This program paired students with senior mentors who had firsthand experience navigating the academic environment. These mentors provided guidance for Re-Major Exams as well. The program provided customized study plans and dedicated mentor support to help students prepare efficiently and face their exams confidently.

- **Portal for Academic Mentorship:** The portal is set to launch with a live doubt-solving feature, allowing students to post their questions for mentors to address. The solutions will be accessible to all students, helping to avoid duplicate queries.
- **PG Pathfinder Initiative:** BSW organized the inaugural edition of PG Pathfinder, an online event designed to support postgraduate students in exploring their academic and career pathways. The program consisted of two focused sessions led by distinguished mentors from leading universities and industry professionals. This initiative equipped PG students with expert advice to make informed decisions about their future academic and professional journeys.

Career Mentorship

- **Department Change (DepC) Awareness Initiative:** To support students considering a department change, BSW developed a comprehensive guide which included detailed information on previous year cutoffs, application procedures, branch-specific eligibility criteria, CGPA requirements, and rollback policies. This resource empowered students to make well-informed decisions regarding their academic paths.
- **CV Preparation Workshop:** To assist students in navigating the internship application process, BSW conducted a CV preparation workshop focused on building confidence and enhancing resume quality. The interactive sessions provided personalized guidance from experienced seniors, catering to various profiles.
- **Foreign Internship Guidance:** the session aimed at guiding second-year students interested in securing internships abroad. The interactive panel featured students who shared their firsthand experiences, challenges faced, and practical advice on the application process, networking strategies, and adapting to life overseas.
- **ELEVATE:** Placement Workshop designed to equip students with essential skills and insights for successful job placements. The event featured panel discussions, personalized CV reviews, networking opportunities, and mock interviews. Sessions were led by IIT Delhi alumni with 15–20 years of industry experience, alongside professionals actively involved in recruitment processes.

Language Mentorship

- **Focus Language Mentorship Classes:** To support students facing academic challenges linked to language difficulties, customized lesson plans and dedicated learning materials were developed to address their specific language needs, aligning the content closely with academic requirements. It is aimed at building the students' confidence and improving their language proficiency to help them succeed academically. Additionally, language classes were held twice a week at the LHC, specifically designed for undergraduate first-year students. These classes emphasized interactive and informal learning, differentiating themselves from the more formal National Language

Network (NLN) sessions. Furthermore, mentors created recorded video lessons based on positively received teaching content, allowing students to review and strengthen their understanding at their convenience.

Mental Health

- **Yoga Shivir:** for students, faculty, and staff, the BSW along with BSA, and Veteran Defence Forces Group (VDFG) organized a week-long Yoga Shivir from 21st to 27th October 2024 at IIT Delhi- Hockey Ground. This was supported by Patanjali Yog Peeth. The camp focused on traditional Yog Aasans and Pranayam to promote physical and mental well-being. The event saw enthusiastic participation and encouraged yoga as a lifestyle to improve health and productivity.

- **Music Therapy Event:** During Mental Health Week, BSW hosted a Music Therapy session on 29th January 2025 at Mech Lawn. The event featured live music, jamming sessions, and open discussions aimed at stress relief and emotional healing. It fostered a calming atmosphere promoting mental wellness and community bonding through the therapeutic power of music.

- **BSW & NRCVEE Wellness Workshop:** BSW partnered with NRCVEE to run a 12-week Wellness Workshop from January to April 2025, offering about 25 sessions twice a week. Open to all undergraduates and credited as NEN212, the workshop provided tools to manage stress, improve focus, and maintain balance. Students attending 20+ sessions earned a certificate, promoting sustained wellness practices.
- **Digital Wellness Workshop:** On 8th February 2025, BSW organized a Digital Wellness Workshop featuring TEDx speaker Rijul Arora. The sessions offered practical tips to manage screen time, boost productivity, and build healthier digital habits. Registrations were required, and supplementary online course access was provided to support ongoing learning.
- **Drama Therapy:** Asamanjas: BSW and NSS IIT Delhi presented "Asamanjas," a drama therapy session on 9th February 2025 addressing mental health topics like stress, societal pressure, and burnout. The play encouraged empathy and open dialogue while demonstrating the therapeutic benefits of creative arts. Participants received refreshments and NSS credits.
- **World Mental Health Day Celebration:** Memefest- To mark World Mental Health Day, BSW organized "Memefest," an online event using humor and memes to destigmatize mental health issues. The event created a supportive community space for students to share and discuss mental health openly, making the topic approachable and relatable.

- **Guidance during the placement:** Counsellors were assigned to assist students on placement days, providing support tailored to their immediate needs. This initiative aimed to help students manage anxiety, cope with the pressures of the day, and perform at their best during the placement process.

Operations under BSW:

- **Tour of Stalls:** An event at which all the board and clubs set up their stalls to give a brief introduction to the club to the freshers. The event played a significant role in fostering early connections within the student community, offering a welcoming and informative environment that encouraged freshers together involved and discover their interests beyond academics.
- **STIC Dinner:** The STIC Dinner was organized with the aim of fostering meaningful interaction and a sense of camaraderie between students and faculty members in a relaxed and welcoming setting. Coordinated by BSW in collaboration with BHM, the event was conducted across all 15 hostels over a span of three days in both semesters. The initiative contributed significantly to strengthening student–faculty relations and enhancing the overall academic and social environment of the campus.
- **UG & PG Orientation:** The Board ensured that all students have a positive and successful transition to their studies. During the UG/PG orientation, the Board implemented several initiatives which aimed at providing all the necessary support to students. It made sure that students get all support during the admission process. A welcome desk was set up in each hostel to assist with the hostel registration process for the students and hostel orientations were conducted wherein the representatives addressed all the queries of students and parents. Also, to make sure that students get all the necessities such as blankets, mattresses, and cycles, camps were organized. Two camps were set up, one in Nalanda Ground and another in Kailash Ground for the convenience of all students.
- **SPERENZA:** BSW's annual fest Speranza was a huge success with record levels of footfall and the overall excitement in the campus was unmatched. We hosted a variety of events with Treasure Hunt, IPL Auction, Jeopardy, Mr. and Ms. Freshers and Prom Night, being among the notable ones.
- **SUIT CAMP:** As the placement season approached, BSW organized the Suit Camp for 3 days to prepare students for professional interviews and networking opportunities. The event provided guidance on appropriate formal attire and grooming, helping students transition from casual to professional dressing.

2. NATIONAL SERVICE SCHEME (NSS)

The National Service Scheme IIT Delhi, with a volunteer base of over 2000+ students and faculties, believes in growing together with society. With a vision of growing alongside society, it focuses on instilling empathy and social responsibility among its volunteers through active community engagement. The core mission of NSS IIT Delhi is to encourage students to contribute to nation-building by participating in meaningful events and impactful projects to uplift communities in and around the IIT Delhi campus. NSS has currently over 30 projects in various domains given below:

Education Domain

This year we reached out to 1000+ students from class 3rd to 12th and adults as well for teaching and mentoring them through our projects. The entire mode of teaching and conducting activities was shifted to offline mode. A glimpse of all the projects:

- **Vidya Teaching Project:** it is a joint initiative of NSS IIT Delhi and VIDYA NGO aimed at providing quality education to underprivileged students and adult beneficiaries. The project is being carried out at Kendriya Vidyalaya, IIT Delhi Campus, to ensure consistent academic support through structured teaching. This project goes beyond academics to nurture holistic growth through engaging activities like games, singing, poetry, and art, helping students relieve stress and strengthen teacher-student relationships to create a more supportive learning environment. This year the volunteers conducted over 450+ classes and contributed more than 800 hours of educational support.
- **Munirka project:** This initiative in Munirka and Vasant Kunj, where we teach at Samadhan NGO for the upliftment of the slum community by making it self-reliant in various spheres with a focus on children in the community. Teaching classes along with some extracurricular activities are arranged that help in the overall development of the kids.
- **Bachpan Project:** We teach young children fundamental subjects with one-on-one instruction. The project provides quality education and mentorship to children, primarily from the families of non-teaching staff, house helps, and security guards on campus.
- **Staff Teaching:** The Staff Teaching Project under NSS, IIT Delhi, helps IIT Delhi staff improve their spoken English. This year, we introduced the Buddy System, where each NSS volunteer mentored 3-4 staff members for personalized learning. The idea was to provide them with individual attention and better learning support.
- **Jyoti teaching project:** This project aims to make visually impaired students independent by providing them personal, academic, and emotional assistance to make them realise their potential. NSS volunteers regularly classes for 20+ students from NAB RK Puram and are also provided with teaching assistance. we helped to provide 40+ scribes for school-level, competitive and recruitment examinations.

- **Unnat Bharat Abhyan:** Social Innovation Cell is a blend of two terms each of us relates to: Society and Innovation. As college students, we aim to inculcate a sense of understanding among our fellow students to innovate technologically for the betterment of society. We undertake projects and work on them, implementing them to further bring change for the betterment of society.

Environment Domain

Animal Care:

- Through a wide range of volunteer-driven initiatives, the animal care project provides support to stray animals by ensuring medical treatment, sterilization, regular feeding, water supply, and protection from extreme weather conditions on campus. Volunteers also advocate for adoption through awareness posts and work on sustainable solutions.
- To promote awareness, a trip to Friendicoes animal shelter was organized and an animal first-aid workshop for treating injured animals was conducted for volunteers. This humane and uplifting trip strengthened the bond between students and the voiceless, creating deeper awareness and kindness toward animals.
- **Cat Sterilization Drive:** to ethically manage the stray cat population, NSS IIT Delhi partnered with Neighbourhood Woof NGO to plan a campus-wide sterilization drive.
- **Adoption Posts (Yearlong):** To give stray animals a loving home, NSS volunteers created and circulated adoption posts across campus and social media platforms. These efforts not only led to successful adoptions but also nurtured a culture of responsible pet ownership.
- **Climate Crusade:** Climate Crusade is an initiative taken by NSS IIT Delhi to tackle Climate Change and to spread awareness and sensitize people towards this topic via social media and through activities like installation of Cloth collection bins awareness sessions on textile waste, sustainable fashion, and the impact of fast fashion on the environment in collaboration with Respun. More initiatives like Paper Collection Drive are held to promote sustainability through recycling while supporting animal welfare.

Society Domain

- **Know Your Rights:** KYR aims at spreading awareness about government schemes among underprivileged workers. We conducted two sessions: one for security guards in two slots (morning and evening, around 200 per slot) on Independence Day at Biotech Lawn, and another for sanitary workers (around 250) on Republic Day at the sanitation office.
- **Old Age Home:** Through this project, we want to make the students realize how blissful it is to bring a smile to someone's face just by spending some time with them. Six visits were conducted to provide emotional support and companionship to elderly residents.

- **Samiksha:** Through this project, we try to analyse and sensitise people about questionable stereotypes and notions relating to gender and sex. We initiate discussions on topics like equality, stereotypes, and discrimination based on gender identity and sexuality. Various activities held- Pride Journaling was organized where volunteers wrote a journal about their favorite personalities from the LGBTQI+ community. Conducted- Mardon Wali Baat, a 2-day workshop based on 'gender, masculinities, and relationships,' in collaboration with IGES and YP foundation. An article writing competition on transgender people in Ancient India, where volunteers wrote about the situation and roles of transgender people in ancient India and some more activities.
- **Poshan:** Collaborated with RAHI NGO and we hosted four high-energy meal packing events, where volunteers packed meals for over 5,000 people in just 2 hours. This initiative demonstrated the power of teamwork and the commitment of our community to combating hunger and promoting nutrition awareness.

Innovation Domain

- **Navyukti:** We aim to apply technical knowledge and design new techniques to provide innovative solutions for the problems faced by society and for the conservation of resources.
- **Prayatna NGO:** Unlike typical tutoring, here we focus on advanced topics like Arduinos, circuit simulations, and Scratch programming. Students even build working science models at the Prayatna centre!
- **Svatanya:** Svatanaya is a social consulting project under the Innovation domain, in collaboration with BnC IIT Delhi. The initiative supported SVATANAYA, a social enterprise that empowers underprivileged women through upskilling and handcrafted product sales via platforms like WAC, Zwende, and Gharobaar.

Health Domain

- **Jeevan:** It aims to promote blood donations and to spread awareness about health-related issues so that people can have a better "Jeevan".
- **Gaanth pe Dhyaan:** NSS IITD, in collaboration with Tata Trusts, conducted an informative session on breast cancer titled "Gaanth Pe Dhyān." The session featured insightful talks by Vanessa Damania and Dr. Aditi Chaturvedi, who shared valuable information on breast cancer detection and prevention.
- **Nukkad Natak:** The NSS IITD team, in collaboration with BloodConnect from IIT Delhi, conducted a Nukkad Natak program for students which aimed to address and clarify common myths about blood donation, explain its benefits, and emphasize its importance through a dramatic performance.
- **Blood Donation Camp:** On the occasion of Independence Day, Republic Day and Bheem Saptah, the NSS IITD, in collaboration with Blood Connect, organized a highly successful Blood Donation Camp

to commemorate India's public days. The camps witnessed an overwhelming response from students, faculty, and staff, who came forward to donate blood.

- **Cramps to Champs:** In collaboration with the Pinkishe Foundation, organized Cramps to Champs, an event aimed at fostering empathy and understanding around menstruation.
- **Organ Donation Awareness Session:** An impactful awareness session on Organ Donation, aiming to sensitize students about the importance, process, and misconceptions surrounding organ donation. The session featured insightful talks from medical professionals and experts in the field, encouraging attendees to consider organ donation as a noble act of saving lives.
- **Thalassemia Checkup Camp:** NSS IIT Delhi organized a Thalassemia Checkup Camp on 26th January to raise awareness about the genetic disorder and encouraged students to get tested in collaboration with the Rotary Club. The camp aimed to promote early detection and preventive measures.
- **Revive: CPR Awareness and Training Session:** NSS IIT DELHI, in collaboration with Rotary Club, Blood Connect, and Ayushman Hospital, conducted an informative session on the importance of CPR and gave training as well.

Mental Health: Under the Mental Health project, we try to spread awareness about mental health problems and diminish the stigma around them. We also conduct webinars and events for the same cause-

- **Happy Cards Distribution:** Distribution of motivational and uplifting cards across campus. To publicise the importance of healthy mental well-being and provide help for the same.
- **Million Minutes of Happiness Series:** Campaign to promote well-being through shared experiences.
- **Regular Visits to Dnip Care:** Volunteers visit Dnip Care regularly to provide emotional support and companionship.

Miscellaneous

- **Internships:** In this project, we partner with numerous NGOs to offer students enriching internship experiences. During their summer and winter breaks, participants engage in meaningful social service activities across various domains.
- **Unnat Bharat Abhiyan:** it's a flagship programme of the Ministry of Education (MoE), inspired by the vision of transformational change in rural development processes by leveraging knowledge institutions to help build the architecture of an inclusive India. This year we had a trip to Haridwar- visited Peeli Padav village where Gram Pradhan provided valuable insights into the functioning of the panchayat system and addressed the students' queries regarding its operations and the challenges faced at the grassroots level. This encouraged the students to become problem-solvers and actively contribute to rural progress.

- NSS IIT Delhi organized to celebrate Raksha Bandhan with our nation's heroes where we visited Army Cantonment, tying rakhis and sharing handmade cards with soldiers. The heartfelt exchange honored the festival's spirit and the selfless service of our nation's heroes.
- **Special talk on Evolution of Indian Constitution:** The session was inaugurated by Sh. Manoj Tiwari highlighted the role of the Indian Constitution in shaping the nation's democratic framework. Dr. Sasmit Patra then delved into the process of constitutional amendments and how they reflect the evolving socio-political landscape of India. Dr. Seema Kaul Singh provided an in-depth analysis of the historical context.
- Akshaya Patra Mega Kitchen and Cow Habilitation Center: organized a memorable one-day visit to Jaipur, where participants explored two exemplary facilities. The visit aimed to provide insights into large-scale community service operations and sustainable practices, leaving participants inspired by these impactful initiatives. Participants explored the biogas plant, milk production unit, ICU, and hospital for cows and experienced the unique cow safari. The center's holistic approach to supporting over 18,000 cows showcased compassion, sustainability, and innovation.
- IGES JEE Open House: NSS hosted its annual counselling session targeted at female and disabled candidates who qualified for the Joint Entrance Examination (Advanced). The event aimed to foster diversity and gender equity at IIT Delhi, encouraging these candidates to consider enrollment. During the session, participants received valuable insights into the various departments and had their general questions about campus life at IIT Delhi addressed.
- Midnight March for Freedom and Unity: Midnight March to honor the spirit of freedom and unity as we pay tribute to the countless sacrifices made for our independence. This march is not only a commemoration of our past but also a celebration of our shared commitment to a brighter, more unified future.

KAIZEN 2025

Kaizen, the annual social festival of NSS IIT Delhi is a platform to recognize the continuous improvements in our society initiated and accelerated by the combined efforts of all socially motivated student bodies and NGOs across India and abroad. One of the highlights of Kaizen 2025 was its extensive lineup of competitions, each designed to engage participants in addressing real-world challenges through creativity and collaboration. Various events held are-

- **IG 4.0** - challenged teams to propose tech-based social solutions, while Safarnama, an inter-NSS cultural competition, showcased storytelling and musical talent across colleges.

- Case-a-thon / Case Samadhan invited participants to tackle case studies on themes such as blood donation, complete with online judging rounds.
- Meme Masters Madness, a creative meme-making contest with themes linked to Kaizen's social mission.
- Satirical Spardha encouraged participants to deliver socially relevant satire, while Hackathon 404 presented a coding challenge centered on real-world social problem statements.
- Kaizen 2025 curated a rich mix of thought-leadership, wellness, and storytelling sessions. "Navotkarsh: Awakening the Youth" inspired young minds to take initiative, while "Catalysts for Change" showcased inspiring narratives of social transformation. "Asamaniyas Drama" and "Beyond Limits: Turning Passion into Success" highlighted personal journeys of overcoming adversity. Sessions such as "LBSNAA Diaries: The UPSC Samvaad" and "Beyond the Headlines: Untold Stories That Shape Our World" provided insight into public service and journalism. "From Footpaths to Future" and "Reboot Your Mind: Navigating Life with Mental Clarity" addressed personal growth and mental well-being. "Cyber Shadows: AI's Hidden Role in Digital Crime" explored the intersection of technology and ethics. Tributes like "Whispers of the Mountains: Chipko Movement Tribute" rekindled awareness of environmental activism, while "Balancing Modern Life with Inner Peace" emphasized mindfulness. Closing sessions such as "Operation Secrets," "Mindset of a Winner," "Natural Intelligence: Finding Balance in an AI-Driven World," "Cramps to Champs," and "Samapan Samaroh" underscored Kaizen's commitment to holistic development.
- In the realm of Outreach and Collaborations, Kaizen integrated external partnerships and institutional tie-ups to expand its reach. Collaborations included Gleamdiva Modeling Academy x EnVogue for fashion coordination, IngeniousGeeks for science-based educational sessions, and Safarnama for pan-college cultural exchange. Health outreach camps in association with EyeCheck and BloodConnect extended essential medical resources to underprivileged communities. Institutional outreach visits and promotional tie-ups were conducted at Vivekananda College, IIT Delhi, and DTU. Cross-campus engagement was further enhanced through Open Mics, Quizzes, and the Campus Ambassador Program (CAP). Media and Publicity Initiatives included coordinated offline/online campaigns—posters, stickers, and "Happy Cards" distributed across hostels—alongside countdown reels.
- Health and well-being were integral to Kaizen 2025's outreach efforts. Health Checkup Camp, Eye Checkup Camp, and Ear Checkup Camp provided free basic medical screenings to campus residents and local community members. The Mind Spa – Mental Health Zone offered guided relaxation and stress-management activities. Waste WoWo Bingo – Sustainability Game educated participants on waste management through an interactive format. The Know Your Rights (KYR) Camp raised awareness of legal entitlements and civic responsibilities, while Earthen Expressions – Pottery Workshop

encouraged creative expression and hand-eye coordination.

- Kaizen's mascot, "Bloom the Sapling," symbolized growth, positivity, and nurturing change. Mascot visuals were prominently featured across digital and print media, reinforcing brand consistency and the fest's overarching ethos of community-driven transformation. In conclusion, Kaizen 2025 served as a vibrant platform that united service with creativity—hosting over twenty-five events and competitions, forging extensive collaborations, and mobilizing enthusiastic volunteerism.

3. NATIONAL CADET CORPS (NCC)

The National Cadet Corps is an organization aiming at the development of leadership, character, comradeship, and spirit of sportsmanship and the ideal of service, among the youth in educational institutions. The motto of NCC is "Unity and Discipline".

- The NCC unit at IIT Delhi affiliated to 3 Delhi Battalion NCC. The NCC unit IIT Delhi organized the following activities during the preceding year:
- Regular training in foot arms and ceremonial activities.
- Regular parade drills.
- Parade on Republic Day, where the Director of IIT Delhi undertook the inspection of the NCC cadets.
- Award for the Best Cadet and the Most Disciplined Cadet and Commander were conferred to three of the cadets.
- A winter camp was organized on the IIT Delhi premises in December that involved weapons training, map reading activities, physical fitness and hygiene, firefighting lectures. Cadets were sent to attend annual training camps that were organized by 3 Delhi NCC Battalion, outside the IIT campus, and the cadets participated with full enthusiasm and zeal. Some cadets were given preparation guidelines for the B and C- Certification examinations which they plan to undertake in the current year.

4. COUNSELLING SERVICES (CS)

The aim of Counselling Services (CS) is to support the students to enhance their efficiency and output to perform better and to cope with various distresses they experience and to address and satisfy issues of parents regarding their wards and addressing problems of any IITD faculty and staff as per their requirement. The primary problems that individuals come up with that disturb the individual's emotional, psychological, mental and physical well-being, thus leading to poor coping are as stress and anxiety, academic concerns, depression, eating disorders, anger and low self-esteem, adjustment problems (at personal, family, friends and social levels), relationship issues, peer pressures, time management, coping with issues, problem solving, decision making, personality orientation of self and that of others (social schemas), interpersonal and Intrapersonal

communication skills, addictions (smoking, alcohol, drugs, video gaming), cyber bullying, somatoform disorders, issues pertaining to body image and sexuality amongst many others. Counsellors address the problem followed by support through psychological therapies and assessment and if needed then referrals to a psychiatrist and other medical intervention. Counseling in CS involves therapies based on cognitive, behavioral, rational, emotive, supportive, existential and interpersonal and intrapersonal and personality domains of an individual.

Counselling Services (CS) activities: for the wellbeing of students, online sessions and orientation sessions are conducted with first year students. Hostel wise also BSW student representatives carry out sessions with the help of In-House Counsellors for immediate, better, easier, and efficient access to Counseling Support within the Hostels.

Group sessions in hostels were held and orientation sessions were held for the UG and PG Students.

In this year total of 445 new students came in for counseling and a total 2449 follow ups took place in the past year till March 2024.

Some major developments:

- The strength of the Counseling team from 04 Counsellors has increased to 11 Counselors. This includes 02 Permanent Counsellors, 05 Contractual Counsellors and 04 Counsellors from Disha Kiran who provide us with 02 Day Hostel Counsellors and 02 Night Counselors, which has made the Counselling services accessible in the night as well covering 10 PM to 6 AM from Wednesday Nights to Sunday Nights. Thus the services now open at 7:30 AM till 8 PM (Day Duty Shift Counsellors) and Night Duty Shift Counsellors from 10 PM to 6 AM.
- A psychiatrist in the Institute Hospital is made available for immediate psychiatric support and assessment to the student.
- We have tied up with several Hospitals starting from October 2023 to provide extra Psychiatric/ Psychological support to our students on an urgent basis and support them to get quick access and choice of meeting counselors other than the Institute ones in case needed with first session being free of cost for the students and Institute bears the cost.
- We have also started the Online Appointment Booking of two sessions per counsellor per day opening per week, Mondays to Saturdays between 9 AM to 7 PM via the BSW Portal for Counseling Services.
- For proper communication and support within the Institution Departments to help students suffering from any kind of psychological issue, provision of official break has been created, which helps students to take a break, get proper mental health support and assessment done.

5. STUDENT-TEACHER INTERACTION COUNCIL (STIC)

STIC (Student-Teacher Interaction Council) makes funds available for Student-Teacher Interactions organized by individual faculty or departments for their respective courses. They also organize other events involving students and faculty for various courses.

STIC-Dinner

The STIC Dinner is an event whose purpose is to promote interaction and camaraderie between students and teachers by creating a convivial atmosphere. The event got arranged by the BSW in collaboration with BHM and was conducted across all 15 hostels spanning around three days. Two STIC Dinners were held, from 14-16 October 2023 and from 11 March to 13 March 2024 on the second sem for smoother and more frequent interaction. It provided an opportunity to both undergraduate and postgraduate students to engage in constructive dialogue with professors.

6. NATIONAL SPORTS ORGANIZATION (NSO)

NSO is a classification in the scheme of education formulated in furtherance of setting a climate of sports consciousness and improvement of physique among the youth during their period of education. Sports is included in the curriculum at IITD.

The National Sports Organization, presently with over 2500 registered B.Tech. students, is aimed at fostering a sports-conscious environment and promoting physical fitness among young people during their academic years. At IITD, sports are included as a part of the curriculum.

7. CO-CURRICULAR AND ACADEMIC INTERACTION COUNCIL (CAIC)

The council is a joint committee of undergraduate students, postgraduate students and faculty that provides feedback to the Board of Undergraduate Studies on all academic and allied matters. By means of suitable dialogues with appropriate authorities, it also tries to solve local as well as general problems of students that are co-curricular and academic in nature.

Academic Outreach

ACADEMIC OUTREACH AND NEW INITIATIVES

The Academic Outreach Initiatives at IIT Delhi attempts at building meaningful interfaces with academic peers and the society at large. IIT Delhi has introduced academic outreach activities in a major way for reaching out to schools and colleges in its immediate vicinity as well as nationally. Prof. Shilpi Sharma (Associate Dean Academics (ONI)) is the Faculty Incharge of Academic Outreach and New Initiatives office. Earlier Prof. Subodh Sharma was the Faculty Incharge.

Activities under office of Academic Outreach and New Initiatives:

Inauguration of third batch of STEM Mentorship Program

IIT Delhi has proudly inaugurated the third batch of its esteemed STEM Mentorship Program tailored for high school girls in Classes 9 and 11 on 14th May 2024. The 100 promising candidates were chosen for the third batch from Delhi Government Schools, Kendriya Vidyalaya Schools (Delhi-NCR region), and private schools.

Conclusion of the third batch of its flagship initiative, the STEM Mentorship Program for High School Girls

IIT Delhi proudly celebrated the successful conclusion of the third batch of its flagship initiative, the STEM Mentorship Program for High School Girls, during its Winter phase.

The Sci-Tech Spins- A Series of Weekend Seminars & Laboratory Demos for High School Students from classes 9th - 12th

This series welcomes high-school students to its weekend Science and Technology seminars delivered by our faculty members engaged in cutting edge research in science and allied fields, these lectures, accompanied by lab demos, promise to take students on short, but riveting spins into the fascinating world that surrounds us. Under this program total 24 lectures were delivered till March 2025, out of which total 5 lectures were delivered in year 2024-25. The details are below:

S. No.	Date of Lecture	Name of Expert Speaker	Topic
1	19/04/25	Prof. Rohit Vaish	Fair Division and Cake Cutting
2	18/01/25	Dr. Ritabrata Thakur	Earth's oceans: The physics behind their might
3	09/11/24	Dr. Dhiman Mallick	Tiny Machines on Chip: Exploring the World of MEMS Sensors
4	21/09/24	Prof. Ankesh Jain	Circuit design: A blend of art and science
5	27/04/24	Prof. Suryanarayana Vikrant Karra	Materials Engineering Perspectives on Electrochemical Energy Storage Systems

Institute Lecture Series

IIT Delhi under the Dean Academics office had started the Institute Lecture Series initiative since last many years wherein leading national and international scholars, professionals, world leaders and intellectuals who have made significant contributions to academia and society have delivered talks. This year total eight lectures were delivered. The details are as below:

S. No.	Expert's Name	Title of Lecture	Date of event
1	Prof. John Gero, Research Professor in Computer Science and Architecture at the University of North Carolina	Inside the Minds and Brains of Designers: The Cognition and Neurocognition of Design	19.09.2024
2	RRG Memorial Oration on Science, Technology and Human Values" by Prof. Rajeev Sangal, Professor Emeritus, IIIT Hyderabad	AI, Human Consciousness and Human Society	16.10.2024
3	Prof. Bhim Singh, Emeritus Professor at IIT Delhi	Renewable Energy-A Sustainable Solution for Humanity	12.11.2024
4	Dr. Ingrid Daubechies, James B. Duke Professor Emeritus of Mathematics and Electrical and Computer Engineering at Duke University USA	Mathematicians helping art historians and art conservators	15.01.2025
5	Prof. Katrianne Lehtipalo, University of Helsinki, Finland	Advances in Understanding Atmospheric Aerosol Formation: From Molecular Scale Reactions to Global Impacts	12.02.2025
6	Prof. Geoffrey Rockwell, from the University of Alberta	What is so Responsible about Responsible AI?	19.02.2025

Academic Visits

In these visits, students of various national and international schools, colleges & University interacted with IIT Delhi faculty and students. A small campus tour was also organised including visiting laboratories. The details are as below:

S. No.	Name of the organisation	Program	Date	Remarks
1	Japanese Educator Meet	Interaction by Prof. Rajendra Dhaka, GATE Chairman	21.08.2024	13 educators from prestigious schools in Japan
2	Various schools of Tokyo & Suncity School, Noida	Interaction by Dr. Akash, IHFC & Lab visit	21.08.2024	15 Japanese students & 15 Indian Students
3	Shibuya Junior and Senior High School & Makuhari Junior and Senior High School & Vasant Valley School	Prof. Rajendra Kumar, Department of Mathematics & Lab visit	23.08.2024	30 Japanese students & 30 Indian school students
4	Exposure Visit of Japanese School Students to India, INSPIRE – MANAK Department of Science and Technology	Prof. Subodh Sharma, Department of Computer Science & Lab visit	27.08.2024	12 Japanese students with their officials

5	Kerala Agricultural University, College of Agriculture, Vellayani, Thiruvananthapuram	Prof. Preeti Shrivastava, DBEB & Lab visit	05.11.2024	41 students of B Tech Biotechnology
6	Nishiyamato Gakuen High School, Japan	Prof. Abhishek Iyer, Department of Physics & Lab visit	07.11.2024	105 Japanese school students
7	Ritsumeikan Hatsushiba High School, Japan & St. Andrews Institute of Technology & Management (SAITM), Gurugram	Prof. Subodh Sharma, Department of Computer Science & Engineering & Lab visit	12.11.2024	12 Japanese students & 150 Indian students
8	TM International School Bharatpur Rajasthan	Student's interaction & Lab visit	13.11.2024	50 students
9	UP School students- Exposure visit	Student's interaction & CRF visit	20.11.2024	50 students
10	79th Know India Programme (Participants were Journalists from various countries)	Prof. Tarak Karmakar, Deptt. of Chemistry & Prof. Charu, Deptt. of Design) & Lab visit	02.12.2024	27 Journalists
11	Army Good will School, Drunk padma School, Mahabodi Resident School, Rigjung ladhakh public, Jawahar Navodaya Vidya layaway and Lamdon senior secondary school (Army Schools, Ladakh) under National Integration Tour	Students intraction and CAIC clubs visit	05.12.2024	25 students
12	Topper students of Uttarakhand Schools	Campus Visit	11.12.2024	38 students and 5 teachers/principals
13	PM Shri KV No 2 Delhi Cantt. School	Various Labs visit	12.12.2024	50 students
14	Toshimagaoka Joshi Gakuen, Mesei High School, Uttam School for Girls 7 The HDFC School, Gurgaon	Prof. Sampa Saha & Lab visit	20.12.2024	30 Japanese and 30 Indian students

Special events

Special Address by U.S. National Security Advisor at IIT Delhi (January 06, 2025 | IIT Delhi)

Mr. Jake Sullivan, U.S. National Security Advisor, delivered a special address at the Indian Institute of Technology Delhi. The event, hosted by IIT Delhi's Office of Dean Academics (Outreach and New Initiatives), focused on Indo-U.S. relations and the role of technology and academia in shaping a shared future between the two nations.

Panel discussion with Dr. Yann LeCun, Meta's Chief AI Scientist (October 24, 2024 | IIT Delhi)

Dr. Yann LeCun, Meta's Chief AI Scientist and a pioneer in Artificial Intelligence, participated in a panel discussion at IIT Delhi on October 24, 2024, laying out his vision for the future of AI and its intersection with human capabilities. During the panel discussion titled 'From Neural Mimics to Smart Assistants - A Journey into AI's Next Frontiers',

Address by Mr. Amandeep Singh Gill, UN Under-Secretary-General and Secretary-General's Envoy on Technology (January 8, 2025 | IIT Delhi)

Mr. Amandeep Singh Gill, UN Under-Secretary-General for Digital and Emerging Technologies and Secretary-General's Envoy on Technology, visited the Indian Institute of Technology Delhi (IIT Delhi) on January 8, 2025, and delivered a talk on 'UN@80: New Direction for Technology Governance'. Mr. Amandeep Singh Gill spoke about technology and artificial intelligence (AI) governance.

Canva Co-Founder Visit to IITD (February 12, 2025)

The Canva Co-Founder Mr. Cameron Adams visited to IIT Delhi and a fireside chat with Prof. Sourabh Tewari, Department of Design was an exciting and interactive event, where students had the opportunity to engage with a key industry leader. The event focused on entrepreneurial insights, innovation, and career opportunities in the digital design industry.

Released a Research Impact Report (January 27, 2025, IIT Delhi)

On January 27, 2025, IIT Delhi released a 'Research Impact Report' to mark the Institute's 67th Foundation Day. The Research Impact Report talks about the Institute's contribution to nation building through various research and innovations in last seven years by IIT Delhi faculty and students.

Haryana Faculty Exposure Visits

IIT Delhi hosted a group of 170 teachers from various technical institutions across Haryana on 10th and 11th February 2025 as part of a series of visits under the 'Faculty Exposure Visit' programme by the state government. Haryana's Education Minister, Shri Mahipal Dhandha, launched the programme.

International Visits

Visit of German Delegates from Humboldt Foundation (March 19, 2025)

An interactive and in-person session with the Alexander von Humboldt (AvH) Foundation from Germany was organised. The event aimed to connect our academic community with the AvH Foundation, Germany, especially to apprise about the different fellowship programs and awards sponsored by the AvH Foundation and, broadly, about the scopes of higher education and research stays in Germany.

Meeting request of Infotér from Hungary (March 19, 2025)

The delegates from IT Pro Society Association (Infotér)* were visited IIT Delhi for the discussion to collaborate in the field of IT and telecommunications sectors.

New Initiatives

Open House organised on June 15, 2024 for All JEE (Advanced) 2024-Qualified (15th June, 2024|IIT Delhi)

The Open House aimed to provide JEE (Advanced) qualifiers with an opportunity to engage one-on-one with Deans from various divisions, including Academics, Student Affairs, and Diversity & Inclusion. Faculty members from both the Delhi and Abu Dhabi campuses were available to address queries. Attendees gained insights into academic programs, career prospects, and available scholarships. Interaction with current students will offer a glimpse into campus life and the supportive community. The day also featured a guided tour of the IIT Delhi facilities, including hostels, eateries, and research and teaching infrastructure.

Anveshan: Innovation and Exploration Across Disciplines

IIT Delhi to Organise an Insightful Event, “Anveshan: Innovation and Exploration Across Disciplines”, for Undergraduate and Postgraduate Students, Showcasing Curriculum, Research, and Campus Life. This event is specifically intended for UG and PG students who are interested in pursuing higher education or research at IIT Delhi. It is an excellent opportunity to explore the academic and research environment, understand the admission process, and interact with faculty and current students.

Aarogya: Health Lecture Series (20th March, 2024| IIT Delhi)

To promote healthier lifestyles in IITD community, IITD Hospital and Academic Outreach office have constituted a health lecture series, called Aarogya. In the inaugural talk under this series, scheduled for 20th March 2025, Dr R. P. Mathur, Senior Consultant & Head of Nephrology and Kidney Transplant at ILBS Hospital New Delhi delivered a talk on “Protect Your Kidneys to Save Your Heart”.

Inauguration of Chidambaram Memorial Lecture Series (February 28, 2025)|IIT Delhi)

On the occasion of National Science Day on February 28, 2025, IIT Delhi launched the Chidambaram Memorial Lecture Series, in the loving memory of late Dr. R. Chidambaram, a renowned scientist and former Principal Scientific Adviser to the Government of India; former Secretary, Department of Atomic Energy; former Chairperson, Atomic Energy Commission, & former Chairperson, Board of Governors, IIT Delhi. The inaugural lecture series was then unveiled by Sri. K. N. Vyas, Former Chairperson, Atomic Energy Commission, and Former Secretary, Department of Atomic Energy (DAE).

Events on Women Leadership and Contribution

International Women's Day Celebrations (March 7, 2025)

International Women's Day was celebrated on 7th March 2025 to celebrate the International Women's Day. This included an excellent talk titled "Holding up Half the Sky" by Dr Soumya Swaminathan, Chairperson, M S Swaminathan Research Foundation. The afternoon witnessed an informal discussion session "Baaton Baaton Mein", where students, staff, and faculty (across gender) came together to openly narrate their stories, discuss challenges, and deliberate. Some important announcements were made to celebrate the day, including, Launch of Women of Impact at IIT Delhi, Awards Scheme for funding for IITD women working in AI and Robotics by IHFC.

Women Leadership programme at IIT Delhi (January 30, 2025)

IIT Delhi in the collaboration with Biotechnology Industry Research Assistance Council (BIRAC) and Womenlift Health organised a Women Leadership programme. A panel discussion on Thriving in Innovation and Entrepreneurship was held as part of the event.

CONTINUING EDUCATION PROGRAMME

CEP unit of IIT Delhi is supporting and conducting several prestigious training programmes/ activities for various Ministries of Government of India, Public Sector Units, and Corporates, and Working Professionals. The following activities are operationalized by the CEP unit in the year 2024-2025. A total of 91 programmes were conducted in which around 5410 participants were benefited/trained during FY 2024-25.

The major activities of the CEP unit are given below:

1. Continuing Education Programme (CEP)

CEP is an initiative of IIT Delhi which aims to cater to the training and development needs of the working professionals, and enables them to build unique skills, capabilities and knowledge to manage complex challenges, meet operational and strategic needs, and enhance competitive advantage. This initiative primarily constitutes

- i. Online CEP Certificate Programmes (eVIDYA@IITD)
- ii. Sponsored Certificate Programmes for Industry/ PSUs/ Corporates
- iii. Summer Faculty Research Programme

Table 1: CEP Certificate Programmes Conducted in FY 2024-25

Programme Type	Number of Programmes	Number of Participants
Online CEP Certificate Programmes (eVIDYA@IITD)	44	3718
Sponsored Certificate Programmes for Industry/ PSUs/Corporates etc	47	1692
Summer Faculty Research Fellow (SFRF) Programme	20	98
TOTAL	111	5508

1.1 Online CEP Certificate Programmes (eVIDYA@IITD)

Scope of the online CEP Certificate Programme is to cater to the needs of Industry, Open participants at National and International levels. eVIDYA@IITD is an initiative of IIT Delhi for delivering knowledge using Virtual and Interactive platform for Driving Youth Advancement. This initiative enables IIT Delhi to reach out to a wider audience to fulfil their training needs. These Online Certificate Programmes are primarily for the open enrolment participants working in different organizations. These programmes generally run for 6 months during weekends. IIT Delhi has conducted 44 such programmes.

1.2 On campus/ Sponsored Certificate Programmes for Industry/ PSUs/Corporates etc.

Besides the open enrolment certificate programmes, CEP also deliver custom-made sponsored programmes in a wide variety of expertise areas, to help shape or transform organizations and professionals. Tailored as per the specific training needs and objectives of an organization. The custom-made programmes are the perfect tool to strengthen the technical and leadership skills and expertise of the professionals of these organizations. In FY 2024-25, a total of 47 sponsored programmes were conducted for reputed companies/ organizations like Federation of Automobile Dealers Association (FADA), Indian Oil Corporation Limited, Maruti Suzuki India Limited, National Informatics Centre, Office of Comptroller and Auditor General of India etc.

2. Quality Improvement Programme (QIP)

Endeavour to improve the quality of technical education in the country and upgrade the skills of faculty members of the AICTE approved degree-level engineering institutions of the country through degree programmes, and short-term courses. The programme is now being implemented and monitored by the National QIP Coordination Committee (NQCC), funded by AICTE (A Statutory Body of the Government of India).

During the Academic Year 2024-25, a total of 09 on-roll PhD scholars are doing research work under QIP from various AICTE approved engineering colleges across India.

3. Summer Faculty Research Fellow Programme (SFRF)

IIT Delhi is organizing “Summer Faculty Research Fellow Programme” since 2008 under which faculty fellows are invited from various Institutes and Colleges to come and spend the summer pursuing research under the guidance of a faculty mentor of IIT Delhi. The objective is to facilitate and orient the faculty fellows to undertake research. The SFRF programme works as a catalyst for those who are considering higher studies (Masters/ PhD) and to collaborate and utilize the research facilities of IIT Delhi. Table 3 provides the details of SFRF.

Table 3: Details of Summer Faculty Research Fellow (SFRF) in Financial Year 2024-2025

Number of Participants (Faculty Fellow) Joined	98
Number of College Participated	89
Number of State/UT Participated	24
Number of Faculty Mentor of IIT Delhi Involved	62
Number of Academic Entity involved (IIT Delhi)	20

4. Online PG Diploma Programme

The Indian Institute of Technology Delhi (IIT Delhi), a premier institution of national importance and globally recognized for its academic and research excellence, now offers Online Post Graduate Diploma Programmes.

These online diplomas are developed in alignment with India's National Education Policy (NEP 2020), enabling working professionals across the globe to access flexible, high-quality education from IIT Delhi without relocating or interrupting their careers.

The programme blends live instruction, peer-to-peer interaction, and continuous assessments to foster strong academic engagement. Upon successful completion, participants receive official transcripts from IIT Delhi and become part of the Affiliate Alumni network.

Currently three programme are launched for registration:

1. Electric Vehicle Technology
2. Healthcare Product Development and Management
3. Advanced Communication Engineering with Quantum and AI Integration

Infrastructure Development

Infrastructure Development during 2024-25, following projects have been completed:

Nalanda Phase II

Nalanda Hostel Phase-II comprises a total of 142 residential units, including 32 one-room sets and 110 two-room sets, along with two common rooms located on the ground floor. The building has been partially handed over to the Student Affairs Section.

This facility serves as an extension of the existing Nalanda Hostel (Phase-I), and both blocks will be interconnected upon full completion. The hostel structure consists of Ground + 7 floors, designed to accommodate students comfortably.

Each unit is equipped with built-in wardrobes, modular kitchens, quality flooring, and sanitary fittings. Common areas are provided with amenities such as lifts and CCTV surveillance. The two common rooms on the ground floor are intended for recreational activities, alumni interactions, or office use.

Laboratories development in 99B & 99C in Academic Complex East and Academic Complex West

Some State-of-the-art laboratories has been established in Academic Complex East and West during 24-25:

mPRAGATI:

The lab setup by IIT for the ICMR-DHR-MedTech product development acceleration Gateway of India(mPRAGATI) a state-of-the-art facility at 99C- Ground floor. Which is actively used for making customized medical implants and recently its dental implant was used on four patients by clinical team at maulana Azad institute of dental sciences, New Delhi.

Advanced Manufacturing Laboratory-I

Department of Mechanical Engineering at lab no 125, Academic Complex West, IIT Delhi houses state-of-the-art 3D printer, additive manufacturing/3D printing facilities, high power lasers for material processing and advanced material characterization facilities. Dedicated electrical, civil infrastructure required for these high value systems and modular furniture to cater the need of the research and teaching activities was provided by the institute infrastructure team.

Bio Science Laboratory

A well-equipped laboratory setup has been established at the Kusuma School of Biological Sciences, designed to support advanced research and innovation. The facility features state-of-the-art research infrastructure, including specialized equipment for molecular biology, biochemistry, and biotechnology studies. The laboratories are fitted with modern, ergonomically designed lab furniture, ensuring both functionality and safety. In addition, the layout promotes efficient workflow, proper ventilation, and compliance with biosafety standards, thereby creating an optimal environment for high-quality scientific research and experimentation.

Upcoming Projects

Residential Complex R.K.Puram:

A land parcel measuring 2.344 acres was allotted to IIT Delhi on 9th August 2023 and subsequently handed over on 6th November 2023. The development of this site is planned to be executed in two phases.

In the first phase, it is proposed to construct a multi-purpose residential complex to cater to institutional requirements. The master plan for the land parcel is currently under development, and the technical sanction process is in progress. Following approval, the tendering process will be initiated shortly.

The details of the land parcel are provided below for reference.

Proposed Land layout

MITES Ltd. has been appointed as the Project Management Consultant (PMC) for development work of Academic block, new hostels and housing. The construction contracts have been awarded to M/s SAM India Builtwell Pvt. Ltd. and M/s Parnika Construction Pvt. Ltd. for execution of the proposed facilities.

As part of the preparatory phase, the demolition of existing structures, including A-Type Quarters, IP Block-1, IP Block-2, and C-Type Quarters, has been successfully completed. This has cleared the site for upcoming construction activities.

The execution of the following projects is planned to commence shortly, after completion of statutory clearances and mobilization by the contractors. These works form part of the Phase-I development, which aims to create modern, sustainable, and high-quality infrastructure in line with IIT Delhi's campus expansion plan.

Mini Academic Complex

A new academic block is being developed with an approximate plinth area of 45,282.00 square meters, comprising Basement 1+ Basement 2 + Ground + 9 Floors (B1+B2+G+9). The facility is designed to support a range of academic activities and will include classrooms, lecture halls, and multipurpose laboratories.

Specifically, the block will feature 11 lecture room, 8 classroom, 10 conference room/ meeting room, 292 office rooms, 87 multipurpose labs, cafeteria and vehicular parking in the basement.

The design emphasizes functionality, accessibility, and modern educational infrastructure, ensuring a conducive environment for teaching, research, and collaborative learning.

Faculty Housing

IIT Delhi plans to expand its faculty housing facilities with the construction of five new residential blocks, comprising approximately 96 dwelling units. Each block is designed as (S+12), with a solar panel on top.

To meet the parking requirements of residents, the design incorporates a combination of stilt and open parking spaces, providing convenience and accessibility. This development underscores IIT Delhi's commitment to offering comfortable, well-planned, and modern housing, supporting a thriving academic and residential community on campus.

C-Type Staff Housing

This building comprising of 36 Nos C type Quarter (S+12) one tower built up area appx 4700 sqm.

Construction of Boys & Girls Hostels:

Two new hostels are planned following the demolition of IP Apartment and North Avenue Apartment. The demolishment is already completed:

- Boys Hostel: B+G+12 storeys with an approximate covered area of 63,471 sq.m, 1470 Rooms, 39.75 metre high.
- Girls Hostel: B+G+12 storeys with an approximate covered area of 27000 sqm

These projects aim to provide modern, well-planned residential facilities for staff and students, enhancing the campus living experience.

Other Renovation Projects :

Augmentation of drainage services

With the significant expansion of the Institute's infrastructure, the existing drainage system has become inadequate to cater to the increased load. Therefore, the rehabilitation and augmentation of the drainage network have become essential.

Renovation of staff & faculty housing

Institute is regularly upgrading its old housing to make its habitable and safe for the staff and faculty. Presently 36 nos B-type houses and 72 Nos Faculty houses are under upgradation, which will be completed within a year will be allocated to eligible staff and faculty members.

Renovation of Labs & Faculty offices

Institute is regularly renovating and upgrading its old obsolete type labs and faculty offices under various departments in phased manner. Currently 50 to 60 nos labs and 40 -50 nos faculty offices are under upgradation.
